Sathaye, 2015 *Crossing the Lines of Caste* offers a cultural historical analysis of the legends of Visvamitra a sage who is said to have used his ascetic power to change his caste and become a Brahmin It reveals how and why mythological culture has played an active role in the construction of Brahmin social power for more than three thousand years *Rites of the God-King* Marko Geslani, 2018 *Rites of the God King* offers a critical revision of mainstream Hinduism from the perspective of the life of a single ritual from medieval India Drawing theoretical connections to modern ethnographies it raises questions about the nature of kingship and priesthood image worship and ritual change **Hindu Law** Patrick Olivelle, Donald Richard Davis, 2018 An edited collection on the history of law and legal texts in the Hindu traditions *The Wiley Blackwell Companion to Religion and Materiality* Vasudha Narayanan, 2020-04-16 *The Wiley Blackwell Companion to Religion and Materiality* provides a thoughtfully organized inclusive and vibrant project of the multiple ways in which religion and materiality intersect The contributions explore the way that religion is shaped by and has shaped the material world embedding beliefs doctrines and texts into social and cultural contexts of production circulation and consumption The Companion not only contains scholarly essays but has an accompanying website to demonstrate the work of performers architects and expressive artists ranging from musicians and dancers to religious practitioners These examples offer specific illustrations of the interplay of religion and materiality in everyday life The project is organized from a comparative perspective highlighting examples and case studies from traditions originating in both East and West To summarize the volume Brings together the leading figures theories and ideas in the field in a systematic and comprehensive way Offers an interdisciplinary approach drawing together religious studies anthropology archaeology history sociology geography the cognitive sciences ecology and media studies Takes a comparative perspective covering all the major faith traditions **In Praise of Kings** Aparna Kapadia, 2018-05-16 *In Praise of Kings* is a ground breaking study of the long neglected fifteenth century in South Asian history Contrary to the conventional focus on the Delhi centred empires which consider this period as an age of decline this book illuminates the cultural and political dynamism of the era It reconstructs the fascinating world of the royal courts of Gujarat including those of the Rajput chieftains and the regional sultans through close readings of rarely used literary works in Sanskrit and Gujarati The book also complicates another popularly held perception that of Gujarat as the land of traders and merchants Instead it shows how Gujarat's warrior past was also integral to this region's identity and history *The Cambridge Companion to Religion and War* Margo Kitts, 2023-05-11 Why is religion intertwined with war and violence These chapters offer nuanced discussions of the key histories and themes *Indian Modern Dance, Feminism and Transnationalism* Prarthana Purkayastha, 2014-10-29 This book examines modern dance as a form of embodied resistance to political and cultural nationalism in India through the works of five selected modern dance makers Rabindranath Tagore

Uday Shankar Shanti Bardhan Manjusri Chaki Sircar and Ranjabati Sircar **Hinduism and Law** Timothy Lubin, Donald R. Davis Jr, Jayanth K. Krishnan, 2010-10-21 Covering the earliest Sanskrit rulebooks through to the codification of Hindu law in modern times this interdisciplinary volume examines the interactions between Hinduism and the law The authors present the major transformations to India's legal system in both the colonial and post colonial periods and their relation to recent changes in Hinduism Thematic studies show how law and Hinduism relate and interact in areas such as ritual logic politics and literature offering a broad coverage of South Asia's contributions to religion and law at the intersection of society politics and culture In doing so the authors build on previous treatments of Hindu law as a purely text based tradition and in the process provide a fascinating account of an often neglected social and political history **Encounters on the Opposite Coast: The Dutch East India Company and the Nayaka State of Madurai in the Seventeenth Century** Markus Vink, 2015-10-14 In *Encounters of the Opposite Coast* Markus Vink provides a narrative of the first half century of cross cultural interaction between the Dutch East India Company VOC one of the great northern European chartered companies and Madurai one of the great southern Nayakas and successor states of the Vijayanagara empire in southeast India c 1645 1690 A shared interest in trade and at times converging political objectives formed the unstable foundations for a complex relationship fraught with tensions a mixture of conflict and coexistence typical of the age of contained conflict Drawing extensively on archival materials Markus Vink covers a topic neglected by both Company historians and their Indian counterparts and sheds important light on a black hole in South Indian history *Life Stories in Mughal India* Shivangini Tandon, 2025-06-27 Situated at the intersections between history and literature the book explores the life stories written in the Mughal period to recover socio cultural developments in the period It focuses on the genre of life stories and looks at the complex interactions between agency and the ruling structure in shaping historical formations The biographical dictionaries explored in this book highlight the significance of the agency of political actors and the strategies through which the aristocrats and the elites reproduced the political system At the same time these texts are also quite helpful in recovering processes through which the ordinary people in routine everyday forms negotiated with and contested the political system Delving into the life narratives preserved in the tazkiras or biographical compendia this book looks at the household as a political formation and positions the aristocratic households as integral to the reproduction of imperial sovereignty The work also delves into the world of emotions and argues for the need to draw linkages between political developments and shifts in emotions and affect This book will be an essential resource for scholars and researchers of history especially early modern history cultural studies literature sociology South Asian history It will also be of interest to those studying gender and political discourse in early modern South Asia **Appropriation and Invention of Tradition** Nandini Bhattacharyya Panda, 2007-12-26 This book strongly grounded in primary sources makes an important contribution to the intellectual history of early modern Bengal It brings to light the complex interpenetration of diverse interests opinions and ideologies

articulated by various social groups implicated in the process of colonization on the lines of Ranajit Guha's work on property relations in Bengal and Radhika Singha's work on law. There is no comparable work specifically on the subject of Hindu property rights and how these came to be perceived or interpreted in early modern Bengal. The author explores the so-called compendia prepared under British auspices and argues that there was hardly any link between the Smritis and the laws. The latter were determined almost entirely by changing British policy with regard to land revenue and that many of the positive features of Hindu custom like women's rights to property were undermined in the process. Religions of Early India

Richard H. Davis, 2024-11-26. The extraordinary multiplicity of religions and religious cultures in India chronicled over two thousand years. From its earliest recorded history, India was a place of remarkable and varied religious activity ranging from elaborate sacrificial rituals and rigorous regimes of personal austerity to psycho-spiritual experimentation and utopian visions. In this ambitious and wide-ranging chronicle, Richard Davis offers a history of India's myriad religious cultures that spans two thousand years from 1300 BCE to 700 CE. India, Davis writes, was not only the birthplace of the religions we now know as Hinduism, Buddhism, and Jainism. It was also the home of other, often unnamed religions that can be classified as folk or popular religions. Tracing these intertwined practices, Davis shows that the ardent and heterogeneous religious cultures of early India came to define and redefine themselves in relation to one another. Davis recounts this history through voices: voices recorded in hymns, poems, songs, didactic stories, epic narratives, scientific treatises, and theological discourses, as well as voices that speak through material remains, whether monumental sculptures or tiny terracotta figurines of nameless goddesses. He focuses on the long millennium often designated as classical India, which stretches from the time of the founding figures of Buddhism and Jainism during the sixth century BCE through the seventh century CE, dynasties of the Chalukyas and the Pallavas in southern India. Throughout, he emphasizes encounter, interaction, debate, critique, and borrowing among religious communities within a shared, changing social and political reality. The voices and visions of early India's religions, Davis shows us, are fascinating in their multiplicity. **Dowry and Daughters** Anwesha

Arya-Bhattacharya, 2023-05-10. This book studies the relevance of dowry as a customary practice in Indian marriages. It examines the historical articulation between traditional cultural texts and modern statutory law to understand how daughters are valued and how dowry as a custom defines this value. The author creates a conceptual link between modern, medieval, and ancient marriage rites that formulate and embed dowry behaviour and practice within Indian society. This book also provides a critique of the cultural textual tradition of India and South Asia. It asserts for the first time that Vedic materialism is at the core of an adequate understanding of how dowry as wealth comes to occupy such a central position in the field of marriage. An important study into the custom and tradition of South Asia, this book will be indispensable for students and researchers of cultural studies, women's studies, gender studies, religion, history, law, and South Asian studies.
