The Gulf Cooperation And The Council An American Perspective:

The Gulf, Cooperation, and the Council Joseph Wright Twinam, 1992-01-01 This history of the Gulf Cooperation Council after Iraq's invasion of Kuwait highlights the distinctiveness of each of the six member states with particular attention to the American connection to these states U.S.-GCC Relations American Businessmen's Groups of the Gulf Cooperation Council Countries, 1989 Comparative Regional Integration Finn Laursen, 2018-02-06 This title was first published in 2003 After briefly reviewing the basic theoretical stances animating the rest of the proceedings Laursen international politics U of Southern Denmark presents 11 contributions that comparatively review processes of regional integration around the world The Gulf Cooperation Council John A. Sandwick, 2019-06-26 The Gulf Cooperation Council represents both a model of development and unity in the Arab world and a working example of interstate cooperation to other nations In this volume contributors describe the rationale for Gulf unity and cooperation and analyze the financial economic and legal institutions of the GCC member states Saudi Arabia Kuwait the United Arab Emirates Oman Bahrain and Qatar They focus on the GCC's role in maintaining stability in the Arabian peninsula an area that is clearly vital to U.S. interests Contributors pinpoint the essential elements of GCC unity including its efforts to obtain optimum economic self sufficiency to maximize market share and revenue from oil production and to establish an integrated legal framework The GCC's unique security needs given the member states vast combined area and thinly spread populations are also discussed An overview of the strategic interests and policies of both superpowers toward the region reveals a history of decline in their influence and prestige that is a result it is argued of misperceptions and misguided policies Finally documentation and bibliographic sections enhance the book's usefulness as a handbook on the GCC and the Arabian Gulf states *From Alliance to Union* Joseph A. Kéchichian, 2016-05-24 After the conservative Arab Gulf Monarchies Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE joined forces on 25 May 1981 within the Gulf Cooperation Council GCC few fathomed that security requirements on and around the Arabian Peninsula would be so precarious and for so long To answer their search for permanent stability Arab Gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties Several of the monarchies even hoped that coordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation's founding charter Between 1981 and 2015 these Arab Gulf monarchies experienced major socio political transformations resulting from upheavals throughout the Arab and Muslim worlds The perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms In this new study Joseph A. Kechichian provides an evaluation of GCC States military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task Kechichian raises fundamental questions over internal regional and

international threats including an existential challenge emanating from the Islamic revolutionary government of Iran and assesses how GCC professionals may be preparing to tackle them He further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative Arab Gulf regimes can flourish outside an effective alliance The volume concludes with an examination of evolving civil military relations in the GCC States

Gulf Security in the Twenty-First Century Prof. Jamal Sanad Al-Suwaidi, 2014 The connection between regional instability and the preservation of global security is nowhere more sensitive than in the Gulf Events since the 1990 1991 Gulf War continue to confirm the fragile interaction among states in the region and their susceptibility to external forces Gulf Security in the Twenty First Century brings together some of the foremost area experts to explore the most pressing issues including military threats to the region obstacles to economic development and socioeconomic harmonization and challenges to political stability In particular the work examines Iran's often enigmatic foreign policy vis vis its Gulf neighbors Iraq's resurgent military threat choices and constraints confronting US Middle East policy and Europe's inability to identify and pursue a united policy to safeguard its economic interests in the area These topics are further illuminated with an analysis of Russia's historical attempt at balancing foreign policy objectives in the Gulf with its enduring interests in Central Asia The potentially explosive issues of religious radicalism and the challenges of democratic pluralism are discussed in an effort to ascertain the potential of political Islam to disturb or enhance regional security Similarly the problems inhibiting the settlement of territorial disputes in and around the Gulf are brought into focus to illustrate lingering historical tensions among neighboring states To round out the book's topical coverage several contributors shed light on the region's unfettered dependence on foreign labor growing demographic pressures associated social and economic transformations and challenges to responsive public policy

Stephenson, Ala Al-Hamarneh, 2017-07-14 This book examines the challenges facing the development of tourism in the six member states of the Gulf Cooperation Council GCC Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE This region which largely comprises the Arabian Peninsula possesses some of the fastest growing economies in the world and is remarkably unique It shares similar associations and affinities tribal histories royal kinship political associations Bedu cultural roots Islamic heritage rapid urbanization oil wealth rentier dynamics state capitalist structures migrant labour economic diversification policies and institutional restructuring Therefore this volume takes the study of tourism away from its normative unit of analysis where tourism in the region is being examined within the context of the Middle East and the wider Islamic and Arab world towards an enquiry focusing on a specific geo political territory and socially defined region Although international tourism development in the region embodies a range of challenges complexities and conflicts which are deeply contextualized in this volume the approach overall does not endorse the normative Gulf bashing position that has predominated within the critical enquiries in the region It presents a forward looking and realistic assessment of international tourism development examining development potentialities and constructive ways forward for GCC states and the region as a whole This edited volume provides a real attempt to examine critically ways in which tourism and its development intersect with the socio cultural economic political environmental and industrial change that is taking place in the region By doing so the book provides a theoretically engaged analysis of the social transformations and discourses that shape our contemporary understanding of tourism development within the GCC region Moreover it deciphers tourism development's role within the context of the GCC states undergoing rapid transformation urbanization ultra modernization internationalization and globalization In addition to state specific illustrations and destination case studies the work provides insights into relatable themes associated with international tourism development in the region such as tourism's relationship with religion heritage and identity the environment and sustainability mobility and cross border movements the transport industry image production and destination branding mega
