The Hermitage The Biography Of A Great Museum:

The Hermitage: The Biography of a Great Museum Geraldine Norman, 2018
Museum Geraldine Norman, 2018-07-02 The Hermitage Museum in St Petersburg is possibly the greatest museum in the world. It began as a showcase for the art treasures of the Tsars and reflects their legendary extravagance. Imperial romances, marriages and murders all had an impact on the collection as did the byzantine bartering of international politics. Nationalised by the Bolsheviks in 1917, the museum expanded to fill the imperial family's Winter Palace and the three riverside pavilions that were built onto the palace in the late eighteenth century. Vast confiscated collections came the way of the museum as a result of the Revolution, the finest treasures of the Russian nobility as well as two great merchant collections of Gauguin, Matisse and modern masters. The courage and devotion to scholarship of its curators have helped the museum survive the terrible trials of the twentieth century: the exile, imprisonment and execution of many staff during Stalin's purges and extremities of hunger during the siege of Leningrad when 2,000 people lived in a makeshift bomb shelter in the museum cellars. With the 1990s has come a new battle as the Hermitage struggles to survive amidst the economic chaos of post-Communist Russia. This is the first full history of this great museum in any language. It highlights the human adventures involved in the creation and preservation of one of the finest art collections in the world and reveals the hitherto unchronicled dramas of the Communist years. It provides an unusual perspective on Russia's troubled history.

The Empress of Art Susan Jaques, 2016-04-15 A German princess who married a decadent and lazy Russian prince, Catherine mobilized support amongst the Russian nobles, playing off of her husband's increasing corruption and abuse of power. She then staged a coup that ended with him being strangled with his own scarf in the halls of the palace and herself crowned the Empress of Russia. Intelligent and determined, Catherine modeled herself off of her grandfather-in-law, Peter the Great, and sought to further modernize and westernize Russia. She believed that the best way to do this was through a ravenous acquisition of art, which Catherine often used as a form of diplomacy with other powers throughout Europe. She was a self-proclaimed glutton for art and she would be responsible for the creation of the Hermitage, one of the largest museums in the world, second only to the Louvre. Catherine also spearheaded the further expansion of St Petersburg and the magnificent architectural wonder the city became is largely her doing. There are few women in history more fascinating than Catherine the Great, and for the first time, Susan Jaques brings her to life through the prism of art.

Museums in Motion Julie Decker, 2024-08-06 This book explores the histories and functions of museums while also looking at the current standing of museums and their ongoing efforts toward relevance, resiliency and future proofing. Section I examines the beginnings of museums with chapters dedicated to art and design museums, natural history and anthropological museums, science museums, museums focused on history and the past, and gardens, zoos and children's museums. Emphasis is on museums in the United States with some historical framing beyond the U.S. Section II explores the primary functions of museums, including

conservation exhibition interpretation engagement and service Section III examines museums from within by exploring critical issues and contemporary movements facing museums and our society transparency and openness labor and equity belonging and coalition building risk taking and risk aversion and sustainability and empathy Advocating for change rather than death to museums Museums in Motion demonstrates the very premise that museums have been in motion all along as they have shifted from their rather simple form of a treasury storehouse and tomb to something much more complex by deeply considering where museums have come from where they are today and where they are going Entirely new to this edition Section III Museum Aspirations features five new chapters each centered around topics rather than a museum type or museum function Each topic is meant to be a micro narrative and springboard for a conversation about museums today and their sustainability in the future The chapters examine museums from the inside museum workers and their voices especially as well as power held by people and institutions and DEIA without using those individual words as chapter headings On their own or in conjunction with the chapters in the previous sections of this book these chapters serve as vignettes that can help readers to understand where how and why we need to apply critical lenses to institutions and articulate how doing so helps us to understand this historical moment and ultimately how we can realize resiliency and sustainability for museums and those who make their existence possible

North Pontic Archaeology G.R. Tsetskhladze, 2021-11-22 This volume deals with the classical archaeology of the northern Black Sea littoral discussing excavations and studies conducted by Russian Ukrainian German Czech and British archaeologists and classicists over the last 10 12 years It presents the results of excavations of such sites as Berezan Nikonion the chora of Olbia the chora of Chersonesus rural settlements of the European Bosphorus sites on the Taman Peninsula etc Several articles discuss the Scythians and other local peoples as well as particular objects This 6th volume of *Colloquia Pontica* publishes much previously unknown material and gives a clear picture of the achievements of scholarship in the study of the North Pontic Region Included are book reviews and an elaborate listing of new publications The book is very richly illustrated

Reclaiming Byzantium Pinar Üre, 2020-02-20 There is a long held feeling in Russia that Moscow is the true heir to the Christian Byzantine Empire In 1894 Imperial Russia opened one of the world's leading centres for Byzantine archaeology in Istanbul the Russian Archaeological Institute its purpose was to stake the claim that Russia was the correct heir to Tsargrad as Istanbul was referred to in Russian circles This then is the history of that institute and the history of Russia's efforts to reclaim its Middle East events since in the Crimea Syria and Georgia are all to some extent wrapped up in this historical framework Üre looks at the founding of the Russian Archaeological Institute its aims and its place in the digging race which characterised the late Imperial phase of modern history Above all she shows how the practise of history has been used as a political tool a form of soft power

Homes and Haunts Alison Booth, 2016-09-09 This is the first full length study of literary tourism in North America as well as Britain and a unique exploration of popular response to writers literary house museums and the landscapes or countries associated with their lives

and works An interdisciplinary study ranging from 1820 1940 Homes and Haunts Touring Writers Shrines and Countries unites museum and tourism studies book history narrative theory theories of gender space and things and other approaches to depict and interpret the haunting experiences of exhibited houses and the curious history of topo biographical writing about famous authors In illustrated chapters that blend Victorian and recent first person encounters that range from literary shrines and plaques to guidebooks memoirs portraits and monuments Alison Booth discusses pilgrims such as William and Mary Howitt Anna Maria and Samuel Hall and Elbert Hubbard and magnetic hosts and guests as Washington Irving Wordsworth Martineau Longfellow Hawthorne James and Dickens Virginia Woolf s feminist response to homes and haunts shapes a chapter on Mary Russell Mitford Gaskell and the Bront s and another on the Carlyles house and Monk s House Booth rediscovers collections of personalities haunted shrines and imaginative re enactments that have been submerged by a century of academic literary criticism

Mellon David Cannadine,2021-06-02 A landmark work from one of the preeminent historians of our time the first published biography of Andrew W Mellon the American colossus who bestrode the worlds of industry government and philanthropy leaving his transformative stamp on each Andrew Mellon one of America s greatest financiers built a legendary personal fortune from banking to oil to aluminum manufacture tracking America s course to global economic supremacy As treasury secretary under Presidents Harding Coolidge and finally Hoover Mellon made the federal government run like a business prefiguring the public official as CEO He would be hailed as the architect of the Roaring Twenties but staying too long would be blamed for the Great Depression eventually to find himself a broken idol Collecting art was his only nonprofessional gratification and his great gift to the American people The National Gallery of Art remains his most tangible legacy

Museums in Motion Edward P. Alexander,Mary Alexander,2008 In 1979 Edward P Alexander s *Museums in Motion* was hailed as a much needed addition to the museum literature In combining the history of museums since the eighteenth century with a detailed examination of the function of museums and museum workers in modern society it served as an essential resource for those seeking to enter to the museum profession and for established professionals looking for an expanded understanding of their own discipline Now Mary Alexander has produced a newly revised edition of the classic text bringing it the twenty first century with coverage of emerging trends resources and challenges New material also includes a discussion of the children s museum as a distinct type of institution and an exploration of the role computers play in both outreach and traditional in person visits

When Art Makes News Katia Dianina,2012-11-15 From the time the word kul tura entered the Russian language in the early nineteenth century Russian arts and letters have thrived on controversy At any given time several versions of culture have coexisted in the Russian public sphere The question of what makes something or someone distinctly Russian was at the core of cultural debates in nineteenth century Russia and continues to preoccupy Russian society to the present day *When Art Makes News* examines the development of a public discourse on national self representation in nineteenth century Russia as it was styled by the

visual arts and popular journalism Katia Dianina tells the story of the missing link between high art and public culture revealing that art became the talk of the nation in the second half of the nineteenth century in the pages of mass circulation press At the heart of Dianina s study is a paradox how did culture become the national idea in a country where few were educated enough to appreciate it Dianina questions the traditional assumptions that culture in tsarist Russia was built primarily from the top down and classical literature alone was responsible for imagining the national community When *Art Makes News* will appeal to all those interested in Russian culture as well as scholars and students in museum and exhibition studies

Hero City Prit Buttar,2024-09-12 One of the greatest ever sieges is masterfully brought to life by a leading expert on the Eastern Front At the height of World War II the people of Leningrad endured a bitter 900 day siege struggling against bombing shelling and starvation Prit Buttar tells the story of how the siege was finally broken The Red Army had suffered multiple setbacks in the preceding two years but achieved a partial success by breaking the blockage in early 1943 However this was followed by further failed attempts to lift the siege completely But by simply enduring the siege in the face of impossible odds Russian soldiers and civilians beat the Germans By the end of 1943 the German forces themselves broken by deprivations and extreme weather began to pull back Here was the opportunity the Soviet forces had been waiting for The Red Army launched a decisive attack that broke through and ended the siege Their determination to hold out has become a hugely significant part of Russian history the echoes of the battle helping to define both a country and its politics This compelling history uses original Russian source material to vividly describe the deprivations visited upon those trapped But it also details the tactical successes and strategic failures of both sides as well as the appalling war crimes that have forever stained the ground in and around this historic city

St Petersburg Arthur George,2024-11-14 From its 1703 foundation by Peter the Great in a swampy war zone to its leading role in overthrowing Soviet power and bringing Russia into the twenty first century St Petersburg has undergone several transformations Virtually commanded into existence by Peter the Great the inherent artifice of St Petersburg has made it one of the world s most storied cities the stage for political and artistic dreamers As such it had a leading role in nineteenth century cultural life but with the Russian Revolution of 1917 its glorious history descended into violence and bloodshed During the Second World War Leningrad suffered further atrocities in the form of a horrific Nazi siege Yet it has remained rich in cultural intellectual and architectural history It has been home to greats such as Dostoevsky Tchaikovsky and Nijinsky figures who were gifted with great creativity and passion and who were often dissatisfied with Russian traditions These characters are explored by the author together with the beguiling physical appearance of the city canals bridges promenades and palaces but the most lively writing hones in on the interplay between power and intellect reaction and reform Arthur George brings to life a St Petersburg steeped in a tumult of war revolution and aesthetics and shows it rising from the ashes to help lead Russia on the path to modernisation

Cooking for Kings Ian Kelly,2009-05-26 A unique feast of biography and Regency cookbook *Cooking for Kings* takes readers on a chef s tour of the

palaces of Europe in the ultimate age of culinary indulgence Drawing on the legendary cook's rich memoirs Ian Kelly traces Antonin Carême's meteoric rise from Paris orphan to international celebrity and provides a dramatic below stairs perspective on one of the most momentous and sensuous periods in European history First Empire Paris Georgian England and the Russia of War and Peace Carême had an unfailing ability to cook for the right people in the right place at the right time He knew the favorite dishes of King George IV the Rothschilds and the Romanovs he knew Napoleon's fast food requirements and why Empress Josephine suffered halitosis Carême's recipes still grace the tables of restaurants the world over Now classics of French cuisine created for and named after the kings and queens for whom he worked they are featured throughout this captivating biography In the phrase first coined by Carême You can try them yourself **The Russia**

Reader Adele Marie Barker, Bruce Grant, 2010-07-12 An introduction to the history culture and politics of the world's largest country from the earliest written accounts of the Russian people to today *The Rough Guide to St Petersburg* Dan Richardson, 2008-06-02 Make the most of your time with *The Rough Guide to St Petersburg* the ultimate guide to this beautiful city The full colour section introduces St Petersburg's highlights from world class ballet and opera at the Mariinskiy Theatre to the gilded mosaics of the Church of the Saviour on the Blood The guide takes a detailed look at Russian history literature and cultural life with expert background on everything from the superlative art collection of the Hermitage and the city's spectacular Imperial palaces to snowmobiling in Karelia There are plenty of practical tips and information on all the best accommodation transportation and restaurants and lively reviews of hundreds of shops bars and clubs Discover every corner of St Petersburg with the clearest maps of any guide **Russian Genre Painting in the Nineteenth Century**

Rosalind Polly Blakesley, 2000 This book addresses the little studied area of Russian genre painting in the first three quarters of the nineteenth century Rosalind Gray begins by examining artistic patronage and published texts which engaged with the visual arts in order to illustrate the context in which Russian artists were working Five major painters Venetsianov Bryullov Ivanov Fedotov and Perov are then discussed in detail Dr Gray identifies the vital contribution which these artists made to Russian intellectual life as genre painting was appropriated as a medium in the dissemination of popular values and social change At the same time the relationship between Russian and European art is explored The book demonstrates that far from being a self contained movement Russian genre painting instead engaged in a fluid and complex dialogue with the art of the West **Alix and Nicky** Virginia Rounding, 2012-01-17 The dramatic story of Emperor Nicholas II and his wife Alexandra

Fyodorovna the last Tsar and Tsarina of Russia A penetrating and deeply personal study that gives profound psychological insight into their marriage and how it shaped the events that engulfed them There are few characters in history about whom opinion has been more divided than the last Tsar of Russia Nicholas II and his wife the Empress Alexandra Fyodorovna On one hand they are venerated as saints innocent victims of Bolshevik assassins and on the other they are impugned as the unwitting harbingers of revolution and imperial collapse blamed for all the ills that befell the Russian people in the 20th

century Theirs was also a tragic love story for whatever else can be said of them there can be no doubt that Alix and Nicky adored one another Soon after their engagement Alix wrote in her fianc s diary Ever true and ever loving faithful pure and strong as death words which met their fulfillment twenty four years later in a blood spattered cellar in Ekaterinburg Through the letters and diaries written by the couple and by those around them Virginia Rounding presents an intimate penetrating and fresh portrayal of these two complex figures and of their passion their love and their suffering She explores the nature and possible causes of the Empress s ill health and examines in depth the enigmatic triangular relationship between Nicky Alix and their favourite Ania Vyrubova prot g e of the infamous Rasputin extracting the meaning from words left unsaid from hints and innuendoes The story of Alix and Nicky of their four daughters known collectively as OTMA and of their hemophiliac little boy Alexei is endlessly fascinating and Rounding makes these characters come alive presenting them in all their human dimensions and expertly leading the reader into their vanished world **Hegel's Philosophy of Reality,**

Freedom, and God Robert M. Wallace,2005-04-04 Showing the relevance of Hegel s arguments this book discusses both original texts and their interpretations Second Metropolis Blair A. Ruble,2001-05-28 By exploring and comparing North America s Russia s and Japan s second cities Chicago Moscow and Osaka Second Metropolis discloses the extent to which social fragmentation frequently viewed as an obstacle to democratic development actually fostered a pragmatic pluralism that nurtured pluralistic public policies Such policies are explored through six case studies the politics of street railways and charter reform in Chicago adult education and housing in Moscow and harbor revitalization and poverty alleviation in Osaka that illustrate how even those with massive political and economic power were stymied by the complexity of their communities Chicago Moscow and Osaka though the products of very different nations and cultures nonetheless shared an important experience of inclusive politics during an era of extraordinary growth and social diversity The success of all three cities which went well beyond mere survival rested on a distinctive political resource pragmatic pluralism **Leningrad**

Anna Reid,2012-01-01 When Hitler attacked the Soviet Union in June 1941 he intended to capture Leningrad before turning on Moscow Soviet resistance forced him to change tactics with his forward troops only thirty kilometres from the city s historic centre he decided instead to starve it out Using newly available diaries and government records Anna Reid describes a city s descent into hell the breakdown of electricity and water supply subzero temperatures the consumption of pets joiner s glue and face cream the dead left unburied where they fell but also the extraordinary endurance bravery and self sacrifice despite the cruelty and indifference of the Kremlin
