The Intersecting Realities And Fictions Of Virginia Woolfe And Colette:

The Intersecting Realities and Fictions of Virginia Woolf and Colette Helen Southworth, 2004 What might the author of *Mrs Dalloway* and *A Room of One's Own* have in common with the author of the *Claudine* series and *The Pure and the Impure* Resisting long held interpretations that Colette and Virginia Woolf had little in common Southworth shows here the links between the two famous writers both real and imagined Often cast in their diametrically opposed roles of elitist bluestocking and risque music hall performer critics have overlooked the many ways in which the lives and works of Woolf and Colette intersect This study provides a broad ranging introduction to the biographical stylistic and thematic ties that link the lives and works of Britain's and France's first ladies of letters of the early twentieth century Situating the two writers within an international network of artists and literati including Jacques Emile Blanche Radclyffe Hall and Una Troubridge Winnie de Polignac Gisele Freund Sylvia Beach and Adrienne Monnier Vita Sackville West and Violet Trefusis this study complicates conceptions of the differences national sexual cultural and intellectual which have kept these two women apart by placing these same differences at its center Southworth develops work already undertaken on Woolf's contacts with France and adds to the body of comparative work on Woolf and her contemporaries This study also highlights as yet unexplored connections between Colette and her British and American peers Southworth's book makes a significant contribution to gay and lesbian studies and the study of modernist culture It also demonstrates the potential of social network theory for literary studies

Someone Michael Lucey, 2019-04-05 Imagine trying to tell someone something about yourself and your desires for which there are no words What if the mere attempt at expression was bound to misfire to efface the truth of that ineluctable something In *Someone* Michael Lucey considers characters from twentieth century French literary texts whose sexual forms prove difficult to conceptualize or represent The characters expressing these misfit sexualities gravitate towards same sex encounters Yet they differ in subtle but crucial ways from mainstream gay or lesbian identities whether because of a discordance between gender identity and sexuality practices specific to a certain place and time or the fleetingness or non exclusivity of desire Investigating works by Simone de Beauvoir Colette Jean Genet and others Lucey probes both the range of same sex sexual forms in twentieth century France and the innovative literary language authors have used to explore these evanescent forms As a portrait of fragile sexualities that involve awkward and delicate maneuvers

and modes of articulation Someone reveals just how messy the ways in which we experience and perceive sexuality remain even to ourselves
