The Investigation A Novel

Michael L. Cook

The Investigation A Novel:

Crime Unsolved, A Buck Taylor Novel Chuck Morgan, 2018-10-01 While a forest fire rages out of control in a pristine Colorado forest CBI Agent Buck Taylor dealing with the death of his wife from breast cancer is called back to duty by the Governor of Colorado to find the arsonists responsible for setting fire to a multimillion dollar fishing lodge and causing the forest fire While investigating the lodge fire as well as a couple fracking site fires that might be related Buck and his team uncover a scheme to dispose of illegal chemical waste in some of the newly drilled oil wells and uncover the murder of a rogue DEA agent who was investigating a prescription drug ring Connected to all these crimes is a billionaire hedge fund owner who could care less about the law and whose only interest is the thrill of making more money any way he can Complicating this case even further Buck might end up arresting his brother in law who is connected to all these crimes through his business relationship with the hedge fund owner In a dramatic conclusion Buck must fight for his life while his team fights to defend a small town from the fast approaching wild fire

The Chautauquan, 1892 *Narratives of Enclosure in Detective Fiction* M. Cook, 2011-10-12 The locked room mystery is one of the iconic creations of popular fiction Michael Cook's critical study reveals how this archetypal form of the puzzle story has had a significant effect in shaping the immensely popular genre of detective fiction The book includes analysis of texts from Poe to the present day

The American Novel in Germany, 1871-1913 Clement Vollmer, 1918 *Clues: A Journal of Detection, Vol. 42, No. 2 (Fall 2024)* Elizabeth Foxwell, 2025-03-07 For over two decades Clues has included the best scholarship on mystery and detective fiction With a combination of academic essays and nonfiction book reviews it covers all aspects of mystery and detective fiction material in print television and movies As the only American scholarly journal on mystery fiction Clues is essential reading for literature and film students and researchers popular culture aficionados librarians and mystery authors fans and critics around the globe

Crime Scenes, 2021-11-01 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine them selves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision spareness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason

The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre. The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative. The patterns of reassurance, the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems, ambiguities and uncertainties of the self and of society. The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors. The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche. The role of the reader, spectator and critic in conferring meaning is a crucial one.

The Prankster and the Conspiracy Adam Gorightly, 2003-11-01 One of the 1960s counterculture's most fascinating characters was Kerry Wendell Thornley, a writer, philosopher, Zen dishwasher, enlightened prankster and possibly an Oswald double with disturbing ties to the Kennedy assassination. A lifelong provocateur, Thornley was linked to many of the fringe elements of the time. He helped create the spoof religion called the Discordian Society and its tract, the Principia Discordia. He coined the term 'paganism' to describe various nature religions. And he befriended Robert Anton Wilson, inspired the Illuminatus and gave his anarchic support to the Bavarian Illuminati, a brilliant prank.

Detective Fiction in a Postcolonial and Transnational World Nels Pearson, 2016-04-22 Taking up a neglected area in the study of the crime novel, this collection investigates the growing number of writers who adapt conventions of detective fiction to expose problems of law, ethics and truth that arise in postcolonial and transnational communities. While detective fiction has been linked to imperialism and constructions of race from its earliest origins, recent developments signal the evolution of the genre into a potent framework for narrating the complexities of identity, citizenship and justice in a postcolonial world. Among the authors considered are Vikram Chandra, Gabriel García Márquez, Michael Ondaatje, Patrick Chamoiseau, Mario Vargas Llosa, Suki Kim and Walter Mosley. The essays explore detective stories set in Latin America, the Caribbean, India and North America, including novels that view the American metropolis from the point of view of Asian American, African American or Latino characters. Offering ten new and original essays by scholars in the field, this volume highlights the diverse employment of detective fictions internationally and uncovers important political and historical subtexts of popular crime novels.

The English Novel, Vol I Richard W. F. Kroll, 2014-07-21 *The English Novel Volume I: 1700 to Fielding* collects a series of previously published essays on the early eighteenth-century novel in a single volume, reflecting the proliferation of theoretical approaches since the 1970s. The novel has been the object of some of the most exciting and important critical speculations, and the eighteenth-century novel has been at the centre of new approaches both to the novel and to the period between 1700 and 1750. Richard Kroll's introduction seeks to frame the contributions by reference to the most significant critical discussions. These include the question of whether and how we can talk about the rise of the novel, the vexed question of what might constitute a novel, the

relationship between the novel and possibly competing genres such as history or the romance the relationship between early male writers like Defoe and popular novels by women in the early eighteenth century the general ideological role played by novels relative to eighteenth century culture are they means of ideological conscription or liberation poststructuralist analyses of identity and gender and the emergence of sentimental and domestic codes after Richardson Since the modern European novel is often thought to have been formed in this period these debates have clear implications for students of the novel in general as well as for those interested in the early enlightenment Headnotes place each essay within the map of these wider concerns and the volume offers a useful further reading list Taken as a whole this collection encapsulates the state of criticism at the present moment **Book Bulletin of the Chicago Public Library** Chicago Public Library,1915

forum for inter-american research Vol 4 Wilfried Raussert,2023-07-20 Volume 4 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter American Studies IAS fiar was established by the American Studies Program at Bielefeld University in 2008 We foster a dialogic and interdisciplinary approach to the study of the Americas fiar is a peer reviewed online journal Articles in this journal undergo a double blind review process and are published in English French Portuguese and Spanish
