Boles, 2022-06-30 This is the first book to examine how the concept and disagreements around post truth have been explored in the world of theater and performance It covers a wide spectrum of manifestations and expressions from the plays of Caryl Churchill Anne Washburn and David Henry Hwang to the inherent

theatricality of press conferences FBI interviews and protests that embrace the confusion created by post truth rhetoric to muddy issues and deflect blame to theatrical performance where the nature of truth is challenged through staged visuals which run counter to what the audience hears provoking a debate about where the truth actually lies With contributions by scholars from around the world Theater in a Post Truth World considers a wide array of examples from American and British drama and politics Australian theater and the work of performance artist Marina Abramovic Together these provide a glimpse into how the theater in its many forms provides a venue to raise awareness and encourage critical thinking about the contemporary ubiquity of post truth

Staging Change Victoria L. Scrimmer, 2024-12-12 Exploring a wide variety of examples of activist performances such as David Buckel s self immolation and the January 6th capitol insurrection this book analyses activist performance through the lens of postdramatic theatre theory Staging Change poses the provocative question are activists addicted to drama Scrimmer examines the ways in which the performance and reception of protest is informed by the logic of dramatic theatre and argues that such performative arrangements are so naturalized that they can limit the ability of activists and their audiences to imagine different ways of precipitating change By combining performance analysis interviews with artists and activists and autoethnographic accounts of the author s own experiences as an environmental activist the book illustrates the limitations and alternatives to dramatic representation in activist performance The last decade has seen an increase in political demonstrations worldwide particularly following the excitement and disappointments of the Arab Spring uprisings We have seen several notable movements such as the Occupy movement the mobilization of Black Lives Matter and the MeToo movement In response scholars artists and activists from diverse disciplines have produced an exciting array of practical and theoretical approaches for talking about and thinking through activism Utilizing these interdisciplinary approaches Scrimmer offers us a theoretical inquiry into the possible applications of Hans Thies Lehmann s postdramatic theatre theory in the context of political activism and subsequently extends an alternative conceptual model for activist performance beyond the dramatic paradigm

Conversation of the Three Wayfarers Peter Weiss, 2022-04-26 This fast moving tightly wound and gleefully dark novella contains an entire universe in miniature Conversation of the Three Wayfarers is a tale overheard rather than told directly Abel Babel and Cabel the wayfarers carry on a three sided monologue each reporting curious incidents the effect is of three capers rolled into one a steeplechase performed on a floating pontoon But are they really three distinct individuals Why do their lives blend in such a fantastic manner Weiss s strikingly original prose has an impossibly contained quality with each sentence doing a perfect double double backflip before neatly landing This essential rediscovered work from the masterful and acclaimed German

modernist Peter Weiss will be a delightful discovery for readers of Kafka Musil and Gombrowicz

The Nazi Hunters Andrew Nagorski, 2016-05-10 More than seven decades after the end of the Second World War the era of the Nazi Hunters is drawing to a close Their saga is finally told in this deep and sweeping account of a relentless search for justice that began in 1945 and is only now coming to an end The Washington Post After the Nuremberg trials and the start of the Cold War most of the victors in World War II lost interest in prosecuting Nazi war criminals Absorbing Kirkus Reviews and fascinating Library Journal The Nazi Hunters focuses on the men and women who refused to allow their crimes to be forgotten The Nazi Hunters reveals the experiences of the young American prosecutors in the Nuremberg and Dachau trials Benjamin Ferencz and William Denson the Polish investigating judge Jan Sehn who handled the case of Auschwitz commandant Rudolf H ss the Mossad agent Rafi Eitan who was in charge of the Israeli team that nabbed Eichmann and Eli Rosenbaum who sought to expel war criminals who were living in the United States But some of the Nazi hunters most controversial actions involved the more ambiguous cases such as former UN Secretary General Kurt Waldheim s attempt to cover up his wartime history Or the fate of concentration camp guards who have lived into their nineties long past the time when reliable eyewitnesses could be found to pinpoint their exact roles The story of the Nazi hunters is coming to a natural end It was unprecedented in so many ways especially the degree to which the initial impulse of revenge was transformed into a struggle for justice The Nazi hunters have transformed our fundamental notions of right and wrong and Andrew Nagorski s vivid reader friendly account of how justice was done is comprehensively informative and a highly involving read The Wall Street Journal

Brechtian Cinemas Nenad Jovanovic, 2017-01-30 In Brechtian Cinemas Nenad Jovanovic uses examples from select major filmmakers to delineate the variety of ways in which Bertolt Brecht s concept of epic dialectic theatre has been adopted and deployed in international cinema Jovanovic critically engages Brecht s ideas and their most influential interpretations in film studies from apparatus theory in the 1970s to the presently dominant cognitivist approach He then examines a broad body of films including Brecht s own *Mysteries of a Hairdressing Salon* 1923 and *Kuhle Wampe* 1932 Jean Marie Straub and Dani le Huillet s *History Lessons* 1972 Peter Watkins s *La Commune* 2000 and Lars von Trier s *Nymphomaniac* 2013 Jovanovic argues that the role of montage a principal source of artistic estrangement *Verfremdung* in earlier Brechtian films has diminished as a result of the technique s conventionalization by today s Hollywood and related industries Operating as primary agents of *Verfremdung* in contemporary films inspired by Brecht s view of the world and the arts Jovanovic claims are conventions borrowed from the main medium of his expression theatre Drawing upon a vast number of sources and disciplines that include cultural film literature and theatre studies *Brechtian Cinemas* demonstrates a continued and broad relevance of Brecht for the practice and understanding of cinema
