## **The Iran Iraq War:**

The Iran-Iraq War Shirin Tahir-Kheli, Shaheen Ayubi, 1983      The Iran-Iraq War (RLE Iran A) M. EL-Azhary, 2012-05-23

The Iran Iraq war broke out in September 1980 It brought death and suffering to hundreds of thousands of people on both sides and devastated the economies of both countries It also increased international tensions by precipitating new alliances and rearrangement of forces in the already turbulent Middle East The focus of this book is on the historical economic and political dimensions of the war between Iraq and Iran It examines many aspects of what proved to be a very complex conflict including its long history its present economic and political setting the different responses to the war by outside parties and its regional and world implications      The Iran-Iraq War Stephen C. Pelletière, 1992-03-30 This book is a major reinterpretation of the Iran Iraq War and is a source for reexamining the U S involvement in the Gulf Pelletiere demonstrates that the war was not a standoff in which Iraq finally won a grinding war of attrition through luck persistence and the use of poison gas Instead Iraq planned the last campaign almost two years prior to its unfolding The Iraqis trained extensively and expended enormous sums of money to make their effort succeed What won for them was their superior fighting prowess and greater commitment Gas if it was used at all played only a minor part in the victory Pelletiere concludes that the key to understanding the war is the Extraordinary Congress of the Ba th Party held in July 1986 It was there that the initial planning for the final campaign was done and this campaign is what decided the fate of the conflict The study centers around the last Iraqi campaign which Pelletiere argues was based upon World War II blitzkrieg tactics but he also treats the background the politics and the history of the conflict and analyzes the significance of the war to the Middle East and to the position of the United States there      The Iran-Iraq War Nigel John Ashton, Bryan R. Gibson, 2013 This volume offers a wide ranging examination of the Iran Iraq War 1980-88 featuring fresh regional and international perspectives derived from recently available new archival material Three decades ago Iran and Iraq became embroiled in a devastating eight year war which served to re define the international relations of the Gulf region The Iran Iraq War stands as an anomaly in the Cold War era it was the only significant conflict in which the interests of the United States and Soviet Union unwittingly aligned with both superpowers ultimately supporting the Iraqi regime The Iran Iraq War re assesses not only the superpower role in the conflict but also the war s regional and wider international dimensions by bringing to the fore fresh evidence and new perspectives from a variety of sources It focuses on a number of themes including the economic dimensions of the war and the roles played by a variety of powers including the Gulf States Turkey France the Soviet Union and the United States The contributions to the volume serve to underline that the Iran Iraq war was a defining conflict shaping the perspectives of the key protagonists for a generation to come This book will be of much interest to students of international and Cold War history Middle Eastern politics foreign policy and International Relations in general      *Iran And Iraq At War* Shahram Chubin, 2019-03-01 This book attempts to understand both the nature and the consequences of the current conflict between

Iraq and Iran It is based on a research project initiated by the auspices of the Programme for Strategic and International Security Studies in Geneva      The Lessons Of Modern War Anthony H Cordesman, Abraham Wagner, 1990-04-19 This series takes a comprehensive look at five major conflicts in the later part of the 20th century      **The Iran-Iraq War** Efraim Karsh, 1989-07-03 The Iran Iraq War which ended in the summer of 1988 a month short of its eighth anniversary is undoubtedly the Third World s longest and bloodiest conflict in a half century As such its lessons and implications extend beyond the geographical confines of the Middle East Bringing together Israeli American and European specialists from the fields of Middle East history international relations strategy and economics this book offers the first comprehensive post bellum analysis of the impact and implications of the Iran Iraq war The book starts with an examination of the war s impact on the domestic and foreign affairs of the two belligerents continues with a discussion of the political ramifications of the war in both the regional and the global spheres and concludes by analysing the economic military and strategic implications

Lessons Learned Stephen C. Pelletiere, Douglas V. Johnson, 1991      *The Superpowers' Involvement in the Iran-Iraq War* Adam Tarock, 1998 The final index entry of zero sum game aptly encapsulates much about the 1980 88 Iran Iraq War or Gulf War I as the author terms it and its spinoff of the 1991 Gulf War II particularly from the perspective of the US Tarock whose background is unspecified except for the Melbourne signoff on the preface views Saddam Hussein as a Frankenstein monster created by and later turning against the superpowers in a familiar pattern of their contest of political intervention in the Third World Includes 16 pages of references Annotation copyrighted by Book News Inc Portland OR      **Saddam's War: An Iraqi Military Perspective of the Iran-Iraq War ,      The Iran-Iraq War** 50minutes, 2016-04-26 Keen to learn but short on time Get to grips with the events of the Iran Iraq War in next to no time with this concise guide 50Minutes.com provides a clear and engaging analysis of the Iran Iraq War On 22 September 1980 Saddam Hussein attacked the Shatt al Arab with the aim of annexing territories around it This marked the start of a protracted war between Iraq and Iran After eight years of hostilities that included the controversial use of chemical weapons the war finally came to an end with neither side achieving significant gains and both suffering a devastating number of casualties In just 50 minutes you will Understand the political and social context of the war and the reasons behind the first attack Identify the main leaders of Iran and Iraq and their role in the conflict Analyse the outcome of the war and its impact on the futures of Iran Iraq and the countries that supported them ABOUT 50MINUTES.COM History Culture 50MINUTES.COM will enable you to quickly understand the main events people conflicts and discoveries from world history that have shaped the world we live in today Our publications present the key information on a wide variety of topics in a quick and accessible way that is guaranteed to save you time on your journey of discovery      **U.N. & the Iran-Iraq War** R.
