

# The Irish A Character Study

**William Lonsdale Watkinson, William  
Theophilus Davison**

## **The Irish A Character Study:**

The Irish Seán O'Faoláin, 1949      *The Irish* Seán O'Faoláin, 1969 A portrait of the Irish people tracing the many racial religious social and intellectual strands that make up the nation's character and including studies of six types the new peasantry the Anglo Irish the rebels the priests the writers and the politicians      **Linguistics and the Study of Comics** Frank Bramlett, 2012-05-09 Do Irish superheroes actually sound Irish Why are Gary Larson's Far Side cartoons funny How do political cartoonists in India Turkey and the US get their point across What is the impact of English on comics written in other languages These questions and many more are answered in this volume which brings together the two fields of comics research and linguistics to produce groundbreaking scholarship With an international cast of contributors the book offers novel insights into the role of language in comics graphic novels and single panel cartoons analyzing the intersections between the visual and the verbal Contributions examine the relationship between cognitive linguistics and visual elements as well as interrogate the controversial claim about the status of comics as a language The book argues that comics tell us a great deal about the sociocultural realities of language exploring what code switching language contact dialect and linguistic variation can tell us about identity from the imagined and stereotyped to the political and real      The Priest's Blessing: Or, Poor Patrick's Progress from this World to a Better Harriett Jay, 1881      **The Irishman in the English Novel of the Nineteenth Century** sister Mary Edith Kelley,      Through the stage door Harriett Jay, 1883      *National Dreams* Jennifer Schacker, 2015-03-26 Fairy tales and folktales have long been mainstays of children's literature celebrated as imaginatively liberating psychologically therapeutic and mirrors of foreign culture Focusing on the fairy tale in nineteenth century England where many collections found their largest readership *National Dreams* examines influential but critically neglected early experiments in the presentation of international tale traditions to English readers Jennifer Schacker looks at such wondrous story collections as Grimms fairy tales and *The Arabian Nights* in order to trace the larger stories of cross cultural encounter in which these books were originally embedded Examining aspects of publishing history alongside her critical readings of tale collections introductions annotations story texts and illustrations Schacker's *National Dreams* reveals the surprising ways fairy tales shaped and were shaped by their readers Schacker shows how the folklore of foreign lands became popular reading material for a broad English audience historicizing assumed connections between traditional narrative and children's reading The tales imported and presented by such British writers as Edgar Taylor T Crofton Croker Edward Lane and George Webbe Dasent were intended to stimulate readers' imaginations in more ways than one Fairy tale collections provided flights of fancy but also opportunities for reflection on the modern self on the transformation of popular culture and on the nature of Englishness Schacker demonstrates that such critical reflections were not incidental to the popularity of foreign tales but central to their magical hold on the English imagination Offering a theoretically sophisticated perspective on the origins of current assumptions about the significance of fairy tales *National Dreams* provides a rare look at the nature and emergence

of one of the most powerful and enduring genres in English literature

**Romantic Ireland** Paddy Lyons, Willy Maley, John Miller, 2013-10-17

The long nineteenth century arguably the most significant period in Irish history is marked by a series of events that changed the political landscape of the nation forever and gave rise to art and ideas of international importance At one end of this tumultuous period we have Grattan's Parliament the United Irishmen the Rebellion of 1798 led by Wolfe Tone and the Union of 1801 and at the other the fall of Parnell the Easter Rising Civil War and partition Between times there are the great hinge events of Catholic Emancipation the Famine and the Land War From Wolfe Tone to Maud Gonne Ireland went through a period of enormous upheaval that carved out the culture and politics of the modern nation Irish Studies has not yet fully engaged with the range and richness of this material nor have critics in the various Anglophone literary fields grasped the extent to which Irish and Scottish events and authors contributed decisively to the development of their own areas Bringing together an international line up of established and emerging scholars *Romantic Ireland From Tone to Gonne* takes Irish Studies in new directions in particular in terms of a cross cultural comparison with Scotland and the distinct phenomenon of Unionism thus breaking out of the double binds of Anglo Irish approaches The Irish Scottish interface throws up fascinating insights that enhance our awareness of the interaction between colonialism nationalism and culture All of the major figures of the period are represented here from Edgeworth and Moore to Yeats and Synge but there are other often less noticed but hugely significant writers such as Charles Robert Maturin Dion Boucicault and May Laffan There are non Irish commentators on Ireland like Cobbett and Engels as well as a series of key Scottish figures including Burns and Scott in addition to lesser known or lesser noticed Scottish writers with strong Irish interests such as R M Ballantyne and Robert Tannahill whose work opens up new and promising avenues into Irish writing
