Workers and Change in China Manfred Elfstrom, 2021-01-21 Rising labour unrest is changing Chinese governance from below Elfstrom shows that this is occurring in unexpected and contradictory ways

Trade Unions in China Tim Pringle, 2011-03-09 This book focuses on how the All China Federation of Trade Unions (ACFTU) is reforming under current conditions and demonstrates that labour unrest is the principal driving force behind trade union reform in China

Feeding the Dragon Chris Fenton, 2020-07-28 Paced like a thriller with comparable doses of international intrigue and conflict Chris Fenton's bracingly candid business memoir *Feeding the Dragon* takes readers deep behind the scenes of Hollywood's shaky foothold in China Dealing at the highest levels with Chinese government officials and major American brands like Disney Marvel and the NBA the former Olive Garden waiter turned entertainment industry power broker disarmed and defied authorities on both sides of the superpower divide to make billions and history Thanks to a brisk page turning storytelling style and an evenhanded insider level perspective decades in the making *Feeding the Dragon* manages to be both timeless and timely Captivating details on Robert Downey Jr LeBron James Kurt Cobain Michael Phelps and Marvel Universe creative mastermind Kevin Feige among others will enthrall average fans and aspiring moguls alike But the beating narrative heart remains Fenton's down to earth recounting of a headline making journey Ultimately the intrepid exec builds a compelling case for the power of cultural diplomacy mutually beneficial soft power sharing exchanges as a better way forward than the hardliner battle lines being drawn across Beijing Washington and Los Angeles Teeming with urgent insights about unlikely alliances and dangerous misperceptions *Feeding the Dragon* is a must read for anyone interested in the future of the US China relationship and the bottom line realities of show business and professional sports today Even better it's a supremely entertaining ride for anyone who simply loves a great story Chris often told me about projects and plans off the record that I

wouldn't have reported on anyway because they all seemed wildly improbable Every single one came true And now they're all down on the page Jamie Bryan Fast Company contributor **Finding a Path for China's Rise** Philippe Lionnet,2023-01-02 The rise of China is ever present in debates on globalisation and ongoing power shifts In a time of rising international tensions understanding the interdependencies between China's course and the world economy is ever more important Often the economic reforms under Deng Xiaoping after 1978 are emphasised They initiated dramatic changes in China's economy and contributed to its ascent as a world power In contrast less attention has been given to the context in which these reforms were implemented Philippe Lionnet analyses important adjustments in China's agricultural industrial and foreign trade policies in the course of the 1970s as well as their origins He shows how policy experiments and their limits shaped the path of the socialist state China Shakes The World James Kynge,2010-12-30 Authoritative and fully up to date account by leading China expert on China's economic rise and how it will affect the world The new China the nation that in 25 years has changed beyond all recognition is becoming an industrial powerhouse for the world James Kynge shows not only the extraordinary rise of the Chinese economy but what the future holds as China begins to influence the world On the eve of the British industrial revolution some 230 years ago China accounted for one third of the global economy In 1979 after 30 years of Communism its economy contributed only two per cent to global GDP Now it is back up to five per cent and rising Although China is already a palpable force in the world its re-emergence is only just starting to be felt Kynge shows China's weaknesses its environmental pollution its crisis in social trust its weak financial system and the faltering institutions of its governments which are poised to have disruptive effects on the world The fall out from any failure in China's rush to modernity or simply from a temporary economic crash in the Chinese economy would be felt around the world **Through a Screen Darkly** Martha Bayles,2014-01-21 Why it is a mistake to let commercial entertainment serve as America's de facto ambassador to the world *Hollywood Made in China* Aynne Kokas,2017-02-07 In a race to capture new audiences Hollywood moguls began courting Chinese investors to create branded entertainment on an international scale from behemoth theme parks to blockbuster films after China's 2001 World Trade Organization entry Hollywood Made in China examines this compelling dynamic where the distinctions between Hollywood's Dream Factory and the Chinese Dream of global influence become increasingly blurred What is revealed illuminates how China's influence is transforming the global media industries from the inside out Provided by publisher **Socialist China, Capitalist China** Guoguang Wu,Helen Lansdowne,2009-03-31 China is currently encountering increasing social problems together with the rise of mass discontent and public protest despite having achieved enormous economic growth after nearly thirty years of market socialism and embracing globalization The future of China thus depends not only on the economic progress the nation has achieved and will achieve but also on how the government addresses growing social tensions Focusing on why social tensions have arisen despite economic prosperity and how the state is responding this book presents rich original data about many of the social

challenges facing China including rural urban migration unemployment the health care crisis the rise of religion the desire for increased individualism and new mass movements It investigates governmental responses to deal with the problems including legal and political reforms and local governance innovations throughout setting the discussion in the context of how far a traditionally socialist nation can be integrated into global capitalism Overall the book provides a timely up to date and down to earth examination of and reflection on China s continuing socio economic and political transition **Party and State in Post-Mao China**

Teresa Wright, 2015-05-06 In recent decades China has become a quasi capitalist economic powerhouse Yet it continues to be ruled by the same Communist Party dominated government that has been in power since 1949 But how has China s political system achieved such longevity And what does its stability tell us about the future of authoritarian versus liberal democratic governance In this detailed analysis of the deeply intertwined relationship between the ruling Communist Party and governing state noted China expert Teresa Wright provides insightful answers to these important questions Though many believe that the Chinese party state has maintained its power despite its communist and authoritarian features Wright argues that the key to its sustained success lies in its careful safeguarding of some key communist and authoritarian characteristics while simultaneously becoming more open and responsive to public participation She contends that China s post Mao party state compares well to different forms of political rule including liberal democratic government It has fulfilled the necessary functions of a stable governing regime satisfying key demographic groups and responding to public grievances maintaining economic stability and growth and delivering public services without any real reduction in CCP power and influence Questioning current understandings of the nature strengths and weaknesses of democracy and authoritarianism this thought provoking book will be essential reading for all students and scholars of Chinese politics and international relations **Mao's China And Post-mao China: Revolution, Recovery And Rejuvenation**

Robert Weatherley, 2022-09-06 If the history of modern China was written as a book its author would be accused of losing touch with reality During the twentieth century China underwent two revolutions a number of wars endured a radical and destabilising form of communism and then hurried quickly towards a system of open market economics whilst remaining under the control of a nominally communist party Currently the fastest growing economy in the world with an increasingly sophisticated and expanding military China is widely expected to emerge as the world s next superpower eclipsing the United States in the not too distant future However not everything is going smoothly for Beijing Unemployment rates are spiralling inequality is rife and official corruption at all levels remains an Achilles heel for the Chinese Communist Party despite Xi Jinping s best endeavours to wipe it out Worst of all environmental degradation is at such a serious level that it threatens the success of the Chinese economy and the stability of Chinese society Against this scarcely believable backdrop and based on a series of lectures seminars and research conducted by the author Mao s China and Post Mao China captures the dynamics dynamism and disasters of Chinese politics since the establishment of the People s Republic of China in 1949

This advanced textbook identifies three key themes that have underpinned the post revolutionary era the so called three Rs Revolution Recovery and Rejuvenation and is essential reading for anyone interested in the politics of modern China at the undergraduate and postgraduate level **Handbook on Human Rights in China** Sarah Biddulph, Joshua Rosenzweig, 2019 This Handbook gives a wide ranging account of the theory and practice of human rights in China viewed against international standards and China's international engagements around human rights The Handbook is organised into the following sections contested meanings international dimensions economic and social rights civil and political rights rights in action and access to justice political dimensions of human rights in Greater China and new frontiers Focus On: 100 Most Popular American 3D Films Wikipedia contributors, Translations on Communist China's Industry and Materials United States. Joint Publications Research Service, 1965-04 *Soliloquies on Future Policing* Dr. K. Jayanth Murali, 2024-02-07 Embark on a riveting odyssey into the whirlwind of futuristic law enforcement with Jayanth Murali the acclaimed author of 42 MONDAYS With a career steeped in law enforcement Murali propels readers into a mesmerizing expedition through the disruptive landscapes of emerging technologies Gear up for an exhilarating escapade through avant garde realms like Artificial Intelligence Face Recognition Blockchain and Nanotechnology forces that redefine policing while delving unflinchingly into its cataclysmic underbelly Propel into uncharted dimensions of DNA fingerprinting CRISPR technology and the looming menace of cyber terrorism Hover in cyberspace where the darknet orchestrates clandestine symphonies from cybersex to arms trafficking Throttle up for a seamless glide into the enigmatic Metaverse envisioning its intricate policing needs Shift gears into tangible law enforcement glimpsing strategies like proactive pandemic evidence based and crowd sourced policing Hurtle down to face chilling whispers of murder genes robocops and cyborgs Provocative thrilling and utterly unputdownable *Soliloquies of Future Policing* is a must read It isn't just a book it's a portal a siren song of what's to come Is our future a utopian sunshine or a dystopian nightmare In this game of cops and algorithms the only constant is change And it's coming faster than a speeding bullet *China's Energy Security and Relations With Petrostates* Anna Kuteleva, 2021-07-26 This book examines the development of bilateral energy relations between China and the two oil rich countries Kazakhstan and Russia Challenging conventional assumptions about energy politics and China's global quest for oil this book examines the interplay of politics and sociocultural contexts It shows how energy resources become ideas and how these ideas are mobilized in the realm of international relations China's relations with Kazakhstan and Russia are simultaneously enabled and constrained by the discursive politics of oil It is argued that to build collaborative and constructive energy relations with China its partners in Kazakhstan Russia and elsewhere must consider not only the material realities of China's energy industry and the institutional settings of China's energy policy but also the multiple symbolic meanings that energy resources and particularly oil acquire in China China's Energy Security and Relations with Petrostates offers a nuanced understanding of China's bilateral energy relations with Kazakhstan and Russia raising essential

questions about the social logic of international energy politics It will appeal to students and scholars of international relations energy security Chinese and post Soviet studies along with researchers working in the fields of energy policy and environmental sustainability
