Thucydides - a violent teacher? Georg Rechenauer, Vassiliki Pothou, 2011-04-06 Das Werk des Thukydides über den Peloponnesischen Krieg hat nicht nur bis heute unsere Vorstellung von Geschichte maßgeblich geprägt es fordert aufgrund der Komplexität seiner Darstellung auch die philologische wie historische Interpretation in besonderem Maße heraus Neben der Konzentration der Darstellung auf die politisch militärischen Aspekte hat dieses Werk mit der Eröffnung eines vollkommen illusionslosen ja regelrecht naturwissenschaftlichen Blickes auf das historische Geschehen und seine Antriebskräfte Maßstäbe gesetzt die seither kaum mehr bertroffen wurden Angesichts der frappierenden Nüchternheit mit der Thukydides die geschichtliche Realität als naturhaften Seinsbereich jenseits aller theologischen ethischen oder ideologischen Verbrämung darstellt faszinieren an diesem Geschichtsmodell die geistesgeschichtlichen Voraussetzungen wie die hermeneutischen Implikationen gleichermaßen Der vorliegende Band versucht Antworten zu finden auf die Frage wie sich im Geschichtswerk

des Thukydides das Verhältnis zwischen historischer Realität und literarischer Darstellungsweise gestaltet Dabei werden aus verschiedenen Blickwinkeln neue Einsichten vermittelt zu der Frage wie der Leser der zeitgenössische des 5. Jahrhunderts v. Chr. ebenso wie der heutige vom Autor als gewalttätigem Lehrer gelenkt wird The work of Thucydides on the Peloponnesian War has not only decisively influenced our notion of history up until the present day the complexity of his account also constitutes a particular challenge to philological and historical interpretations alike Besides focussing on the political and military aspects by virtue of its unpretentious downright scientific perspective on historical events and their driving forces this work set standards that have hardly been surpassed since In the light of the remarkable sobriety with which Thucydides presents historical reality as a natural realm of existence beyond all theological ethical or ideological embellishments the history of thought and the hermeneutical implications behind this model of history are equally fascinating This volume endeavours to explore the nature of the relation between historical reality and literary portrayal in Thucydides historical work New insights are provided from different perspectives on the question how the contemporary 5th century and the present day reader is directed by the author as a violent teacher

Unthinking Epistemicide Lucas Van Milders, 2024-11-05 How can the supremacy of the Western worldview be undone This book argues that the cause of social and political inequalities is above all the inequality of non Western worldviews when compared to that of the West Developing a critical theory and praxis for undoing epistemicide or in other words the murder of knowledge this book challenges the approach of the West and the rest Epistemicide refers specifically to the destruction of non Western forms of knowledge production that has facilitated the hegemony of Western centric epistemology or one that takes the West as a universalized perspective Rather than rehashing well known critiques of Western centrism this book develops the claim that alternative to the West vs Rest hierarchy worldviews are necessarily plural as each way of looking at the world reflects a particular perspective on the world Bringing this plurality of perspectives into a dialogue that celebrates difference and equality this book presents both a theoretical understanding of the world as hosting multiple worldviews and a practical conception of these worldviews as always already enacted within the world Undoing the dominance of the Western centric worldview entails looking at the different ways of being in the world that exist today and that reflect the prospect of a world in which many worlds are possible

The Complexity of Populism Paula Diehl, Brigitte Bargetz, 2023-07-31 This book explores the mechanisms and elements of populism to develop new theoretical and methodological approaches Much as populism has been researched it remains a contested notion without

coherent definition and methodology and shaped by dimensions such as ideology communication style discourse mobilization and organization It has simultaneously mobilized emotions produced symbols affected subjectivity and gender relations and can manifest itself in different ways and appear in hybrid forms such as in the cases of Silvio Berlusconi Hugo Chavez and Donald Trump International expert contributors explore how such a variety of phenomena can be explained and analyzed expanding the scope of populism research by proposing a multidimensional and complex understanding of populism They argue for a greater epistemological differentiation and propose a methodology that integrates different fields of politics This complex approach makes it possible to analyze populism as a multifaceted phenomenon and to understand how populisms affect politics and society Aimed at postgraduates and researchers in populism as well as scholars in political science and sociology media communication cultural gender and global studies the volume also contributes to a better understanding of manifestations of right wing and authoritarian populism in the twenty first century **The Irrational in Politics** ,1970

Manhood and American Political Culture in the Cold War K.A. Cuordileone,2012-11-12 Manhood and American Political Culture in the Cold War explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior The Saturday Review of Politics, Literature, Science, Art, and Finance ,1892
