History of the Isle of Sheppey Augustus A. Daly,1975 Isle of Sheppey and Sheerness-on-Sea. Official Guide, Etc.
(The Official Guide to the Isle of Sheppey and Sheerness-on-Sea Isle of SHEPPEY,1954 **The history of the Isle of Sheppey** Augustus A. Daly,J. James Proctor,1975 The Story of Sheppey John Clancy,2008 The Isle of Sheppey just 9 miles long and 4 miles wide is situated in the Thames Estuary at the mouth of the Medway It is a mysterious and ancient place separated from the mainland by arm and of the sea known as The Swale Sheppey once mainly known for sheep rearing as its name implies falls into two regions the northern half built up and developed which includes the towns of Sheerness Minster Queenborough and Leysdown and the southern part mainly consisting of marshes and the occasional tiny hamlet The island itself has a long and complex history A Bronze Age settlement and a Saxon monastery at Minster both left their mark on the island as did the Romans although they did not settle permanently they had a look out point here In later centuries Sheppey has also seen the construction of a naval dockyard at Sheerness which would have become one to the foremost in the country if it had not flooded during construction the founding of Britain s first cooperative society the demolition of a castle that had been designed by the architect of Windsor Castle the first purpose built aircraft factory and a recent development as a holiday destination Sheerness is the most important town today partly because of tourism but also because of steel making and the port which served the Royal navy until 1960 and since then has become one the largest and fastest expanding ports in the U K Lavishly illustrated The Story of Sheppey informative entertaining and thought provoking will appeal to everyone who lives on or visits the island **Isle of Sheppey** Nina Bridgeman Reid,2006-07 This fascinating collection of over 200 old photographs of the Isle of Sheppey shows some of the many changes that this unique area of land in the Thames estuary has seen in the nineteenth century Not only is it a pleasant home for many and a popular holiday centre for countless others but these photographs show that it has also played an important part in England s recent history The island has been a convenient place for shipping activities for centuries It was Samuel Pepys who first suggested that a Royal Dockyard be built at Sheerness and when new docks were opened there in 1823 it became the economic heart of the island The dockyard and fort ensured a continuous presence of the navy and army on the island and after Shellness and Eastchurch were used by Britain s pioneer aviators in 1909 the Royal Air Force followed Much in the countryside remains as it was when the first settlers arrived The marshes of Harty and Elmley overlooking the River Swale are remote but not unwelcoming This book of photographs will appeal to all who know and enjoy this unusual corner of England **A Guide to the Isle of Sheppey, Kent** Brian Slade,1992 **Isle of Sheppey in the Great War** Stephen Wynn,2017-09-30 The Isle of Sheppey although not a heavily populated area played an extremely important part in Great Britains war effort on the home front throughout the four and a half years of the First World War In doing so Sheppey provided protection for the Thames Estuary the River Medway and the naval shipyards at both Sheerness and Chatham Its defensive emplacements largely responsible for

acquiring the nickname locally of the Barbed Wire Island One of its main claims to fame in relation to the years of the First World War would have undoubtedly been in relation to aviation The island had been a hive of activity in relation to flying since the beginning of the twentieth century when the Royal Aero Club came to Leysdown making it the first airfield in England What became Eastchurch Aerodrome was where the first pilots of the Royal Naval Air Service were trained making it the first military flying school in the country The Short brothers also had an aircraft factory at Eastchurch where they designed and built their own aircraft some of which would be used during the First World War The Isle of Sheppey also boasted another aircraft factory which was situated at Shellbeach on the east coast of the island an emergency landing strip at Harty on the south east side of the island and a balloon station at Sheerness The First World War certainly saw the Isle of Sheppey rise to the occasion and add to its long and illustrious military history The part it played went a long way in enhancing the islands reputation of having a dogged determination to do what needed to be done for the greater good in the nations time of need *The History of the Isle of Sheppey, Kent* Thomas John Woodthorpe,1951
