The Islington Crime Survey Jock Young, Trevor Jones, Brian MacLean, Islington (London, England). Council, 1986-03

The First British Crime Survey Julian Molina, 2023-08-23 The First British Crime Survey An Ethnography of Criminology within Government explores the early history of the British Crime Survey and how government officials academics and criminologists address the challenges brought by large scale data projects **Comparative and**

International Criminal Justice Systems Dale June, 2013-05-13 Comparative and International Criminal Justice Systems Policing Judiciary and Corrections Third Edition examines the history dynamics structure organization and processes in the criminal justice systems in a number of selected countries Designed for courses in comparative criminal justice systems comparative criminology and international London in the Twentieth Century Jerry White, 2009-11-10 Jerry White s

London in the Twentieth Century Winner of the Wolfson Prize is a masterful account of the city s most tumultuous century by its leading expert In 1901 no other city matched London in size wealth and grandeur Yet it was also a city where poverty and disease were rife For its inhabitants such contradictions and diversity were the defining experience of the next century of dazzling change In the worlds of work and popular culture politics and crime through war immigration and sexual revolution Jerry White s richly detailed and captivating history shows how the city shaped their lives and how it in turn was shaped by them **Controlling State Crime** Jeffrey Ross, 2017-09-04 Academic research on state crime has focused on the illegal

actions of individuals and organizations i e syndicates and corporations Interchangeably labeled governmental crime delinquency illegality or lawlessness official deviance and misconduct crimes of obedience and human rights violations state crime has largely been considered in relation to insurgent violence or threats to national security Generally it has been seen as a phenomenon endemic to authoritarian countries in transitional and lesser developed contexts We need look no further than today s headlines to see the evidence of state crime Rwanda where government troops massacred countless Hutus and Tutsis governmental atrocities in Kosovo at the hands of the Yugoslavian Army and East Timor where both individuals and property have been decimated largely perpetrated by the Indonesian military The study of how to control state crime has been difficult There are definitional conceptual theoretical and methodological problems as well as difficulties in designing of practical methods to abolish combat control or resist this type of behavior Jeffrey Ian Ross reviews these shortcomings then develops a preliminary model of ways to control state crime His intention is stimulating scholarly research and debate but also encouraging progressive minded policymakers and practitioners who work for governmental and nongovernmental organizations The hope is that they will reflect upon the methods they advocate or use to minimize state transgressions This new edition will be of compelling interest to students of political science and criminology as well as general readers interested in human rights state crime and world affairs Gender and Policing Louise Westmarland, 2002-01-01 Gender and Policing is an innovative study of the real world of street policing and the gender issues which are a central part of this

Derived from extensive ethnographic research involving police responses to gangland shootings high speed car chases as well as more routine policing activities this book examines the way police attitudes and beliefs combine to perpetuate a working culture which is dependent upon traditional conceptions of male and female In doing so it challenges previously held assumptions about the way women are harassed manipulated and constrained focusing rather on the more subtle impact of structures and norms within police culture Gender and Policing will be of interest to all those concerned with questions of policing and gender and occupational culture more generally while the theoretical framework developed will provide an important foundation for strategies of reform At the same time the book provides a vivid and richly textured picture of the realities of operational policing in contemporary Britain

Investigative Interviewing Tom Williamson,2013-09-05 This book examines investigative interviewing in a variety of different countries with different types of criminal justice systems A wide range of often controversial questions are addressed including issues raised by the treatment of detainees at Guantanamo Bay the role of legislation in preventing bad practice and investigative interviewing and human rights

Liquid Criminology Michael Hviid Jacobsen,Sandra Walklate,2016-06-17 This book explores the ways in which criminological methods can be imaginatively deployed and developed in a world increasingly characterized by the blurred nature of social

reality Whilst recognizing the importance of positivist approaches and research techniques it advocates a commitment to understanding the ways in which those techniques can be used imaginatively at times in combination with less conventional methods discussing the questions concerning risk ethics and access that arise as a result Giving voice to cutting edge research practices both in terms of concepts and methods that shift the criminological focus towards the kind of imaginative work that comprised the foundations of the discipline it calls into question the utility and credentials of mainstream work that fails to serve the discipline itself or the policy questions allied to it A call not to give up on numbers but also not to be defined by statistics and the methods that produce them Liquid Criminology sheds light on a way of doing research for criminology that is not only creative but also critical As such it will appeal to scholars of sociology criminology and social policy with interests in research methods and design

The Routledge Handbook of European Criminology Sophie

Body-Gendrot, Mike Hough, Klara Kerezsi, René Lévy, Sonja Snacken, 2013-08-15 This new book brings together some of the leading criminologists across Europe to showcase the best of European criminology This Handbook aims to reflect the range and depth of current work in Europe and to counterbalance the impact of the sometimes insular and ethnocentric Anglo American criminological tradition The end product is a collection of twenty eight chapters illustrating a truly comparative and interdisciplinary European criminology The editors have assembled a cast of leading voices to reflect on differences and commonalities elaborate on theoretically grounded comparisons and reflect on emerging themes in criminology in Europe After the editors introduction the book is organised in three parts five chapters offering historical theoretical and policy oriented overviews of European issues in crime and crime control seven chapters looking at different dimensions of crime in Europe including crime trends state crime gender and crime and urban safety fifteen chapters examining the variety of institutional responses exploring issues such as policing juvenile justice punishment green crime and the role of the victim This book gives some indication of the richness and scope of the emerging comparative European criminology and will be required reading for anyone who wants to understand trends in crime and its control across Europe It will also be a valuable teaching resource especially at postgraduate level as well as an important reference point for researchers and scholars of criminology across Europe

Child Victims Jane Morgan, Lucia Zedner, 1992 Child Victims explores the range and extent

of crimes committed against children and assesses their impact The testimony of over two hundred children gives voice for the first time to their experiences their views and their needs It examines how children attain the status of victims in the criminal justice system Drawing on recent research findings the authors examine each stage of the legal process that a child encounters from the initial reporting of the offence through police investigation to the trial itself They contrast the specialist response to victims of child sexual abuse with the experience of children who are victims of other crimes thrust into an adult system which takes little account of their needs Child Victims concludes by examining the role of support services and agencies dealing with child victims and makes a number of key recommendations for future policy

Routledge

International Handbook of Green Criminology Nigel South, Avi Brisman, 2013-08-29 Academic and general interest in environmental crimes harms and threats as well as in environmental legislation and regulation has grown sharply in recent years. The Routledge International Handbook of Green Criminology is the most in depth and comprehensive volume on these issues to date. With contributions from leading international green criminologists and scholars in related fields, the Handbook examines a wide range of substantive issues including climate change, corporate criminality and impacts on the environment, environmental justice, media representations, pollution (e.g. air, water), questions of responsibility and risk, wildlife trafficking. The chapters explore green criminology in depth, its theory, history and development, as well as methodological concerns for this area of academic interest. With examples of environmental crimes, harms and threats from Africa, Asia, Australia, Eastern Europe, South America, the United Kingdom and the United States, this book will serve as a vital resource for international scholars and students in criminology, sociology, law and socio-legal studies, as well as environmental science, environmental studies, politics and international relations.

Handbook of Victims and Victimology Sandra Walklate, 2017-07-14 This second edition of the Handbook of Victims and Victimology presents a comprehensively revised and updated set of essays bringing together internationally recognised scholars and practitioners to offer substantial research-informed overviews within their specialist fields of investigation. This handbook is divided into five parts, with each part addressing a different theme within victimology. Part I offers a scene-setting exploration of new developments in the field, enduring issues that remain relatively unchanged, and the gaps and traps within the contemporary victimological agenda. Part II examines the complex dimensions to victim experiences as structured by gender, age, ethnicity, sexuality and intersectionality. Part III reflects on the problems and possibilities of formulating policy responses in the light of the changing appreciation of the nature and extent of victimhood. Part IV focuses on the value of a comparative lens and the problems and possibilities of victim policies when seen through this lens, explored along three geographical axes: Europe, Australia and Asia. Part V considers other ways of thinking about who counts as a victim and what counts as victimhood, and extends the boundaries of the victimological imagination outward. Building on the success of the previous edition, this book provides an international focus on cutting-edge issues in the field of victimology. Including brand new chapters on intersectionality, child victims, sexuality, hate crime and crimes of the powerful, this handbook is essential reading for students and academics studying victims and victimology and an essential reference tool for those working within the victim support environment.

The Routledge International Handbook of Violence Studies Walter S. DeKeseredy, Callie Marie Rennison, Amanda K. Hall-Sanchez, 2018-10-30 Violence is a serious public health problem. The number of violent deaths tells only part of the story, and many more survive violence and are left with permanent physical and emotional scars. Violence also erodes communities by reducing productivity, decreasing property values and disrupting social services. In recent years, scholars have broadened their definitions of violence beyond the realm of interpersonal harms such as murder, armed robbery and male-to-female physical and sexual

assaults in intimate relationships to include behaviors often ignored by the criminal justice system such as human rights violations racism psychological abuse state terrorism environmental violations and war Guided by this broader definition of violence this handbook offers state of the art research in the field and brings together international experts to discuss empirical theoretical and policy issues

Traditions of Intolerance Kenneth Lunn,1989 **Forensic Psychology** Joanna R. Adler, Jacqueline M. Gray,2010 This book brings together academics practitioners and experts in the field of forensic psychology to demonstrate the scope of the discipline and push its parameters Its aim is to go beyond introductory texts to challenge perceptions to raise questions for research and to pose problems for practice The editors hope to inspire and stimulate debate about how forensic psychology can aid the practice of justice The book is divided into six sections addressing key topics from the discipline investigation and prosecution testimony and evidence serious and persistent offending treat

Justice for Victims Inge Vanfraechem, Antony Pemberton, Felix Ndahinda,2014-06-27 Justice for Victims brings together the world s leading scholars in the fields of study surrounding victimization in a pioneering international collection This book focuses on the current study of victims of crime combining both legal and social scientific perspectives articulating both in new directions and questioning whether victims really do have more rights in our modern world This book offers an interdisciplinary approach covering large scale political victimization terrorist victimization sexual victimization and routine victimization Split into three sections this book provides in depth coverage of victims rights transitional justice and victims perspectives and trauma resilience and justice Victims rights are conceptualised in the human rights framework and discussed in relation to supranational international and regional policies The transitional justice section covers victims of war from those caught between peace and justice as well as post conflict justice The final section focuses on post traumatic stress connecting psychological and anthropological perceptions in analysing collective violence mass victimization and trauma This book addresses challenging and new issues in the field of victimology and the study of transitional and restorative justice As such it will be of interest to researchers practitioners and students interested in the fields of victimology transitional justice restorative justice and trauma work

Realist Criminology John Lowman, Brian MacLean,1992-01-01 In the 1980s in Britain a new school of critical criminology arose to challenge the political and philosophical idealism that characterized its critical predecessors and to offer an alternative to the crime control policies of the New Right Arguing that by overemphasizing the crimes of the powerful much of critical criminology had virtually ignored the impact of street crime on its victims a left realism emerged to reassert the centrality of the victim in the development of a progressive criminology Critical realism recognizes the seriousness of street crime for those people victimized by it particularly women acknowledges that a consensus as to the desirability of a core group of laws does exist and advocates various kinds of criminal justice reform and crime prevention strategies In this respect there are important parallels with debates in feminism concerning the role of the state in the problem of violence against women One of the most important

contributions critical realism has made to criminological research is the development of local crime surveys which attempt to measure patterns of victimization and policing and how these are perceived by the general public Such research remains largely undeveloped in North America and it is the purpose of this book to begin to take stock of these developments and examine their relevance for North America This is the first text to include a critical examination of left realism examine its relationship to feminism and comment on its relevance outside Britain **Crime and Criminality** Sandie Taylor,2015-12-22

The question of why and how certain individuals are drawn towards behaving in a way that contravenes the Law of the Land is not an easy one to address Researchers from various different fields have nevertheless attempted to develop theoretical explanations for the existence of different types of crime and why some individuals commit such acts Crime and Criminality draws on criminology sociology psychology and neuroscience to offer a balanced perspective of crime the criminal and criminality Coverage includes a comprehensive discussion of theoretical approaches to criminal behaviour including biological social and rational choice approaches an analysis of legal and social definitions of crime and how these definitions influence the way specific behaviours are labelled as criminal an examination of different types of crime and criminals from delinquents to psychopaths and sex offenders an exploration of different ways in which crime is predicted including risk assessment and offender profiling and an overview of investigative techniques Addressing a broad range of topics and offering a synthesis of competing theoretical explanations of criminality this book is essential reading for students taking courses in criminology criminal psychology criminal behaviour forensic psychology and psychological criminology
