## **The Israeli Army:**

A History of the Israeli Army, 1874 to the Present Zeev Schiff, 1985 Bog om den israelske h r s historie og om staten Israels krigshistorie i vort rhundrede Biblioteket har f rsteudgaven fra 1974 Den nyeste udgave indeholder tillige et afsnit om krigen i Libanon i 1982

**A History of the Israeli Army: 1874 to the Present** Ze'ev Schiff, 2024-05-23 It is virtually impossible to understand Israel or the Middle East without understanding Israel s military history and its security needs There are many books that attempt to provide such a history but Ze ev Schiff s concise History of the Israeli Army is unquestionably the most successful he writes with great objectivity and probes issues that most Israeli military writers prefer to dodge Mr Schiff s ability to come to grips with the fact that both Israel and the Arab states bordering it used tactics the other side regards as terrorism and continue to use them is matched by his skill in summarizing the causes course and outcome of the large scale Arab Israeli conflicts in 1956 1967 and 1973 and the war of attrition in 1969 70 Mr Schiff provides an excellent summary of the political and military forces that shaped Israel s behavior in each war He neither justifies nor excuses Israel s behavior and he does not justify or excuse Israel s motives and goals he is content to explain them He also explains the factors that shaped Arab behavior and gives the causes of Arab defeats without editorializing Mr Schiff avoids technical issues tactics and the details of battles he focuses on the main flow of events He provides a short history of the major events shaping Israel s military forces and strategy before and during each war His descriptions of military events flow naturally out of his accounts of political motives and strategy His chapter on doctrine ties together the histories of the different conflicts and it should be read by anyone who feels Israel somehow has caused most of its wars His chapter on the 1982 war in Lebanon is the most incisive reporting yet done on that event a model of how good defense reporting can be when it looks beyond the day to day flow of events and searches out the underlying pattern of military conflict and its causes Mr Schiff presents the war as one in which Mr Sharon then Israel s Minister of Defense snatched defeat from the jaws of victory Mr Schiff s treatment of Mr Sharon and the P L O s high command is devastating it adds up to one of the best arguments against violence as a solution to the problems of the Middle East ever written In short Mr Schiff has written a history that any historian or political or military analyst must envy The New York Times A story concisely and clearly told Schiff s ability to deal with Israeli military matters accurately and analytically is in evidence as usual This is a good introduction to the subject and well written Middle East Journal I f one does not have a basic book on the Israeli Army this is one of the best Military Affairs

**The Anatomy of the Israeli Army** Gunther E. Rothenberg, 1979 En af de f rste fremstillinger om den israelske h r Med baggrund i Seksdageskrigen og Yom Kippurkrigen samt h rens oprettelse i slutningen af 1940 erne beskriver IDF s historie organisation bev bning samt taktik og strategi

**The Making of Israel's Army** Yigal Allon, 2024-07-03 Allon recounts the growth of the Israeli army from its inception in the 1880 s when Jewish communities in Palestine formed their first small self defence groups through the Haganah s clandestine period in the 1920 s

and 30 s and the fighting after 1945 when army and state together achieved legality to the Sinai Campaign of 1956 and the Six Day War in June 1967 when the army reached maturity His precise economical narrative interspersed with brief passages of analysis is supplemented by extensive documentation which is especially interesting in the way it traces the development of attitudes and doctrine in the Israeli forces The work is a valuable contribution It tells us a great deal about the organization in its various stages that fought the wars and helps explain why these assumed the forms that they did and why they succeeded a study that is more than a history of a military organization Middle Eastern Studies Allon has contributed an extended essay concerned with the Israeli Government s military philosophy policy and strategy rather than an administrative and technical history half the book contains several important reports and policy statements not easily available in English describing military actions undertaken between 1941 and 1967 Allon was an important contributor to the development of the Israeli Defense Forces a rather breathtaking sweep in which hardly a word is wasted The American Political Science Review Allon seeks to explain in concise format the development of Israel s military doctrines of defense The author was former Palmach commander one of the architects of the IDF and a commander of various military units and on several battlefronts during Israel s War of Independence Middle East Journal The development of Israel s armed forces and military doctrine in the context of that country s unique strategic needs Especially interesting are the criticisms of some of the Israeli government s decisions taken just before and during the Six Day War Foreign Affairs A n account authoritative in content modest in tone of the growth and character of the Israeli army by one of its principal creators and leaders International Affairs Allon gives a short historical and technical account of the evolution of an Israeli fighting capability over the past 70 years The exploits of this army are significant and should be analyzed No less interesting are the book s descriptions of individual actions by participants in the first and second of Israel s wars The value of the book stems partly from a continuity of perspective on Israel s strategic problems from 1948 to August 1969 a useful book Military Affairs An Army Like No Other Haim Bresheeth-Zabner, 2020-08-25 The Israeli army officially named the Israel Defence Forces IDF was established in 1948 by David Ben Gurion Israel s first prime minister who believed that the whole nation is the army In his mind the IDF was to be an army like no other It was the instrument that might transform a diverse population into a new people Since the foundation of Israel therefore the IDF has been the largest richest and most influential institution in Israel s Jewish society and is the nursery of its social economic and political ruling class In this fascinating history Bresheeth charts the evolution of the IDF from the Nakba to wars in Egypt Lebanon Iraq and the continued assaults upon Gaza and shows that the state of Israel has been formed out of its wars He also gives an account of his own experiences as a young conscript during the 1967 war He argues that the army is embedded in all aspects of daily life and identity And that we should not merely see it as a fighting force enjoying an international reputation but as the central ideological political and financial institution of Israeli society As a consequence we have to reconsider our assumptions on what any kind of peace might look

like **The Israeli Army in the Middle East Wars 1948-73** John Laffin,2012-08-20 Israel assumes in advance that defeat in war means an end to the Jewish nation and it wages war accordingly This fact influences the Israeli approach to its army and to the strategy tactics training and conduct of war Surrounded by hostile nations Israel has fought six victorious wars between 1948 and 1973 For a force which began as an irregular impoverished and improvised group this is a formidable record Backed by plenty of photographs and eight full page colour plates this fine text examines the six wars fought between 1948 73 including the extraordinary Israeli victory of 1967 **The Israeli Army in the Middle East Wars 1948-73** John Laffin,2012-08-20 Israel assumes in advance that defeat in war means an end to the Jewish nation and it wages war accordingly This fact influences the Israeli approach to its army and to the strategy tactics training and conduct of war Surrounded by hostile nations Israel has fought six victorious wars between 1948 and 1973 For a force which began as an irregular impoverished and improvised group this is a formidable record Backed by plenty of photographs and eight full page colour plates this fine text examines the six wars fought between 1948 73 including the extraordinary Israeli victory of 1967

**The Sword And The Olive** Martin Van Creveld,2008-08-06 Combining razor sharp analysis with dramatic narrative vivid portraits of soldiers and commanders with illuminating discussions of battle tactics and covert actions The Sword and the Olive traces the history of the IDF from its beginnings in Palestine to today The book also goes beyond chronology to wrestle with the political and ethical struggles that have shaped the IDF and the country it serves struggles that are manifesting themselves in the recent tragic escalation of the Palestinian Israeli conflict Often revisionist in attitude surprising in many of its conclusions this book casts new light on the struggle for peace in the Middle East Minorities in the Israeli Military, 1948-58 Randall S. Geller,2017-08-25 This study examines the attitudes and policies on all sides of the majority minority divide in Israel during the state s formative decade and how the social political and strategic decisions made vis vis the non Jewish populations then continue to impact this unique Middle Eastern state today While land labor and settlement policies or the educational legal or political systems could have been used to explore majority minority relations in Israel between 1948 1958 this study does so through the prism of the army in theory the state s most unifying social institution The central questions investigated in this study are how did the leadership of the Jewish majority balance its declared commitment to the state s democratic ideals and the principle of equality on the one hand and its commitment to creating a Jewish state and ensuring its security on the other Was the army charged with instilling Zionist patriotism in Jewish youth prepared to absorb and integrate Arabs who constituted the overwhelming majority of the non Jewish minorities Would the state s minority groups be viewed as trustworthy and loyal enough to serve in the army Furthermore how would potential Arab military service impact the educational mission and particularly the simultaneously transformative and integrative effort the army was charged with carrying out among Jews While a specialized work in the fields of Israel and Middle Eastern Studies this book should appeal to all students interested in majority minority relations and the state building process in newly emerging

democratic societies      The Israeli Military and Israel's Palestinian Policy Yoram Peri,2002      *The Israeli Military and the Origins of the 1967 War* Ami Gluska,2007-02-12 This new book looks at the relationship between the Israeli armed forces the government and the origins of the 1967 War Ami Gluska discusses the effect of the Israel Defense Forces IDF on Israel s defense policy between 1963 1967 against the backdrop of the developments in the Middle East In addition he describes in detail the decision making process leading to the Arab Israeli Six Day War in June 1967 through the prism of the relations between the military and political echelons He shows how the Six Day War was a watershed event in the Middle Eastern conflict and had a profound effect on the development of the Palestinian problem and the character of the State of Israel over the past four decades This book will be of great interest to students of Middle Eastern politics strategic studies Israeli politics and military history in general      The Israeli Army Edward Luttwak,Dan Horowitz,1975 Written between 1968 and 1973 begun in the aftermath of a great victory and completed at a time of renewed war this book is an attempt to explain the phenomenon of the Israeli Army Though loosely chronological this book is neither a history of the Israeli Army nor a history of Israel s wars Its central focus is on the men and ideas that have shaped Israeli defense since the beginning Introduction

**Mastering Soldiers** Eyal Ben-Ari,1998 7 CIVILIAN LIVES EMOTIONS CONTROL AND MANHOODINTERLUDE 8 STRAIGHT TALK AND FEELINGS 8 CONCLUDING CONSIDERATIONS EPILOGUE MY ISRAELI MILITARY A DISAPPEARING WORLD APPENDIX I APPENDIX II APPENDIX III BIBLIOGRAPHY INDEX      *Gender and the Israeli-Palestinian Conflict* Simona Sharoni,1995-03-01 Simona Sharoni s innovative approach to the conflict in the Middle East stresses the relationship between gender and politics by illuminating the daily experiences of women in Israel and in the occupied West Bank and Gaza Strip Among the issues explored are the connections between the violence of the conflict and the escalation of violence against women the link between militarism and sexism and the role of nationalism in building individual and collective identities Sharoni also shows the impact of Intifada the Palestinian uprising in December 1987 on the Palestinian and Israeli women s movements While women s coalitions such as these are critical subjects in and of themselves the actions of marginalized women are rarely if ever given serious treatment in the study of international relations With this book Sharoni creates an aperture for the emergence of new perspectives and alternative methods in the development of a new vision in global politics and gender equality The interdisciplinary scope of the book will make it valuable to scholars of political science women s studies conflict resolution and Middle East studies      **The Israeli Military and the Origins of the 1967 War** Ami Gluska,2007-02-12 This new book looks at the relationship between the Israeli armed forces the government and the origins of the 1967 War Ami Gluska discusses the effect of the Israel Defense Forces IDF on Israel s defense policy between 1963 1967 against the backdrop of the developments in the Middle East In addition he describes in detail the decision making process leading to the Arab Israeli Six Day War in June 1967 through the prism of the relations between the military and political echelons He shows how the Six Day War was a watershed event in the Middle

Eastern conflict and had a profound effect on the development of the Palestinian problem and the character of the State of Israel over the past four decades This book will be of great interest to students of Middle Eastern politics strategic studies Israeli politics and military history in general *The Process of Israeli Decision Making: Mechanisms, Forces and Influences* Karim El-Gendy, 2018-12-16 Al Zaytouna Centre has published the second edition of *The Process of Israeli Decision Making* by Karim El Gendy The 272 page book is an attempt to understand the Israeli decision making process and to bridge the literature gap by relating domestic factors with decision making and foreign policy El Gendy aims to discuss the Israeli decision making process from three different viewpoints The decision makers and the formal relationship between them the structural forces and influences inherent in the decision making mechanism and the external factors that influence the decision making process The author explains how elements and forces within the labyrinth of the Israeli society exert influence on the decision making mechanism and on how foreign policy and national security decisions are made He expands on a number of external forces or forces external to the decision making process that are powerful enough to influence it El Gendy discusses the influence of five forces the military the advisors two religious groups the relationship with the United States and the relationship with the Jewish Diaspora This book attempts to take holistic approach to the decision making process and avoid focusing its attention solely on decision making in crisis situations **Keeping Israel Safe** Barbara Sofer, 2008-01-01 Meet four Israeli teens as they prepare for military service Learn how the Israel Defense Forces advanced technology intelligence and weapons systems make it one of the most admired armies in the world P 4 of cover *Military Industry and Regional Defense Policy* Timothy D. Hoyt, 2017-07-05 *Military Industry and Regional Defense Policy* re examines military industrialization in the developing world focusing on policy making in producer states and the impact of security perceptions on such policy making Timothy D Hoyt reassesses the role of regional state sub systems in international relations and recent historical studies of international technology and arms transfers Looking at Israel Iraq and India the three most powerful regional powers in the Cold War era he presents an expert analysis of the three sided phenomena of the regional hegemony the regional competitor and the small over achiever This new book breaks away from existing literature on military industries in the developing world which has focused on their economic and development costs and benefits These past studies have used primitive methodologies that focus on the production of complete weapons systems a misleading gauge in a world of growing international defense cooperation They have also ignored empirical evidence of the impact of local military industrial production on Cold War regional conflict and of the defence planning and concerns that drove development of indigenous military industries in key regional powers This new text delivers an incisive new perspective **Surrounded** Rhoda Ann Kanaaneh, 2008-10-10 An estimated 3 000 Palestinian citizens of Israel currently volunteer to serve in the Israeli military a force fighting other Palestinians just miles away in occupied territories *Surrounded* takes a close look at this controversial group of soldiers examining the complex reasons these people join the army and the wider

implications of their decisions in terms of security and citizenship Most observers perceive a clear and powerful divide in the political tensions and open hostilities between the State of Israel and the Palestinian people but often fail to notice those who straddle this divide Palestinian citizens of Israel These soldiers comprise no more than half a percent of this population but their stories provide a powerful vantage point from which to consider a question faced by all Palestinians in Israel to what extent are they in fact Israeli Surrounded contains over seventy interviews with soldiers and provides a unique glimpse of their conflicting experiences of acceptance integration and marginalization within the Israeli military Concluding with comparisons to similar situations around the world the book upends nationalist understandings of how wars and those who fight in them work A key to a more complex understanding of ethnic conflict this gripping and revealing look at a select group of soldiers will immensely alter ideas about the reasons why people choose to fight particularly on the wrong side of a war

**The Israel-Arab Reader** Walter Laqueur, Dan Schueftan, 2016-09-20 Now in its eighth edition a essential resource on the more than century old conflict in the Middle East In print for nearly half a century and now in its eighth edition The Israel Arab Reader is an authoritative guide to over a century of conflict in the Middle East It covers the full spectrum of a violent and checkered history the origins of Zionism and Arab nationalism the struggles surrounding Israel s independence in 1948 the Six Day War and other wars and hostilities over the decades and the long diplomatic process and many peace initiatives Arranged chronologically and without bias by two veteran historians of the Middle East this comprehensive reference brings together speeches letters articles and reports involving all the major interests in the area The eighth edition features a new introduction as well as a large new section more than 40 pages recounting developments over the last decade including the intra Palestinian factional strife between Fatah and Hamas the roles played by Egypt and Iran in the region enduring arguments over a two state solution and the right of return for Palestinian refugees and issues of human rights abuse and terrorism

### **The Israeli Army Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Israeli Army has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Israeli Army has opened up a world of possibilities. Downloading The Israeli Army provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Israeli Army has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Israeli Army. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Israeli Army. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Israeli Army, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Israeli Army has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
