Racializing Media Policy Jason A. Smith,Richard T. Craig,2023-02-22 Racializing Media Policy contributes to a wider understanding of the role of policy work in the media systems examining the ways that race is embedded within those structures It is an important read for scholars across the Sociology and Media Studies fields in addition to providing critical context for policymakers **We Do Our Part** Charles Peters,2019 The legendary editor who founded the Washington Monthly explores the resentful unequal uncaring parts of today s American culture that Trump has inflamed and that have made Trump possible and how to cope with them The Atlantic Foreword by Jon Meacham With clarity and wit the legendary editor Charles Peters explains the chasm that defines us today the split between the educated elite and the working class rural and religious voters who live in what s condescendingly but tellingly known as flyover country The beginning of the end of Trumpism will come when blue state sophisticates confront their role in creating the political economic and cultural resentments that propelled the forty fifth president into office Too many Democrats lost touch with the average American Peters argues when the liberal elite became more concerned with being smarter having better taste and making more money than with understanding why workers were earning less and hated being regarded with contempt It was this hatred of being looked down on as bigoted boobs in polyester that united working class rural and evangelical voters and helped set the stage for the culturally populist backlash of 2016 and beyond In *We Do Our Part* Peters shows us where we have been and where we are going drawing on his invaluable perspective as a man who has seen America s better days and still believes in the promise that lies ahead Praise for *We Do Our Part* Peters weaves a synthesis of mainstream and progressive centrist and

popular thought that would re anchor the Democratic Party both in its own traditions and in outreach to the restless angry swath of the country that elected President Trump Peters is an American original The Washington Post A great book about modern American history Chris Matthews Hardball
