The James Dean Story:

THE JAMES DEAN STORY Stewart Stern,1957 **The James Dean Story** Ronald Martinetti,1995 In this no punches pulled biography Martinetti brings James Dean alive with dazzling clarity His motivations loves ambitions and fears are all exposed The people in his life both those who loved and hated him speak out with candor and many never before known facts about the actor are revealed Photos **The James Dean Story** Ronald Martinetti,1975 Photographs Heritage Auction Galleries (Dallas, Tex.),2023 *The Real James Dean Story* ,1956 **The James Dean Story in Grant County** Leslie I. Neher,1997 *The Legend of James Dean* Derek Reeves,2024-09-17 The Legend of James Dean Demonic Heroes Have Villainous Virtues challenges previously conceived notions about the actor James Dean Author Derek Reeves argues that Dean was not a rebel against the establishment and that class conflict the need to redefine his public image and a desire to attack Christianity prompted the men who ran the motion picture industry in the 1950s to portray the actor as a rebel against conformity of any kind Members of the postwar generation embraced Dean as a symbol of rage and rebelliousness because they believed that the thuggish characters he played reflected his essential persona Dean s characterization of the tough teenager gave a sense of belonging to misdirected young people whose adolescent rebellion stemmed from their inability to cope with societal demands during the Eisenhower era The author s analysis of Dean s legend provides rare insight into the actor s life viewed from a historical perspective If you ve ever wondered what Dean did to earn a star on Hollywood s Walk of Fame you ll want to read this book which shines a spotlight on an American legend who was posthumously nominated for an Academy Award as Best Actor in a Leading Role in 1956 and 1957 **Billboard** ,1956-09-29 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *James Dean: The Mutant King* David Dalton,2001-09-01 This is the book that restarted the James Dean cult by celebrating him as the cool defiant visionary of pop culture who made adolescence seem heroic instead of awkward and who defined the style of rock n roll s politics of delinquency The only book to fully show how deliberately and carefully Dean crafted his own image and performances and the product of still unequalled research vivid writing intimate photographs and profound meditation James Dean The Mutant King has become almost as legendary as its subject **James Dean** René Chateau,1975 The Unknown James Dean Robert Tanitch,2014-10-30 This biography lavishly illustrated traces Dean s development as an actor through his film work and numerous lesser known roles in the theatre and television **In Love with James Dean** Heidi Gul,2016-06-08 Being in love is when you see something really beautiful and your first thought is I want them to see it too I saw the beautiful James Dean fell in love and my first thought was I want the whole world to see and know how magnificent he was in all respects I took great pleasure in writing this picture book in telling people my story It summarizes the last 18 months of my life my journey of being in love with the late

great James Dean How I first saw him how I fell in love how it changed my life forever how being in love with James Dean brought me countless moments of joy and pleasure how I so wanted a bond with someone who would truly understand me and not judge me for being in love with the LATE James Dean someone who would admire the man as deeply as I did how I found a way of channeling my emotions into something even more wonderful This picture book is not only a fan tribute but an attempt to keep James Dean's legacy alive and to introduce him to the future through my words my feelings and through loads of my favorite photographs of him for James Dean lives on just as young and just as beautiful 60 years later **James Dean Transfigured** Claudia Springer, 2007-03-01 After the death of James Dean in 1955 the figure of the teen rebel permeated the globe and its presence is still felt in the twenty first century Rebel iconography which does not have to resemble James Dean himself but merely incorporates his disaffected attitude has become an advertising mainstay used to sell an array of merchandise and messages Despite being overused in advertisements it still has the power to surprise when used by authors and filmmakers in innovative and provocative ways The rebel figure has mass appeal precisely because of its ambiguities it can mean anything to anyone The global appropriation of rebel iconography has invested it with fresh meanings Author Claudia Springer succeeds here in analyzing both ends of the spectrum the rebel icon as a tool in upholding capitalism's cycle of consumption and as a challenge to that cycle and its accompanying beliefs In this groundbreaking study of rebel iconography in international popular culture Springer studies a variety of texts from the United States and abroad that use this imagery in contrasting and thought provoking ways Using a cultural studies approach she analyzes films fiction poems Web sites and advertisements to determine the extent to which the icon's adaptations have been effective as a response to the actual social problems affecting contemporary adolescents around the world **The James Dean Life Story** William Blast, 1956 James Dean in Death Warren Newton Beath, Paula Wheeldon, 2005 James Dean's short life and three film career inspired countless actors and rebellious teenagers but his untimely death in a 1955 car crash has been an inspiration of a different kind The ensuing decades have seen a continuing fascination with Dean's life and have also fostered legions of devotees fascinated by his death With the expected death site pilgrims alternative theorists reports of Dean's ghost hitchhiking along that fated highway there are the odd the unbelievable and the downright wacky lingering love affairs with Dean's ghost visions of his disembodied head and of course reports that he's alive and well raising chickens and drinking rum with buddies in South America The ongoing growing fascination folklore and legend surrounding the life and death of James Dean is testament that the cult of celebrity death is alive and well This encyclopedia of James Dean related subjects includes entries on such topics as associates locales books and ephemera associated with his life It focuses intensely on the events and people linked to his fatal crash and on the body of myth mystery and folklore surrounding Dean's tragic death *James Dean: Rebel Life* John Howlett, 2016-11-01 James Dean died in 1955 The star of three movies he was aged just 24 Six decades later the charismatic screen idol has lost none of his power to captivate Revered by fresh generations of fans born years after

his untimely death the glamor of his limited but incandescent legacy of cinematic classics *East of Eden* *Rebel Without a Cause* and *Giant* will never fade Drawn from extensive research and original interviews James Dean *Rebel Life* strips back the hype to reveal the man behind the myth Filled with the testimonies of the actors directors and ex lovers who knew Dean best and lavishly illustrated with candid photos from boyhood up to Dean s untimely death and sumptuous film stills the book provides a uniquely personal insight into the life and times of Hollywood s tragic leading man essential reading for fans of every generation

The Origins of Cool in Postwar America Joel Dinerstein, 2017-05-17 An entertaining study of the enduring concept of coolness and the mix of cultures and historical events that shaped it The New York Times Cool It was a new word and a new way to be and in a single generation it became the supreme compliment of American culture The Origins of Cool in Postwar America uncovers the hidden history of this concept and its new set of codes that came to define a global attitude and style As Joel Dinerstein reveals cool began as a stylish defiance of racism a challenge to suppressed sexuality a philosophy of individual rebellion and a youthful search for social change Through portraits of iconic figures he illuminates the cultural connections and artistic innovations among Lester Young Humphrey Bogart Robert Mitchum Billie Holiday Frank Sinatra Jack Kerouac Albert Camus Marlon Brando James Dean and others We eavesdrop on conversations among Jean Paul Sartre Simone de Beauvoir and Miles Davis and on a forgotten debate between Lorraine Hansberry and Norman Mailer over the white Negro and black cool We come to understand how the cool worlds of Beat writers and Method actors emerged from the intersections of film noir jazz and existentialism Out of this mix Dinerstein sketches nuanced definitions of cool that unite concepts from African American and Euro American culture the stylish

stoicism of the ethical rebel loner the relaxed intensity of the improvising jazz musician the effortless physical grace of the Method actor To be cool is not to be hip and to be hot is definitely not to be cool Eminently readable Much more than just a history of cool this book is a studied examination of the very real often problematic social issues that popular culture responds to Publishers Weekly starred review The kind of book that makes learning enjoyable The Wall Street Journal Superb Times Higher Education *James Dean* Mary Gillespie, 1993
