The Japanese Canadians : Teacher's Resource Book Roy Ito,1979 *Righting Canada's Wrongs: Japanese Canadian Internment in the Second World War* Pamela Hickman,Masako Fukawa,2012-02-21 During the Second World War over 20 000 Japanese Canadians had their civil rights homes possessions and freedom taken away This visual packed book tells the story *The Impact of Multiculturalism on Public Education, 50 Years Later* ,2024-12-09 This volume grew out of a symposium held at the University of Alberta in March 2021 in commemoration of the 50th anniversary of official multiculturalism in Canada Scholars gathered online during the Covid 19 pandemic to take stock and reflect on the extent and ways multiculturalism legislation and evolving policy has impacted education Scholars used varied and contrasting approaches to educational theory to think about multiculturalism and its impacts including terror management theory the riddle scale art theory and pentimenti transitional justice intraminority and interminority relations the null curriculum and ideas of cultural humility hope and cultural comfort among others *Canadiana* ,1989 **Collective Improvisation in a Teacher Education Community** Linda Farr Darling,Gaalen Erickson,Anthony Clarke,2007-06-04 As has been well illustrated in the other books in this series the notion of self study of teaching and teacher education practices has been taken up by teachers and teacher educators as they have searched for new ways of better understanding the complex work of teaching and learning Self study appears to be attractive to practitioners because a self study approach to researching practice is largely driven by their questions issues and concerns Therefore one immediate value of self study is in the way it can inform and almost immediately influence practice This book edited by Linda Farr Darling Gaalen Erickson and Tony Clarke offers an in depth investigation of the CITE program A Community of Inquiry in Teacher Education and is one of the few examples of that which might be described as an institutional self study Loughran 2005 As such the book illustrates the level of commitment and concern that these teacher educators have for their teacher education practices and for the learning about teaching of their student teachers They demonstrate that it is crucial to question the taken for granted and that in so doing to be careful to seek to be appropriately responsive to disconfirming data *Canadian Books in Print. Author and Title Index* ,1975 *Cartographies of Violence* Mona Oikawa,2012-09-10 In 1942 the federal government expelled more than 22 000 Japanese Canadians from their homes in British Columbia From 1942 to 1949 they were dispossessed sent to incarceration sites and dispersed across Canada Over 4 000 were deported to Japan Cartographies of Violence analyses the effects of these processes for some Japanese Canadian women Using critical race feminist anti colonial and cultural geographic theory Mona Oikawa deconstructs prevalent images stereotypes and language used to describe the Internment in ways that masks its inherent violence Through interviews with women survivors and their daughters Oikawa analyses recurring themes of racism and resistance as well as the struggle to communicate what happened Disturbing and provocative Cartographies of Violence explores women s memories in order to map the effects of forced displacements incarcerations and

the separations of family friends and communities *Resources in Education* ,1998 **Teaching and Learning the Difficult Past** Magdalena H. Gross,Luke Terra,2018-12-07 Building upon the theoretical foundations for the teaching and learning of difficult histories in social studies classrooms this edited collection offers diverse perspectives on school practices curriculum development and experiences of teaching about traumatic events Considering the relationship between memory history and education this volume advances the discussion of classroom based practices for teaching and learning difficult histories and investigates the role that history education plays in creating and sustaining national and collective identities

The Palgrave Handbook of History and Social Studies Education Christopher W. Berg,Theodore M. Christou,2020-04-03 This Handbook presents an international collection of essays examining history education past and present Framing recent curriculum reforms in Canada and in the United States in light of a century long debate between the relationship between theory and practice this collection contextualizes the debate by exploring the evolution of history and social studies education within their state or national contexts With contributions ranging from Canada Finland New Zealand Sweden the Netherlands the Republic of South Africa the United Kingdom and the United States chapters illuminate the ways in which curriculum theorists and academic researchers are working with curriculum developers and educators to translate and refine notions of historical thinking or inquiry as well as pedagogical practice **A Teaching Resource Kit for Mountain Countries** ,2010-01-01 *The Research Compendium* Margaret Avison,Albert Rose,Florence Strakhovsky,1964-12-15 This book represents an important contribution by the School of Social Work at the University of Toronto It is a record of a carefully designed plan to include a worthwhile research experience in the educational programme of every student engaged in graduate education for the profession In the introductory essay Dr Albert Rose explains the methods by which this educational objective has been attempted and traces the evolution of the research requirements as a valid learning

experience The abstracts of 398 student projects provide a varied and interesting illustrative record of the students work These are not definitive studies but they are fertile in suggestive ideas and the reported findings though limited are studded with clues for further and more intensive study in a wide range of welfare services and in different forms of social work The result should be a valuable source of ideas for intending researches in this field both of what is known and perhaps equally important of how much is not known The abstracts have been prepared by Margaret Avison who has also provided an evocative introductory review Road to Justice Art Miki,2025-07-09 Art Miki was five years old in May 1942 when the Canadian government forced him and his family to leave their home in British Columbia because they were Japanese As part of a special law that gave the government extra power during wartime thousands of Japanese people in Canada were interned during the Second World War which meant they lost their homes and had to work in camps on farms or wherever else the government made them go Art and his family were sent to a sugar beet farm in Manitoba where they continued to face racism from the government and other Canadians Many years later Art worked with other Japanese Canadians to make the government answer for the injustice of internment After a lot of hard work and collaboration they finally achieved redress for the wrongs that had been done to them Recognizing that his family s experience was one of many human rights violations in Canada Art helped other groups fight for their rights too When we work together we have the power to push back against injustice and build a better world Stories like Art s can show us how **Newsletter - Canada Japan Trade Council** Canada-Japan Trade Council,1992 **Language in Canada** John Edwards,1998-07-09 Language in Canada provides an up to date account of the linguistic and cultural situation in Canada primarily from a sociolinguistic perspective The strong central theme connecting language with group and identity will offer insights into the current linguistic and cultural tension in Canada The book provides comprehensive accounts of the original charter languages French and English as well as the aboriginal and immigrant varieties which now contribute to the overall picture It explains how they came into contact and sometimes into conflict and looks at the many ways in which they weave themselves through and around the Canadian social fabric The public policy issues particularly official bilingualism and educational policy and language are also given extensive coverage Non specialists as well as linguists will find in this volume a companion to Language in Australia Language in the USA and Language in the British Isles an indispensable guide and reference to the linguistic heritage of Canada *Canadian Books in Print* ,2003 Witness to Loss Jordan Stanger-Ross,Pamela Sugiman,2017-10-18 When the federal government uprooted and interned Japanese Canadians en masse in 1942 Kishizo Kimura saw his life upended along with tens of thousands of others But his story is also unique as a member of two controversial committees that oversaw the forced sale of the property of Japanese Canadians in Vancouver during the Second World War Kimura participated in the dispossession of his own community In Witness to Loss Kimura s previously unknown memoir written in the last years of his life is translated from Japanese to English and published for the first time This remarkable document chronicles a history of

racism in British Columbia describes the activities of the committees on which Kimura served and seeks to defend his actions. Diverse reflections of leading historians, sociologists, and a community activist and educator who lived through this history give context to the memoir, inviting readers to grapple with a rich and contentious past. More complex than just hero or villain, oppressor or victim, Kimura raises important questions about the meaning of resistance and collaboration and the constraints faced by an entire generation. Illuminating the difficult, even impossible, circumstances that confronted the victims of racist state action in the mid-twentieth century, *Witness to Loss* reminds us that the challenge of understanding is greater than that of judgment.
