Modern Chinese Warfare, 1795-1989 Bruce A. Elleman, 2005-07-28 Why did the Chinese empire collapse and why did it take so long for a new government to reunite China *Modern Chinese Warfare 1795-1989* seeks to answer these questions by exploring the most important domestic and international conflicts over the past two hundred years from the last half of the Qing empire through to modern day China It reveals how most of China's wars during this period were fought to preserve unity in China and examines their distinctly cyclical pattern of imperial decline domestic chaos and finally the creation of a new unifying dynasty By 1989 this cycle appeared complete but the author asks how long this government will be able to hold power Exposing China as an imperialist country and one which has often manipulated western powers in its favour Bruce Elleman seeks to redress the views of China as a victimised nation

The Annals of the American Academy of Political and Social Science, 1967-05 *The Other Great Game* Sheila Miyoshi Jager, 2023-05-16 Sheila Miyoshi Jager returns to the three cornered contest among imperial Russia China and Japan over the Korean Peninsula The battle to colonize Korea upended East Asian geopolitics set great power conflicts of the twentieth century in motion and seeded internal rivalries that persist in the peninsula's division between North and South

Surviving Imperial Intrigues Sangpil Jin, 2021-07-31 In *Surviving Imperial Intrigues* Sangpil Jin explores how successful Korean neutralization could have radically transformed the balance of power equation in East Asia He conducted multilocal archival work analyzing documents from the Austro-Hungarian Empire Ministry of Foreign Affairs British Foreign Office French Ministry of Foreign Affairs German Foreign Office Japanese Ministry of Foreign Affairs Russian Foreign Office Russian State Naval Archive and US State Department as well as perusing private papers and newspapers What surfaced in these readings were disparate voices of multiple actors and their agendas concerning Korean neutrality and dynamic international relations in modern East Asia Jin argues that although never implemented Korean neutralization had the potential to succeed during the British occupation of Korea 1885-1887 He further points out that neutralization has recently resurfaced as a possible option for a unified Korean state to preserve its strategic flexibility amidst the US pivot to Asia and China's re-emergence as a potential hegemon in the region While neutralization is the focal point of the book Jin also analyzes Korea's complex and layered relations with China Japan Russia and the United States within the overall

framework of Sino Japanese Anglo Russian and Russo Japanese rivalries A periphery state in the contemporary international system Korea was forced to navigate through intricate diplomatic relations with major imperial powers Jin skillfully directs his academic lens toward understanding the stories behind Korea's contentious relations and the rivalries among the powers The timespan of his study stretching from 1882 to 1907 reflects his unique periodization that offers a groundbreaking view of Korean diplomatic history from a more regional geography paradigm In recent years contemporary South Korea has been learning to reassess its strategic position in the emerging Sino US bipolarity in the Asia Pacific region This book serves as a historical guide for both specialists and policymakers who require a nuanced grasp of the new era of geopolitical shift likely dominated by the two powers China and the United States that possess a distinct understanding of the norms and structure of the international order
