The Jewel In The Crown:

The Jewel in the Crown Paul Scott, 2022-12-22 The first novel in the epic quartet about the last days of British rule in India as much a story of romantic love as it is of crime an artful triumph The New Yorker The Jewel in the Crown is the first of Paul Scott's renowned historical novels that limn the Anglo Indian world with its lovers friends family servants soldiers businessmen murderers and suicides all involved in one another's fate The New York Times It opens in 1942 as the British fear both Japanese invasion and Indian demands for independence On the night after the Indian Congress Party votes to support Gandhi riots break out and an ambitious police sergeant arrests a young Indian for the alleged rape of the woman they both love What has always astonished me about The Raj Quartet is its sense of sophisticated and total control of its gigantic scenario and highly varied characters The politics are handled with an expertise that intrigues and never bores and are always seen in terms of individuals New Republic Paul Scott's vision is both precise and painterly The New York Times Book Review Few people have written about India quite as seductively or as intelligently with a sense of loss but also a sense of responsibility and fallibility Kirkus Reviews starred review

Fictions of 1947 Kate Marsh, 2007 The end of the British Raj and the creation of the two states of India and Pakistan in August 1947 is a recognizable narrative within British Anglophone culture and colonial history In contrast the persistence of the five French trading posts or comptoirs on the Indian subcontinent until 1954 remains largely ignored by both French and British historians of French colonialism and the popular culture of the Hexagone In examining metropolitan French language representations of Indian decolonization

this book demonstrates the importance of the British imperial loss in 1947 as a reference point within French cultural production. The critical investigation into the strategies of representation used problematizes existing Anglophone theoretical models by critics such as Said, Bhabha and Spivak for the analysis of colonial discourse. It reveals that French language representations of Indian decolonization cannot be fully appreciated without engaging methodologically with France's politically subordinate status in India. The book thus challenges the commonly accepted binary between colonizer and colonized, proposing in its place a triangular model composed of the colonized India, the subaltern colonizer France and the dominant colonizer Britain. Through a systematic critical evaluation of the range of texts, journalistic, intellectual, political and literary produced in metropolitan France by authors such as Romain Rolland, Jean Rous, Hélène Cixous, Catherine Clément and Marguerite Duras, the book challenges the current postcolonial orthodoxy that the story of Indian decolonization is solely an Anglophone space.

Allegories of Empire Jenny Sharpe, *Allegories of Empire* was first published in 1993. *Allegories of Empire* reconstellates a metropolitan masterpiece, Forster's *A Passage to India*, within colonial discourse studies. Sharpe, a materialist feminist, is scrupulous in her use of theory to articulate nationalism, historical race, gendering and contemporary feminist critique. Gayatri Chakravorty Spivak, Columbia University. Jenny Sharpe has done a great service in opening up the virtually taboo subject of the rape of the white woman by the colored man and furthermore in teaching us theory making by locating this frenzy of fantasy and reality within a specific crisis of European colonialism in India. In showing how a wild anthropology must continuously rework feminism in the face of racism and vice versa, she shows how the margins of empire were and still are at its center. Michael Taussig, New York University. *Allegories of Empire* introduces race and colonialism to feminist theories of rape and sexual difference, deploying women's writing to undo the appropriation of English universal womanhood for the perpetuation of Empire. Sharpe brings the historical memory of the 1857 Indian Mutiny to bear upon the theme of rape in British and Anglo-Indian fiction. She argues that the idea of Indian men raping white women was not part of the colonial landscape prior to the revolt that was remembered as the savage attack of mutinous Indian soldiers on defenseless English women. By showing how contemporary theories of female agency are implicated in an imperial past, Sharpe argues that such models are inappropriate not only for discussion of colonized women but for European women as well. Ultimately, she insists that feminist theory must begin from difference and dislocation rather than from identity and correspondence if it is to get beyond the race/gender/class impasse. Jenny Sharpe received her Ph.D. in comparative literature at the University of Texas at Austin and is currently a professor of English at the University of California at Los Angeles. She has contributed articles to *Modern Fiction Studies*, *Genders* and *boundary 2*.

The Angelos of Kappa Delta, 1920 **The Jewel in the Crown**, 2021. This 14-part remastered adaptation of Paul Scott's *Raj Quartet* is the story of the men and women of both ruling and ruled classes of WWII India, trying amidst the turmoil to come to terms with the drastic changes taking place around them, knowing that their lives will never be the same again.
