of the difficulties faced by many of these settlers including the experiences of East European Jewish refugees New Zealand soldier settlers and urban families from Yorkshire This book considers how and why these settlement schemes succeeded found other pathways to sustainability or succumbed to failure and even oblivion In doing so the book indicates pathways for the achievement of more economically socially and environmentally sustainable forms of human settlement in marginal areas This engaging collection will be of interest to individuals in the fields of historical geography environmental history and development studies

A History of Antisemitism in Canada Ira Robinson,2015-10-16 This state of the art account gives readers the tools to understand why antisemitism is such a controversial subject It acquaints readers with the ambiguities inherent in the historical relationship between Jews and Christians and shows these ambiguities in play in the unfolding relationship between Jews and Canadians of other religions and ethnicities It examines present relationships in light of history and considers particularly the influence of antisemitism on the social religious and political history of the Canadian Jewish community A History of Antisemitism in Canada builds on the foundation of numerous studies on antisemitism in general and on antisemitism in Canada in particular as well as on the growing body of scholarship in Canadian Jewish studies It attempts to understand the impact of antisemitism on Canada as a whole and is the first comprehensive account of antisemitism and its effect on the Jewish community of Canada The book will be valuable to students and scholars not only of Canadian Jewish studies and Canadian ethnic studies but of Canadian history
