

The Jews Of Vienna 1867 1914 Assimilation And Identity

Arijit Sen, Lisa Silverman

The Jews Of Vienna 1867 1914 Assimilation And Identity:

The Jews of Vienna, 1867-1914 Marsha L. Rozenblit,2012-02-01 Ablaze with excitement effervescent with creativity late nineteenth century Vienna was the ideal site for this analysis of the ways in which a sizable and significant group of Jews was assimilated into European society After leaving homes in the Austrian and Hungarian provinces and migrating to the Austrian capital the Jews underwent a variety of profound changes The Jews of Vienna shows how they successfully transformed old identifiably Jewish patterns of behavior into modern urban variations without abandoning their ethnic identity in the process Marsha L Rozenblit describes the Jews migration to Vienna the occupational changes they experienced in the city where and how they lived the various means they used to achieve social integration and the vibrant network of Jewish organizations they established As they evolved new patterns of urban Jewish life the Viennese immigrants also created ideologies which defined the place of the Jew in European society Rozenblit shows how this urbanization led to social change while simultaneously providing the necessary demographic foundation for continued Jewish identity in modern Europe

Liberalism and the Habsburg Monarchy, 1861-1895 J. Kwan, 2013-11-19 Often the liberal movement has been viewed through the lens of its later German nationalism This presents only one facet of a wide ranging all encompassing project to regenerate the Habsburg Monarchy By analysing its various nuances this volume provides a new more positive interpretation of Austro German liberalism The Jews John Efron, Steven Weitzman, Matthias Lehmann, 2018-09-03 The Jews A History is a comprehensive and accessible text that explores the religious cultural social and economic diversity of the Jewish people and their faith Placing Jewish history within its wider cultural context the book covers a broad time span stretching from ancient Israel to the modern day It examines Jewish history across a range of settings including the ancient Near East the age of Greek and Roman rule the medieval realms of Christianity and Islam modern Europe including the World Wars and the Holocaust and contemporary America and Israel covering a variety of topics such as legal emancipation acculturation and religious innovation The third edition is fully updated to include more case studies and to encompass recent events in Jewish history as well as religion social life economics culture and gender Supported by case studies online references further reading maps and illustrations The Jews A History provides students with a comprehensive and wide ranging grounding in Jewish history Austrians and Jews in the Twentieth Century Robert S. Wistrich, 1992-11-15 The relationship between Austrians and Jews in the twentieth century has been tragic In the age of Franz Joseph Jews achieved a degree of security although their position was already being undermined by antisemitism ethnic conflicts and nationalism This book examines the relationship between Austrians and Jews which culminated in the 1938 Anschluss and the Holocaust It also shows how antisemitism survived the War and how the ground was prepared for the international isolation of Austria during the Waldheim Affair *Jews, Liberalism, Antisemitism* Abigail Green, Simon Levis Sullam, 2020-12-05 This is a timely contribution to some of the most pressing debates facing scholars of Jewish Studies today It forces us to re think standard

approaches to both antisemitism and liberalism Its geographic scope offers a model for how scholars can provincialize Europe and engage in a transnational approach to Jewish history The book crackles with intellectual energy it is truly a pleasure to read Jessica M Marglin University of Southern California USA Green and Levis Sullam have assembled a collection of original and provocative essays that in illuminating the historic relationship between Jews and liberalism transform our understanding of liberalism itself Derek Penslar Harvard University USA This book offers a strikingly new account of Liberalism s relationship to Jews Previous scholarship stressed that Liberalism had to overcome its abivalence in order to achieve a principled stand on granting Jews rights and equality This volume asserts through multiple examples that Liberalism excluded many groups including Jews so that the exclusion of Jews was indeed integral to Liberalism and constitutive for it This is an important volume with a challenging argument for the present moment David Sorkin Yale University USA The emancipatory promise of liberalism and its exclusionary qualities shaped the fate of Jews in many parts of the world during the age of empire Yet historians have mostly understood the relationship between Jews liberalism and antisemitism as a European story defined by the collapse of liberalism and the Holocaust This volume challenges that perspective by taking a global approach It takes account of recent historical work that explores issues of race discrimination and hybrid identities in colonial and postcolonial settings but which has done so without taking much account of Jews Individual essays explore how liberalism citizenship nationality gender religion race functioned differently in European Jewish heartlands in the Mediterranean peripheries of Spain and the Ottoman empire and in the North American Atlantic The Rise of Political Anti-semitism in Germany & Austria Peter G. J. Pulzer, 1988 To understand the 20th century world we must know the 19th It was then that an ancient prejudice was forged into a modern political weapon How and why this happened is shown in this classic study by Peter Pulzer first published in 1964 and now reprinted with a new Introduction by Studies in Contemporary Jewry: X: Reshaping the Past Jonathan Frankel, 1995-03-30 This brilliant collection of the author essays examines the dialogue between Jewish history and historiography in terms of changing national and popular myths folk memory and historical consciousness of Jews in modern times From essays dealing with the origins of Jewish historiography in the nineteenth century to its contemporary perspectives and methodologies this book provides a great overview and varied insights into the field After the Text Liz James, Oliver Nicholson, Roger Scott, 2021-10-31 After the Text honours the work of renowned historian Margaret Mullett who since the 1970s has transformed the study of Byzantine literature Her work has been influential in demonstrating the strength and variety of Byzantine texts Byzantium is renowned for its achievements in architecture and the visual arts Byzantium is renowned for its achievements in architecture and the visual arts Professor Mullett's perceptive studies produced over more than 40 years have shown that the literature of the Byzantine Empire is of equal beauty and interest ranging as it does from high style poetry and rhetoric in the classical manner through letters to demotic writings such as fables and the lives of saints The collection of essays in this volume draws further attention to the wealth and diversity of Byzantine texts by exploring the Greek literature of Late Antiquity and the Middle Ages in all its variety These studies by going like Professor Mullett herself beyond the texts illustrate the value of Byzantine literature for interpreting Byzantine history and civilisation in all its richness This book is crucial reading for scholars and students of the Byzantine world as well as for those interested in literary studies Chapter 16 of this book is freely available as a downloadable Open Access PDF at http www taylorfrancis com under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license Fantasy and Reality in History Peter Loewenberg, 1995-10-19 In Fantasy and Reality in History Peter Loewenberg brings what the discipline of psychoanalysis has learned about human conduct and the irrational to bear on the analysis and writing of history The result is a remarkable series of studies on individual and social anxiety racism and nationalism and crisis management First examining early twentieth century Z rich and the first practitioners of psychoanalysis Freud C G Jung Karl Abraham and others to establish the discipline s understanding of the unconscious and how it functions Loewenberg then explores the tensions in the lives and politics of modern political leaders The great British Liberal Prime Minister Walther Rathenau and the Russian fascist demagogue Vladimir Zhirinovsky are among those studied In each of these interconnected essays Fantasy and Reality in History makes readily evident the advantages and unique insights that psychoanalytical techniques can provide in the examination of history Loewenberg's blend of clinical and historico political methods not only produces new exciting research but demonstrates how it is done Antisemitism, Gender Bias, and the "Hervay Affair" of 1904 Alison Rose, 2016-10-19 This book examines the antisemitism that flourished outside of Vienna in Austrian provinces such as Styria Carinthia Vorarlberg Upper Austria and Tyrol focusing in particular on gender bias and its relationship to antisemitism The 1904 arrest and bigamy trial of Frau von Hervay the Jewish wife of District Captain Franz von Hervay of a Styrian provincial town M rzzuschlag is closely examined to shed light on the relationship between Jews and non Jews and attitudes towards women and sexuality in the small cities and towns of the Austrian provinces The case demonstrates that antisemitism influenced popular perceptions of Jews and women at the local level and that it targeted women as well as men This bookprovides an in depth study of an episode of Austrian history that had a significant impact on the development of Austrian law the role of religious institutions perceptions of Jews women and sexuality conceptions of Austrian bureaucracy and the need for reform and the relationship between the provinces and the Viennese center It also provides insight into the public interest generated by sensations such as arrests suicides crimes and trials and the way the press of that time reported on them The Naked Truth Alys X. George, 2020-05-15 Uncovers the interplay of the physical and the aesthetic that shaped Viennese modernism and offers a new interpretation of this moment in the history of the West Viennese modernism is often described in terms of a fin de si cle fascination with the psyche But this stereotype of the movement as essentially cerebral overlooks a rich cultural history of the body The Naked Truth an interdisciplinary tour de force addresses this lacuna fundamentally recasting the visual literary

and performative cultures of Viennese modernism through an innovative focus on the corporeal Alys X George explores the modernist focus on the flesh by turning our attention to the second Vienna medical school which revolutionized the field of anatomy in the 1800s As she traces the results of this materialist influence across a broad range of cultural forms exhibitions literature portraiture dance film and more George brings into dialogue a diverse group of historical protagonists from canonical figures such as Egon Schiele Arthur Schnitzler Joseph Roth and Hugo von Hofmannsthal to long overlooked ones including author and doctor Marie Pappenheim journalist Else Feldmann and dancers Grete Wiesenthal Gertrud Bodenwieser and Hilde Holger She deftly blends analyses of popular and high culture laying to rest the notion that Viennese modernism was an exclusively male movement The Naked Truth uncovers the complex interplay of the physical and the aesthetic that shaped modernism and offers a striking new interpretation of this fascinating moment in the history of the West Place Arijit Sen, Lisa Silverman, 2021-12-22 An analysis of how city dwellers interact with their social and materials worlds in everyday life and how this affects their bodies Space and place have become central to analysis of culture and history in the humanities and social sciences Making Place examines how people engage the material and social worlds of the urban environment via the rhythms of everyday life and how bodily responses are implicated in the making and experiencing of place The contributors introduce the concept of spatial ethnography a new methodological approach that incorporates both material and abstract perspectives in the study of people and place and encourages consideration of the various levels from the personal to the planetary at which spatial change occurs The book s case studies come from Costa Rica Colombia India Austria Italy the United Kingdom and the United States Rich diverse and provocative meditations on place and identity formation it builds on the previous scholarship on bodies memory and place while also moving our understanding of this theme in a refreshing and engaging direction Abidin Kusno University of British Columbia **Shatterzone of Empires** Larry Wolfe, Gregor Thum, Dan Diner, Theodore R. Weeks, Gary B. Cohen, Pieter M. Judson, Frithjof Benjamin Schenk, Elke Hartmann, Patrice M. Dabrowski, Robert Nemes, Yaroslav Hrytsak, Tomas Balkelis, Taner Akçam, Eyal Ginio, Keith Brown, David Gaunt, Peter Holquist, Alexander V. Prusin, John-Paul Himka, Pamela Ballinger, Myroslav Shkandrij, Paul Robert Magocsi, Kai Struve, Philipp Ther, 2013-02-15 Anyone who studies nationalism genocide mass violence or war in these regions from the Enlightenment through the mid 20th century needs to read this Central European History Shatterzone of Empires is a comprehensive analysis of interethnic relations coexistence and violence in Europe's eastern borderlands over the past two centuries In this vast territory extending from the Baltic to the Black Sea four major empires with ethnically and religiously diverse populations encountered each other along often changing and contested borders Examining this geographically widespread multicultural region at several levels local national transnational and empire and through multiple approaches social cultural political and economic this volume offers informed and dispassionate analyses of how the many populations of these borderlands managed to coexist in a previous era and how and why the areas eventually descended into violence An

understanding of this specific region will help readers grasp the preconditions of interethnic coexistence and the causes of ethnic violence and war in many of the world's other borderlands both past and present The Modern Jewish Experience Jack Wertheimer, 1993 This essential resource offers guidance for educators to expand the teaching repertoire on a range of issues in modern Jewish history culture religion and Society **Jewish Emancipation** David Sorkin, 2021-09-14 The first comprehensive history of how lews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium In Search of Jewish Community Michael Brenner, Derek J. Penslar, 1999-01-22 A collection of essays interrogates the nature of Jewish identity in the time between two world wars The history of Jews in interwar Germany and Austria is often viewed either as the culmination of tremendous success in the economic and cultural realms and of individual assimilation and acculturation or as the beginning of the road that led to Auschwitz By contrast this volume demonstrates a re emerging sense of community within the German speaking Jewish population of these two countries in the two decades after World War I The fresh research presented here shows that while Jews may have experienced a deepening sense of impending crisis and economic decline a renewal of Jewish communal life took place during these years as new groupings sprang up including organizations for youth for rural Jews and for political groups such as Zionists and Bundists Several chapters consider the impact of economic and political crises on German Jewish family life Together these essays form a complex mosaic of German Jewry on the eve of its demise An excellent collection well written and cogently argued David N Mvers Reclaiming Heimat Jacqueline Vansant, 2001 As a result their individual life stories reflect group experiences that are notably different from the collective memories of the general Austrian population **Bibliography of European Economic and Social History** Derek Howard Aldcroft, Richard Rodger, 1993 This bibliographical guide contains 10 000

references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located easily Cultures of the Jews, **Volume 3** David Biale, 2011-08-17 Scattered over much of the world throughout most of their history are the Jews one people or many How do they resemble and how do they differ from Jews in other places and times What have their relationships been to the cultures of their neighbors To address these and similar questions some of the finest scholars of our day have contributed their insights to Cultures of the Jews a winner of the National Jewish Book Award upon its hardcover publication in 2002 Constructing their essays around specific cultural artifacts that were created in the period and locale under study the contributors describe the cultural interactions among different Jews from rabbis and scholars to non elite groups including women as well as between Jews and the surrounding non Jewish world What they conclude is that although Jews have always had their own autonomous traditions Jewish identity cannot be considered the fixed product of either ancient ethnic or religious origins Rather it has shifted and assumed new forms in response to the cultural environment in which the Jews have lived Modern Encounters the third volume in Cultures of the Jews examines communities ways of life and both high and folk culture in the modern era in Western Central and Eastern Europe the Ladino Diaspora North Africa and the Middle East Ethiopia mandatory Palestine and the State of Israel and the United States From the Trade Paperback edition

Intersections between Jewish Studies and Habsburg Studies Tim Corbett, Mirjam Thulin, Moritz Csáky, Klaus Hödl, Verena Kasper-Marienberg, Ilya Berkovich, Johannes Czakai, Alicja Maślak-Maciejewska, Martin Stechauner, Lida-Maria Dodou, Felicitas Heimann-Jelinek, Omar T. Nasr, Monika Halbinger, Magdalena Jánošiková, Katrin Keßler, Anthony D. Kauders, Zora Piskačová, Rafael D. Arnold, Michael K. Schulz, Susanne Weigand, Elana Shapira, Sean Sidky, Cheuck Him Ryan Sun, Hava Tirosh-Samuelson, Michelle Tusan, Björn Siegel, 2024-03-22 In the aftermath of the Shoah and the ostensible triumph of nationalism it became common in historiography to relegate Jews to the position of the eternal other in a series of binaries Christian Jewish Gentile Jewish European Jewish non Jewish Jewish and so forth For the longest time these binaries remained characteristic of Jewish historiography including in the Central European context Assuming instead as the more recent approaches in Habsburg studies do that pluriculturalism was the basis of common experience in formerly Habsburg Central Europe and accepting that no single majority culture existed but rather hegemonies were imposed in certain contexts then the often used binaries are misleading and conceal the complex and sometimes even paradoxical conditions that shaped Jewish life in the region before the Shoah The very complexity of Habsburg Central Europe both in synchronic and diachronic perspective precludes any singular historical narrative of Habsburg Jewry and it is not the intention of this volume to offer an overview of Habsburg Jewish history The selected articles in this volume illustrate instead how important it is to reevaluate

categories deconstruct historical narratives and reconceptualize implemented approaches in specific geographic temporal and cultural contexts in order to gain a better understanding of the complex and pluricultural history of the Habsburg Empire and the region as a whole
