The Job Of Sex A Workingmans Guide To Productive Love Making:

Sexual Fiction Maurice Charney, 2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study *Sexualities in Context*

Rebecca Plante, 2014-11-13 Written in an accessible and clear manner *Sexualities in Context* presents focused overviews and explorations of some of the most timely issues in the social construction of sex This brief text is the only book of its kind to address sexualities from a social perspective Plante's analysis of the context of sexuality sexual behaviors and identities is both intelligent and readable With contemporary topics such as hooking up sexual fantasies and bisexualities along with examples of how to apply critical thinking students are empowered to think outside their comfort zones and encouraged to explore the topic of sex in a new context **Growing Younger: How to Measure & Change Your Body's Age** Robert F.
