The Journals of Susanna Moodie Margaret Atwood, 2004-02 Beginning in the mid 60s Margaret Atwood and Charles Pachter were enthusiastic collaborators in a unique art form the livre d'artiste the marriage of original graphic work with literary text They worked together on five limited edition handmade books volumes of Atwood's poetry with Pachter's interpretive artwork The culmination of their collaboration the work that is considered their masterpiece is *The Journals of Susanna Moodie* This popular edition is a faithful reproduction of the original hand set hand printed version of a treasured Canadian classic In her reading of Moodie's chronicles of pioneer life Atwood found the haunting themes that obsess us still Pachter's vividly evocative images layer the poems with startling echoes and insights

The Journals of Susanna Moodie Margaret Eleanor Atwood, 1970 *The Illustrated Journals of Susanna Moodie* Margaret Atwood, 2014 The Journals of Susanna Moodie arguably Margaret Atwood's finest work of poetry was first published by Oxford University Press in 1970 In it she adopts the voice of Susanna Strickland Moodie an English woman who came to live in the rural area near Peterborough Ontario in the mid nineteenth century and who wrote about her experiences for English readers in her classic account of Canadian pioneer life *Roughing it in the Bush* Atwood's poetry based on the Moodie prose covers Moodie's arrival in Canada in 1832 and ends with a prophetic commentary by a dead Susanna Moodie on twentieth century Canada Charles Pachter began illustrating the poems in 1968 when Atwood sent him a first manuscript Of his first reading he has written It was a fateful moment I was so stunned by its beauty and power that I realized that every early Atwood folio I had done up until now there were five must be a rehearsal for this The thirty images were completed

within a year but the original folio was not produced until 1980 when 120 copies were hand printed in a boxed edition which is now in public and private collections around the world In 1997 Macfarlane Walter Ross published a small format edition in hard covers *The Picturesque and the Sublime* Susan Glickman, 2000 Winner of the Gabrielle Roy Prize in English and the Raymond Klibansky Prize The Picturesque and the Sublime is a cultural history of two hundred years of nature writing in Canada from eighteenth century prospect poems to contemporary encounters with landscape Arguing against the received wisdom made popular by Northrop Frye and Margaret Atwood that Canadian writers view nature as hostile Susan Glickman places Canadian literature in the English and European traditions of the sublime and the picturesque Glickman argues that early immigrants to Canada brought with them the expectation that nature would be grand mysterious awesome even terrifying and welcomed scenes that conformed to these notions of sublimity She contends that to interpret their descriptions of nature as negative as so many critics have done is a significant misunderstanding Glickman provides close readings of several important works including Susanna Moodie's Enthusiasm Charles G D Roberts's Ave and Paulette Jiles's Song to the Rising Sun and explores the poems in the context of theories of nature and art Instead of projecting backward from a modernist perspective Glickman reads forward from the discovery of landscape as a legitimate artistic subject in seventeenth century England and argues that picturesque modes of description and a sublime aesthetic have governed much of the representation of nature in this country Susan Glickman is a poet living in Toronto She is the author of Complicity The Power to Move Henry Moore's Sheep and Other Poems and Hide and Seek
