Shelton, 2013-10-25 On a warm summer s night in Athens Georgia Patrik Keim stuck a pistol into his mouth and pulled the trigger Keim was an artist and the room in which he died was an assemblage of the tools of his particular trade the floor and table were covered with images while a pair of large scissors glue electrical tape and some dentures shared space with a pile of old medical journals butcher knives and various other small objects Keim had cleared a space on the floor and the wall directly behind him was bare His body completed the tableau Art and artists often end in tragedy and obscurity but Keim's story doesn't end with his death A few years later 180 miles away from Keim's grave a bulldozer operator uncovered a pine coffin in an old beaver swamp down the road from Allen C Shelton's farm He quickly reburied it but Shelton a friend of Keim's who had a suitcase of his unfinished projects became convinced that his friend wasn t dead and fixed in the ground but moving between this world and the next in a traveling coffin in search of his incomplete work In Where the North Sea Touches Alabama Shelton ushers us into realms of fantasy revelation and reflection paced with a slow unfurling of magical correspondences. Though he is trained as a sociologist this is a genre crossing work of literature a two sided ethnography one from the world of the living and the other from the world of the dead What follows isn t a ghost story but an exciting and extraordinary kind of narrative The psycho sociological landscape that Shelton constructs for his reader is as evocative of Kafka Bataille and Benjamin as it is of Weber Foucault and Marx Where the North Sea Touches Alabama is a work of sociological fictocriticism that explores not only the author s relationship to the artist but his physical historical and social relationship to northeastern Alabama in rare style
