## **The Kendal Jamaica Train Crash:**

**The Kendal Jamaica Train Crash** Earl V. Campbell, 1989      **Reaper of Souls** Beverley East, 2013-09 *Reaper of Souls* is a gripping family saga of love and loss With fictional characters based on a tragic event in Jamaica A train crash that stole so many lives on 1st September 1957 The Kendal train crash is Jamaica s Holocaust and put the island firmly on the world map setting macabre records and traumatizing an entire nation The attempt to write this story was not to fill the gaps but to demonstrate through all the heart break that the characters in this book can triumph over tragedy just as a nation did 50 plus years ago You won t be able to put this book down as one reader called un put downable There are many unexpected twists and turns in this novel Nothing turns out the way you would expect it That is how life is If you mention the words Kendal Crash to any Jamaican person over fifty they will know this story of woe and sadness The most you will hear about Kendal is the many ghost stories that are familiar to all Many of those who rode the train that night have since died or survive in obscurity Where is Kendal exactly It lies smack in the center of Jamaica a tiny town nestled just outside Mandeville where many returnees now reside Written with love and humor this sad story will not only make you cry but you will laugh and sing with the vibrant characters that come alive in this story They will stay with you long after you close the pages of *Reaper of Souls*      *The Supernatural Revamped* Barbara Brodman, James E. Doan, 2016-04-20 This book is the logical continuation of a series of collected essays examining the origins and evolution of myths and legends of the supernatural in Western and non Western tradition and popular culture The first two volumes of the series *The Universal Vampire Origins and Evolution of a Legend* Fairleigh Dickinson University Press 2013 and *Images of the Modern Vampire The Hip and the Atavistic* Fairleigh Dickinson University Press 2013 focused on the vampire legend The essays in this collection expand that scope to include a multicultural and multigeneric discussion of a pantheon of supernatural creatures who interact and cross species specific boundaries with ease Angels and demons are discussed from the perspective of supernatural allegory angelic ethics and supernatural heredity and genetics Fairies sorcerers witches and werewolves are viewed from the perspectives of popular nightmare tales depictions of race and ethnicity popular public discourse and cinematic imagery Discussions of the undead and still dead include images of death messengers and draugar zombies and vampires in literature popular media and Japanese anime      *Reaper of Souls* Beverley East, 2007      **Working Juju** Andrea Shaw Nevins, 2019-11-15 *Working Juju* examines how fantastical and unreal modes are deployed in portrayals of the Caribbean in popular and literary culture as well as in the visual arts The Caribbean has historically been constructed as a region mantled by the fantastic Andrea Shaw Nevins analyzes such imaginings of the Caribbean and interrogates the freighting of Caribbean infused spaces with characteristics that register as fantastical These fantastical traits may be described as magical supernatural uncanny paranormal mystical and speculative The book asks throughout What are the discursive threads that run through texts featuring the Caribbean fantastic In *Working Juju* Nevins teases out the multilayered and often obscured connections among

texts such as the Pirates of the Caribbean film series planter and historian Edward Long's History of Jamaica and Grenadian sci fi writer Tobias Buckell's Xenoworld series set in the future Caribbean. Fantastical representations of the region generally occupy one of two spaces. In the first the Caribbean fantastic facilitates an imagining of the colonial experience and its aftermath as one in which the region and its representatives exercise agency and in which the humanity of the region's inhabitants is asserted. Alternately the fantastic is sometimes situated as a signifier of the irrational and uncivilized. The thread that unites portrayals of the fantastic Caribbean in the latter kind of works is that they tend to locate Caribbean belief systems as powerful even at times inadvertently in contradiction to the text's ideological posture. Nevins shows how the singular Caribbean identity that emerges in these texts is at odds with the complex historical narratives of actual Caribbean countries and colonies.
