Lost and Found: My Journey to a Saved Soul Michelle Marie Damico, 2016-08-02 Have you ever wondered if there is more to life than we can see Are there really other dimensions within our world If so who or what resides there Do angels and demons truly exist If so where are they and how do they function in our world What does the Bible say about angels and demons Is there a biblical mystery that has been overlooked Lost and Found My Journey to a Saved Soul will answer these questions and more through uncovering one of the mysteries that has been hidden since the fall of mankind This mystery is broken down through God given biblical revelation regarding the unseen world This mystery became a living reality when Michelle Damico and her husband Chris Damico entered into the unseen realm on a forty day journey They had experienced firsthand what it was like to function within another dimension also known as the spirit world It was through unknowingly opening a door into forms of witchcraft that entered them into the spirit realm being led to a shaman and tricked into a ritual that they believed was a marital ceremony This led to her mother being spiritually attacked therefore triggering a subarachnoid hemorrhage and her mother's near death experience Michelle's husband's possession and cry to be institutionalized and her children being attacked by spirits that desired to possess their soul Their home was overpowered with evil and deep darkness and there was nobody they could turn to but Jesus All glory and honor to our Lord and Savior Jesus Christ for delivering us out of the darkness and into his marvelous light Giving thanks to the Father who has qualified us to share in the inheritance of the saints God's people in the Light For He has rescued us and has drawn us to Himself from

the dominion of darkness and has transferred us to the kingdom of His beloved Son in whom we have redemption because of His sacrifice resulting in the forgiveness of our sins and the cancellation of sins penalty He is the exact living image the essential manifestation of the unseen God the visible representation of the invisible the firstborn the preeminent one the sovereign and the originator of all creation Colossians 1 12 15 AMP

Guns and Violence Joyce Lee Malcolm, 2009-06-01 Behind the passionate debate over gun control and armed crime lurk assumptions about the link between guns and violence Indeed the belief that more guns in private hands means higher rates of armed crime underlies most modern gun control legislation But are these assumptions valid Investigating the complex and controversial issue of the real relationship between guns and violence Joyce Lee Malcolm presents an incisive thoroughly researched historical study of England whose strict gun laws and low rates of violent crime are often cited as proof that gun control works To place the private ownership of guns in context Malcolm offers a wide ranging examination of English society from the Middle Ages to the late twentieth century analyzing changing attitudes toward crime and punishment the impact of war economic shifts and contrasting legal codes on violence She looks at the level of armed crime in England before its modern restrictive gun legislation the limitations that gun laws have imposed and whether those measures have succeeded in reducing the rate of armed crime Malcolm also offers a revealing comparison of the experience in England experience with that in the modern United States Today Americans own some 200 million guns and have seen eight consecutive years of declining violence while the English prohibited from carrying weapons and limited in their right to self defense have suffered a dramatic increase in rates of violent crime This timely and thought provoking book takes a crucial step in illuminating the actual relationship between guns and violence in modern society
