These compelling tales are a perfect introduction to the adult writing of a storytelling genius *The Legend of Gold and Other Stories* Jun Ishikawa, 1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899-1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa's work defies easy categorization Banned in 1938 *Mars Song* has been called the finest example of anti-war fiction written during Japan's march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical *Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi-surrealistic novella *The Raptor* plumbs the meanings and possibilities of peace in the post-Occupation era William Tyler's eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa's importance as an anti-establishment even resistance writer and argues that the writer's political iconoclasm goes hand in hand with the modernism of his literary experimentation *The Legend of Gold* will be of tremendous importance in enlarging a Western understanding of the development of the writer's role as social critic and the evolution of the modernist movement in postwar Japan *The Bell-Ringer of Angel's, and Other Stories* Bret Harte, 2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Twins of Table Mountain, and Other Stories** Bret Harte, 2025-08-22 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The lost road [and other stories]** Richard Harding Davis, 1920

Grampa's Favorite Rock and Other Stories Roger M. Woodbury, 2013-03-27 A collection of serious and not so serious short stories from the coast of Maine Some of these stories are intended to amuse and some may touch a chord and bring a tear But they are all intended to help pass some leisure time perhaps while waiting for the kids to get home from school or the even the winter to pass into spring No guarantee is given concerning the political correctness of any of these stories but

when reading one should remember that some people actually enjoy satire And for those who do not the author humbly submits that perhaps those who can't laugh at history may be worrying about the wrong things **Singularity and Other Stories** Melanie Tem, 2018-02-28 Singularity gathers award winning writer Melanie Tem's most important short fiction highlighting her diversity and mastery of her art The sixty stories collected here range from Sitting with the Driver a western with a dark woman at its center to Little Shit a contemporary tale of a woman who uses her deceptive appearance and psychic power to trap those who prey on the helpless The child in Corn teeth longs not only to become a part of an alien family but also to become an alien And in the title tale a man studies singularities and string theory to both understand and blind himself to the truth about the woman he loves Although the story is not science fiction its exploration of physics is as rigorous as that found in the best sf Here you will find no triumphant warriors no powerful and beautiful protagonists no monsters from beyond the dark cold void or madmen bent on conquest Tem's characters are mothers and siblings orphans and lonely seniors Her stories are often about family and always about relationships Even though Kelly is the only character in Iced in the bitter truth that lies at the story's heart is that she is doomed by her failure to maintain relationships Melanie Tem's stories are often haunted by ghosts and monsters ghosts and monsters revealed as all too human In Singularity she explores the love and terror that lie deep within all of us
