### **Creating the Intimate Connection**

Daniel Beaver, 2010 Early in his career, Dan Beaver discovered that people were never taught how to develop an intimate relationship. We are taught how to read, how to write, drive, play sports, and use a computer. But nowhere in our society are we taught how to develop or maintain an intimate relationship. Most of us learned from TV shows. Some generations were taught by Ozzie and Harriet, Nelson or Ward and June Cleaver. Other generations learned from their favorite soap operas or maybe *The Waltons*, *Cliff*, and *Clair Huxtable*. *Roseanne*, *Friends*, or *7th Heaven*. We now have *Desperate Housewives*, *The OC*, and a multitude of reality shows. Almost everyone learns something about intimacy from their parents, but few had the luxury of learning good skills. Most of us have not. In working with thousands of couples over the past 34 years, Dan heard a common theme from almost everyone upon committing to a lifelong relationship: marriage, etc. They were totally unprepared for knowing how to develop and maintain an intimate relationship that lasts a lifetime. Because of his desire to help people, Dan developed a process that enables everyone to create the relationship of their dreams. He delivers information that addresses a major need and fulfills our desire for details on how to have greater fulfillment in an intimate relationship. His passion is to help people. His style is powerful, straightforward, warm, and engaging. Cover page 4.

Roger Goffeney, 2010-11-14 In many areas of the world, intimacy is a constant way of life. They often feel a sense of intimacy even while washing their dishes or feeding their pets. Teachers also feel a sense of intimacy with their students; for the students are teaching the teacher while listening to the words. And especially is it true when they are intimate with their partner in this life experience. Yet this intimacy is not what is promoted by common advertising or any of the media. It is much more. It is a fuller sense of belonging that has no barriers created by saying, "I am different from you; therefore, I will treat you differently than you deserve." Our bonding is based on higher principles of recognizing our common origins in the worlds beyond this one. We worship many material gods that keep us from a sense of intimacy. This is unfortunate. How can you connect with another if what you perceive is based on material possessions or relationships? Success in this life is not founded on how much I have gained materially, but what I have learned to become intimately. The intimate life, or what will be called in this book, the

intimate self is a spiritual experience though you are free to call it by any other name if you are uncomfortable with that term It could even be called a religious experience if by that term you steer yourself away from dogmas or creeds In this little guidebook I m going to present in Parts 1 and 2 some ideas on the intimate approach to life and love in Parts 3 and 4 some of the elements that make up the intimate self and at length in Parts 5 and 6 a closer look at the various elements where the intimate self deals with the common problems facing most of us Finally in Part 7 will be found an example of an intimate experience with the various elements recommended for a successful intimate experience This last section may not be for everyone absorbing the material in this book It is offered merely as a possible scenario for those who are seeking a greater depth in their relationship

The Intimate Connection James B. Nelson,1988-01-01 In recent decades men have begun to question seriously their traditionally held roles and values The women s movement popular books and male images on television and in films have all contributed to men s uncertainty about themselves There is a major shift taking place in the perception of sexuality James Nelson asserts that men and women seek something the sexual revolution did not provide an understanding of the true meaning of love This he claims is the unfinished business of that revolution

*Intimate Connections* R. Winn Henderson M. D.,2014-06-06 In our modern society we live isolated lives among crowds of people and with most of us rushing from here to there All the while many people make demands on our time and our talents We search for someone with whom we can share an intimate connection yet it seems to elude many of us How can we find the intimacy we crave when we and everyone else always seem to be rushing and coping with so many competing schedules and agenda Wouldn t it be great if you could identify whether you and another person have enough in common to build a truly intimate relationship that holds the love potential that might enable you to have a healthy loving relationship for years to come If you re already in a loving relationship are you looking to improve or strengthen your bond with each other in a way that will withstand the stresses of living in our modern increasingly busy and sometimes isolating society Are you living with the fear that you and your relationship partner are growing farther apart and that although you both want to fix what s wrong you just can t seem to get there Have you found someone with whom you feel mutual attraction and want to quickly determine whether there s a potential future for the two of you before one or both become too emotionally connected Is your relationship somewhere in between the scenarios presented above or a combination or something else altogether but you want to grow the relationship into something better or more than it is today Are you single and without a relationship partner on the horizon but you want to learn more about positive and healthy relationships so you know how to approach future romantic relationships

**Love in Contemporary British Drama** Korbinian Stöckl, 2021-01-18 Despite the recent turn to affects and emotions in the humanities and despite the unceasing popularity of romantic and erotic love as a motif in fictional works of all genres the subject has received surprisingly little attention in academic studies of contemporary drama Love in Contemporary British Drama reflects the appeal of love as a topic and driving force in dramatic works with in depth analyses of eight pivotal plays from the past three decades Following an interdisciplinary and historical approach the study collects and condenses theories of love from philosophy and sociology to derive persisting discourses and to examine their reoccurrence and transformation in contemporary plays Special emphasis is put on narratives of love's compensatory function and precariousness and on how modifications of these narratives epitomise the peculiarities of emotional life in the social and cultural context of the present Based on the assumption that drama is especially inclined to draw on shared narratives for representations of love the book demonstrates that love is both a window to remnants of the past in the present and a proper subject matter for drama in times in which the suitability of the dramatic form has been questioned
