Charmaine Nelson, Camille Antoinette Nelson, 2004 Racism Eh is the first publication that examines racism within the broad Canadian context This anthology brings together some of the visionaries who are seeking to illuminate the topics of race and racism in Canada through the analysis of historical and contemporary issues which address race and racism as both material and psychic phenomena Fundamentally interdisciplinary in nature this text will be an invaluable resource for undergraduate and graduate students academics studying or practicing within the Humanities and the Social Sciences and anyone seeking information on what has been a little explored and poorly understood Canadian issue pub desc

Voices from French Ontario Sheila McLeod Arnopoulos, 1982 Franco Ontarians feel that they are both part of and rejected by Canada's two founding peoples Although proud of their heritage many hide the French side of their lives from the surrounding English majority Some are pessimistic about their future but for many in the region commonly known as Nouvel Ontario French roots run deep

The French in the United States Jacqueline Lindenfeld, 2000-09-30 Complex patterns of acculturation are revealed in the most comprehensive ethnographic study of contemporary French immigrants in the United States Written by a French born American anthropologist who has insider status among French Americans The French in the United States offers a fresh look at the histories and experiences of French immigrants In the foreign born generation a high degree of social integration into American society co exists with the maintenance of a French identity which manifests itself in the areas of language culture and perceptions The French heritage does not usually endure past the second generation however because its maintenance within the family is not adequately supported by collective efforts due to a lack of cohesiveness among French born individuals who have become permanent immigrants A number of factors account for the foregoing the small number of French natives in the United States their scattered geographical distribution the absence of spatially defined communities populated by direct immigrants from France and a very high rate of intermarriage Another important factor is the primarily individual nature of migration from France to this country since the last half of the 20th century and a highly developed sense of self direction in those who stay permanently Their French identity must be regarded as cultural rather than ethnic it is tied to a distant homeland rather than to a group with territorial institutional and organizational identity in the United

States Lindenfeld delves into the makings of this French identity and distinguishes French immigrants from other Americans

Linguistic Minorities and Modernity Monica Heller, 2006-12-11 The subject of this book is linguistic minorities and how language is used by speakers of languages which are not the main language of communication This is a core topic for sociolinguists who examine how language is actually used within a given context Globalization migration and the erosion of nationhood is creating far more linguistic minorities as society becomes increasingly pluralistic One of the major sites of contact between languages is the school and this book focuses on linguistic interaction within this educational context Through a careful examination of the language practices in the daily life of a school Monica Heller explores issues such as changing language policy bilingualism identity power ideology and gender from the point of view of the minority speaker In so doing she provides a fresh new insight into this important area of sociolinguistics *Linguistic Minorities and Modernity* is written in an accessible and lively narrative style and uses real life examples and case studies to illustrate the discussions The text has been revised throughout and includes a new introduction by the author The book is suitable for undergraduate and postgraduate students of sociolinguistics and linguistic anthropology **Crosswords** Monica Heller, 2013-02-18 No detailed description available for Crosswords *DiverCity - Global Cities as a Literary Phenomenon* Melanie U.
