The Irish Famine 1845-52 Compact Irish History

M. Spongberg, A. Curthoys, B. Caine

The Irish Famine 1845-52 Compact Irish History:

A Brief History of Ireland Richard Killeen, 2012-01-19 From the dawn of history to the decline of the Celtic Tiger how Ireland has been shaped over the centuries Ireland has been shaped by many things over the centuries geography war the fight for liberty A Brief History of Ireland is the perfect introduction to this exceptional place its people and its culture Ireland has been home to successive groups of settlers Celts Vikings Normans Anglo Scots Huguenots It has imported huge ideas none bigger than Christianity which it then re-exported to Europe after the fall of the Roman Empire In the Tudor era it became the first colony of the developing English Empire Its fraught and sometimes brutal relationship with England has dominated its modern history Killeen argues that religion was decisive in all this Ireland remained substantially Catholic setting it at odds with the larger island culturally religiously and politically But its own culture and identity have stayed strong most obviously in literature with a magnificent tradition of writing from the Book of Kells to the modern masters Joyce Yeats Beckett and Heaney

The History of the Irish Famine Christine Kinealy, Jason King, Gerard Moran, 2020-06-04 The Great Irish Famine remains one of the most lethal famines in modern world history and a watershed moment in the development of modern Ireland socially politically demographically and culturally In the space of only four years Ireland lost twenty five per cent of its population as a consequence of starvation disease and large scale emigration Certain aspects of the Famine remain contested and controversial for example the issue of the British government's culpability proselytism and the reception of emigrants However recent historiographical focus on this famine has overshadowed the impact of other periods of subsistence crisis both before 1845 and after 1852 The narratives of those who perished those who survived and those who emigrated form an integral part of this history and these volumes will make available for the first time some of the original documentation relating to an event that changed not only Irish history but the history of the countries to which the emigrants fled Britain the United States Canada and Australia By bringing together letters government reports diaries official documents pamphlets newspaper articles sermons eye witness testimonies poems and novels these volumes will provide a fresh way of understanding Irish history in general and famine and migration in particular Comprehensive editorial apparatus and annotation of the original texts are included along with bibliographies appendices chronologies and indexes that point the way for further study

This Great Calamity: The Great Irish Famine Christine Kinealy, 2006-05-02 The Great Famine of 1845-52 was the most decisive event in the history of modern Ireland In a country of eight million people the Famine caused the death of approximately one million while a similar number were forced to emigrate The Irish population fell to just over four million by the beginning of the twentieth century Christine Kinealy's survey is long established as the most complete scholarly survey of the Great Famine yet produced First published in 1994 This Great Calamity remains an exhaustive and indefatigable look into the event that defined Ireland as we know it today

Commemorating the Irish Famine Emily Mark-FitzGerald, 2015-02-05 Commemorating the Irish Famine Memory and the Monument explores the

history of the 1840s Irish Famine in visual representation commemoration and collective memory from the 19th century until the present across Ireland and the nations of its diaspora explaining why since the 1990s the Famine past has come to matter so much in our present Ireland of the Welcomes ,2000 Irish-English Relations: A History in Documents Karen Sonnelitter,2022-11-14 In 1919 Prime Minister David Lloyd George of the United Kingdom of Great Britain and Ireland noted that there is a path of fatality which pursues the relations between the two countries and makes them eternally at cross purposes For better or worse Ireland has frequently been defined by its relationship with its neighbor to the east And for centuries English monarchs and governments have struggled with what they came to term the Irish Question Through 76 primary source documents contextualized by informative introductions and annotations this volume explores the political economic and cultural impacts of the relationship between Ireland and England *The Removal of Irish Paupers from Britain* Lewis Darwen,Donald MacRaild,2024-11-29 During the nineteenth century local officials sought to deal with their Irish pauper problem by removing these poor migrants back to Ireland under the laws of settlement and removal Over the course of the century hundreds of thousands of Irish paupers were forcibly repatriated in this way Even though the settlement rights of Irish immigrants gradually improved over time removals were still taking place into the twentieth century The system was widely recognised as being cruel and unfair especially in Ireland where the removal of Irish paupers from Britain garnered considerable political and press attention Much was made of the illegality of some removals and of harsh removals involving widowed women children and the elderly This book which is the first sustained study of repatriation from Britain demonstrates a persistent theme the marginal nature of Irish life on the larger island Drawing on extensive research from newspaper sources and parliamentary papers it presents an original and richly detailed perspective on Irish immigration poverty and pauperism in nineteenth century Britain Famines in European Economic History Declan Curran,Lubomyr Luciuk,Andrew G. Newby,2015-04-24 This volume explores economic social and political dimensions of three catastrophic famines which struck mid nineteenth and early twentieth century Europe the Irish Famine An Gorta M r of 1845 1850 the Finnish Famine Suuret N lk vuodet of the 1860s and the Ukrainian Famine Holodomor of 1932 1933 In addition to providing new insights into these events on international national and regional scales this volume contributes to an increased comparative historiography in historical famine studies The parallel studies presented in this book challenge and enhance established understandings of famine tragedies including famine causation and culpability social and regional famine vulnerabilities core periphery relationships between nations and regions degrees of national autonomy and self sufficiency as well as famine memory and identity *Famines in European Economic History* advocates that the impact and long term consequences of famine for a nation should be understood in the context of evolving geopolitical relations that extend beyond its borders Furthermore regional structures within a nation can lead to unevenness in both the severity of the immediate famine crisis and the post famine recovery This book will be of interest to those in the fields of economic history

European history and economic geography *The American Irish* Kevin Kenny, 2014-07-22 *The American Irish A History* is the first concise general history of its subject in a generation It provides a long overdue synthesis of Irish American history from the beginnings of emigration in the early eighteenth century to the present day While most previous accounts of the subject have concentrated on the nineteenth century and especially the period from the famine 1840s to Irish independence 1920s *The American Irish A History* incorporates the Ulster Protestant emigration of the eighteenth century and is the first book to include extensive coverage of the twentieth century Drawing on the most innovative scholarship from both sides of the Atlantic in the last generation the book offers an extended analysis of the conditions in Ireland that led to mass migration and examines the Irish immigrant experience in the United States in terms of arrival and settlement social mobility and assimilation labor race gender politics and nationalism It is ideal for courses on Irish history Irish American history and the history of American immigration more generally *Ireland* Joseph Coohill, 2014-03-06 From the first prehistoric inhabitants of the island to the St Andrews Agreement and decommissioning of IRA weapons this uniquely concise account of Ireland and its people reveals how differing interpretations of history ancient and modern have influenced modern Irish society Combining factual information with a critical approach Coohill covers all the key events including the Great Famine Home Rule and the Good Friday Agreement Updated with two new chapters expanding the discussion of pre modern Ireland as well as developments in the 21st century this highly accessible and balanced account will continue to provide a valuable resource to all those wishing to acquaint themselves further with the complex identity of the Irish people *Companion to Women's Historical Writing* M. Spongberg, A. Curthoys, B. Caine, 2016-04-30 This A Z reference work provides the first comprehensive reference guide to the wide range of historical writing with which women have been involved particularly since the Renaissance The Companion covers biographical writing travelogue and historical fictions broadening the concept of history to include the forms of writing with which women have historically engaged The focus is on women writing in English internationally but historical and historiographical traditions from beyond the English speaking world are also examined Brief biographies of individual writers are included *The Eternal Paddy* Michael de Nie, 2004-07 In *The Eternal Paddy* Michael de Nie examines anti Irish prejudice Anglo Irish relations and the construction of Irish and British identities in nineteenth century Britain This book provides a new more inclusive approach to the study of Irish identity as perceived by Britons and demonstrates that ideas of race were inextricably connected with class concerns and religious prejudice in popular views of both peoples De Nie suggests that while traditional anti Irish stereotypes were fundamental to British views of Ireland equally important were a collection of sympathetic discourses and a self awareness of British prejudice In the pages of the British newspaper press this dialogue created a deep ambivalence about the Irish people an ambivalence that allowed most Britons to assume that the root of Ireland's difficulties lay in its Irishness Drawing on more than ninety newspapers published in England Scotland and Wales *The Eternal Paddy* offers the first major detailed analysis of British

press coverage of Ireland over the course of the nineteenth century This book traces the evolution of popular understandings and proposed solutions to the Irish question focusing particularly on the interrelationship between the press the public and the politicians The work also engages with ongoing studies of imperialism and British identity exploring the role of Catholic Ireland in British perceptions of their own identity and their empire *Understand Irish History: Teach Yourself* Finbar Madden, 2010-08-27 *Understand Irish History* is a comprehensive guide to a fascinating history You will explore Irish reformation and restoration culture religion and society as well as more recent conflicts and their impact Taking you from ancient Ireland to the present day it will give you an understanding of the background to events that have dominated the headlines in recent years NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author's many years of experience EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding THINGS TO REMEMBER Quick refreshers to help you remember the key facts *Unhappy the Land* Liam Kennedy, 2015-10-26 In *Unhappy the Land* Liam Kennedy poses fundamental questions about the social and political history of Ireland and challenges cherished notions of a uniquely painful past Images of tragedy and victimhood are deeply embedded in the national consciousness yet when the Irish experience is viewed in the larger European context a different perspective emerges The author's dissection of some pivotal episodes in Irish history serves to explode commonplace assumptions about oppression victimhood and a fate said to be comparable only to that of the Jews Was the catastrophe of the Great Famine really an Irish Holocaust Was the Ulster Covenant anything other than a battle cry for ethnic conflict Was the Proclamation of the Irish Republic a means of texting terror And who fears to speak of an Irish War of Independence shorn of its heroic pretensions Kennedy argues that the privileging of the gun the drum and the flag above social concerns and individual liberties gave rise to disastrous consequences for generations of Irish people Ireland might well be a land of heroes from C chulainn to Michael Collins but it is also worth pondering Bertolt Brecht's warning *Unhappy the land that is in need of heroes* [Transnational Perspectives on Modern Irish History](#) Niall Whelehan, 2014-10-03 This book explores the benefits and challenges of transnational history for the study of modern Ireland In recent years the word transnational has become more and more conspicuous in history writing across the globe with scholars seeking to move beyond national and local frameworks when investigating the past Yet transnational approaches remain rare in Irish historical scholarship This book argues that the broader contexts and scales associated with transnational history are ideally suited to open up new questions on many themes of critical importance to Ireland's past and present They also provide an important means of challenging ideas of Irish exceptionalism The chapters included here open up new perspectives on central debates and events in Irish history They illuminate numerous transnational lives follow flows and ties across Irish borders and trace networks and links with Europe North America the Caribbean Australia and the British Empire This book provides specialists

and students with examples of different concepts and ways of doing transnational history Non specialists will be interested in the new perspectives offered here on a rich variety of topics particularly the two major events in modern Irish history the Great Irish Famine and the 1916 Rising Irish Families on the California Trail Michael C. O'Laughlin,2003 **A Little History of Dublin** Trevor White,2023-06-15 Irish village Viking town English city Proud European capital A Little History of Dublin is a high speed history of life in the Irish capital The key events are explained in short digestible chapters and the reader can expect to discover the complete history of Dublin in the time it takes to walk from Dollymount to Dalkey Incident humour and humanity are privileged throughout this history in a hurry Author Trevor White writes with affection but also with a clarity that reflects his experience of running a museum that celebrates the history humour and hospitality of Dublin The result is a crisp and colourful account of achievement and misadventure in a city that White calls Europe s largest village

Holodomor and Gorta Mór Christian Noack,Lindsay Janssen,Vincent Comerford,2014-10-01 Ireland s Great Famine or an Gorta Mór 1845-51 and Ukraine s Holodomor 1932-33 occupy central places in the national historiographies of their respective countries Acknowledging that questions of collective memory have become a central issue in cultural studies this volume inquires into the role of historical experiences of hunger and deprivation within the emerging national identities and national historical narratives of Ireland and Ukraine In the Irish case a solid body of research has been compiled over the last 150 years while Ukraine s Holodomor by contrast was something of an open secret that historians could only seriously research after the demise of communist rule This volume is the first attempt to draw these approaches together and to allow for a comparative study of how the historical experiences of famine were translated into narratives that supported political claims for independent national statehood in Ireland and Ukraine Juxtaposing studies on the Irish and Ukrainian cases written by eminent historians political scientists and literary and film scholars the essays in this interdisciplinary volume analyse how national historical narratives were constructed and disseminated whether or not they changed with circumstances or were challenged by competing visions both academic and non academic In doing so the essays discuss themes such as representation commemoration and mediation and the influence of these processes on the shaping of cultural memory Atlas of the Irish Rural Landscape F. H. A. Aalen,Kevin Whelan,Matthew Stout,1997-01-01 Lush and green the beauty of Ireland s landscape is legendary The Atlas of the Irish Rural Landscape has harnessed the expertise of dozens of specialists to produce an exciting and pioneering study which aims to increase understanding and appreciation for the landscape as an important element of Irish national heritage and to provide a much needed basis for an understanding of landscape conservation and planning Essentially cartographic in approach the Atlas is supplemented by diagrams photographs paintings and explanatory text Regional case studies covering the whole of Ireland from north to south are included along with historical background The impact of human civilization upon Ireland s geography and environment is well documented and the contributors to the Atlas deal with contemporary changes in the landscape resulting from

developments in Irish agriculture forestry bog exploitation tourism housing urban expansion and other forces The Atlas of the Rural Irish Landscape is a book which aims to educate and inform the general reader and student about the relationship between human activity and the landscape It is a richly illustrated beautifully written and immensely authoritative work that will be the guide to Ireland s geography for many years to come Crowd Actions in Britain and France from the Middle Ages to the Modern World Michael T. Davis, 2015-09-01 Crowd Actions in Britain and France from the Middle Ages to the Modern World explores the lively and often violent world of the crowd examining some of the key flashpoints in the history of popular action From the Peasants Revolt of 1381 to the Paris riots in 2005 and 2006 this volume reveals what happens when people gather together in protest
