The Cambridge Companion to the Twentieth-Century English Novel Robert L. Caserio, 2009-04-30 The twentieth century English novel encompasses a vast body of work and one of the most important and most widely read genres of literature Balancing close readings of particular novels with a comprehensive survey of the last century of published fiction this Companion introduces readers to more than a hundred major and minor novelists It demonstrates continuities in novel writing that bridge the century s pre and post War halves and presents leading critical ideas about English fiction s themes and forms The essays examine the endurance of modernist style throughout the century the role of nationality and the contested role of the English language in all its forms and the relationships between realism and other fictional modes fantasy romance science fiction Students scholars and readers will find this Companion an indispensable guide to the history of the English novel THEN: Science Fiction Fandom in the UK: 1930-1980 Rob Hansen, 2016 The Shift Key John Brunner, 2011-09-29 When the sleepy town of Weyharrow is enveloped by a mysterious fog the inhabitants find themselves behaving in strange and dangerous ways Dr Steven Glaze a young probationary GP prescribes a most unorthodox treatment for arthritis the vicar proclaims in morning service that the villagers are in the hands of the devil and Phyllis Knabbe tragically commits suicide Throughout the village people have seemingly taken leave of their senses Soon word leaks out and Weharrow becomes inundated both by the national press and a bus load of hippies seeking a magical experience who believe that a nearby ancient pagan temple is somehow responsible for this strange phenomenon But Steven Glaze and Jenny a reporter for the local newspaper feel sure that there is more to this than meets the eye and they set out to discover the cause supernatural or otherwise of everyone s drastically altered behaviour The John Brunner Collection Volume Two John Brunner, 2018-06-19 Three fascinating sci fi novels from the limitless imagination of the Hugo Award winning author of the dystopian classic Stand on Zanzibar British novelist John Brunner remains one of the most important science fiction authors who held a mirror up to reflect our foibles SF Site Brunner's skillful and often frightening political and social commentary takes its place alongside the most iconic works of Arthur C Clarke Aldous Huxley Margaret Atwood and George Orwell The Wrong End of Time In a near future where a paranoid America has sealed itself off from the rest of the world by a vast and complicated defense system a young Russian scientist infiltrates all defenses to convey terrifying news At the outer reaches

of the solar system near Pluto a superior form of intelligent life possesses technology that makes it immune to attack and strong enough to easily destroy planet Earth The Ladder in the Sky A starving youth trapped in poverty with no hope of escape is taken prisoner and offered up in an actual deal with the devil servitude for a year and a day in return for helping a resistance group free their imprisoned planetary leader When he returns to consciousness he is told that the devil has taken up residence inside him At first he thinks nothing has changed and he can take advantage of the situation but some upsetting surprises are in store for him The Productions of Time Murray Douglas has beaten his alcoholism but he needs an acting job and can t be selective He ends up with an improv group at an isolated country estate where every move is being recorded by unfamiliar technology and each player's weakness is constantly prodded and encouraged Just what is this show And who is it Science Fiction and the Moral Imagination Russell Blackford, 2017-09-05 In this highly original book Russell Blackford discusses the intersection of science fiction and humanity s moral imagination With the rise of science and technology in the 19th century and our continually improving understanding of the cosmos writers and thinkers soon began to imagine futures greatly different from the present Science fiction was born out of the realization that future technoscientific advances could dramatically change the world Along with the developments described in modern science fiction space societies conscious machines and upgraded human bodies to name but a few come a new set of ethical challenges and new forms of ethics Blackford identifies these issues and their reflection in science fiction His fascinating book will appeal to anyone with an interest in philosophy or science fiction or in how they interact This is a seasoned balanced analysis of a major issue in our thinking about the future seen through the lens of science fiction a central art of our time Everyone from humanists to technologists should study these ideas and examples Blackford s book is wise and savvy and a delight to read as well Greg Benford author of Timescape Voices for the Future Thomas D. Clareson, 1979 Essays on major science fiction writers

The Psionic Menace John Brunner, 2013-07-25 MUST THE UNIVERSE DIE WITH THEM The Starfolk arrogant masters of vast stretches of the cosmos beyond the Earth's sphere of influence were determined to complete the extermination of the mind reading mutants of Regnier's planet But to the mutants themselves the terror of the Starfolk was nothing compared to the greater dread that gripped their spirits the obsession that the universe itself was doomed This obsession ripped into their minds overwhelmed them and plunged them into horrifying hysteria The message of room reached the ears of the Starfolk themselves forcing the to a fateful decision They would allow an Earthman archeologist Philip Gascon to visit Regnier in an attempt to unravel its secrets What he found would either contain the key to the ultimate destiny of the universe or the date of the doomsday The Martian Sphinx John Brunner, 2011-09-29 By the twenty first century the world was drowning in its own population A solution had to be found quickly and it was in gravi power Wonderful unending source of power only the scientists knew that its use was reducing the Earth's distance from the sun at a dangerous rate But if another planet's gravi power could harnessed An expedition was launched to Mars known to be uninhabited except that a woman was wandering

around its surface who claimed she had come from another galaxy to warn Earth of a terrible menace and there was a huge poly hedron of metal emanting a force very much like that of gravipower Someone else had discovered it A thousand years ago or now Friend or enemy First published 1965
