Smith, 2022-12-28 This book explores the literate and advanced cultures of two very separate groups in the Book of Mormon 1 the Jaredites described in the book of Ether and 2 the members of tribal Manasseh who dominate the remainder of the Book of Mormon The first group flourished during the millennia before the arrival of the second group in a nearby area and became extinct as a civilization not long after the arrival of that second group Within the New World only one complex

culture arose which was literate built great cities and had a large population namely the Olmec of southern Mexico the mother culture of the five subsequent advanced cultures of Mesoamerica This book demonstrates how the Mesopotamian Jaredites brought with them a Sumero Akkadian culture to the New World The linguistics of Sumero Akkadian are not only found systematically within the Jaredite onomasticon but a comparison of Sumero Akkadian with reconstructed ancient Olmec Proto Mixe Zoque strongly suggests the ultimate origin of that people in Mesopotamia at least 5 thousand years ago In the second section of the book an offshoot of tribal Manasseh Clan Lehi demonstrates its pervasive influence through an onomasticon almost exclusively showing derivation from Manassite names known from the Bible and archeology and which are collocated geographically with each other and with a set of names known biblically to be associated with transjordanian tribes and southern areas such as Midian where Clan Lehi first goes to make good its escape from Judah *Jaredites: the Missing Civilization X* Jim Hendleman, 2013-05-20 This book covers the origin and archaeological development of selected categories of civilized elements identified as being Jaredite in origin It is an attempt to elevate the Jaredite civilization into the light of day from the heretofore dark mists of history where science has forced it for the last 2 500 years The Jaredite civilization spanned a possible 2 530 years and its known achievements have far exceeded those of modern mans in many regards In c 2800 BC the Jaredites built a pair of concrete superhighways over 2 700 miles complete with paved exits and a secondary road network nearly the entire length of the South American continent Their civilization could answer the riddles of the Sphinx the questions of who built the pyramids and why the mystery and likely origin of UFOs prove whether or not George Lucas had the only ET detail what Noah brought aboard the ark besides three sons and their families and provide an answer to the question posed to Dr J Robert Oppenheimer by a student as to whether Alamogordos nuclear bomb in July 1945 was the first ever atomic bomb explosion in history Many other possible but likely Jaredite achievements are incredibly fascinating and await only an honest archaeological effort to prove them The historical facts exist they are real and three dimensional but to date standard classical science has relegated them to the dustbin of historys forgotten basement closet Satan has made a tremendous effort since mankinds beginning to keep man blinded to the historical facts of our heritage causing the deliberate destruction of millions of artifacts scrolls books and whole libraries throughout the world to do so This book is but a small effort to expose and make known a portion of mankinds previously hidden but rightful heritage The Jaredites Mark E.
