*The Jet Age* Robert Jackson, 1980-01-01      **Fleet Air Arm Boys: True Tales from Royal Navy Men and Women Air and Ground Crew, Volume 2** Steve Bond, 2021-10-27 Since the end of World War 2 the primary role of the Royal Navy's Fleet Air Arm has been airborne power projection the ability rapidly to respond to any trouble spot across the globe and to protect the interests of the United Kingdom and its partner nations The principal tools in that response were the strike aircraft which took the offensive to the aggressor Although from 2010 to 2020 fixed wing carrier aviation was not part of the Fleet Air Arm with the advent of the navy's two new aircraft carriers HMS Queen Elizabeth and HMS Prince of Wales that capability has been restored This renewed focus has not only seen the return of flying high performance aircraft from a carrier but also the regeneration of the necessary skills and courage needed to cope with the extremes of weather and the nature of air operations in a very high risk environment However the lessons of the past have not been forgotten and so many of those previous experiences are related within these pages true stories of the last 76 years from aircrew maintainers aircraft handlers and many other supporting staff both men and women Following on from the success of volume one this second volume covers every fixed wing aircraft type flown from carriers in the strike anti submarine warfare and the vital airborne early warning roles from Scimitars to Hunters Buccaneers to Skyraiders and many more plus an extensive fleet of land based aircraft As with the first volume involvement in operations such as Suez the Beira Patrol the Falklands Belize Bosnia and elsewhere is included Despite the intensity and all too frequent tragedy of operations the esprit de corps and the ability to find the necessary release through laughter shine through Here are the words of the men and women themselves profusely illustrated in black and white and color      [The Guinness Book of Air Warfare](#) Robert Jackson, 1993      **Fleet Air Arm Boys** Steve Bond, 2020-11-18 A history of the Royal Navy's FAA since 1945 featuring a survey of the aircraft flown the conflicts fought and the daily life of those in service The RAF's continuing role in the projection of air power in the defence of the United Kingdom and its overseas interests since the end of the Second World War is well known However the same cannot always be said about the Royal Navy's Fleet Air Arm FAA in part due to the ten year gap between the retirement of the Harrier and the arrival of the F 35B and the Queen Elizabeth class aircraft carriers Flying high performance aircraft off a carrier demands not only a high level of skill but also a considerable amount of courage and determination not least to land back on a very small piece of real estate bobbing about in a rough sea often at night with no possibility of diversion The nature of these operations has meant that the accident rate and aircrew losses were very high and accepted as part of the job With the arrival of the Queen Elizabeth and the Prince of Wales it is time to redress the balance and bring the FAA's extraordinary story to the audience it so richly deserves through the words of those air and ground crews who have been part of it since 1945 What emerges is an amazing close knit esprit de corps often accompanied by a long standing and still simmering rivalry between the RAF and the Royal Navy over who should project air power overseas Enormous respect is

shown by the aviators and ships senior officers for the aircraft handlers and maintainers who work long hours in a highly dangerous environment on the flight deck This first volume looks chronologically at every aircraft type flown in an air defence role since 1945 Involvement in conflicts including Korea Suez the Falklands Bosnia and elsewhere is included and perforce the cost in human lives even in everyday operations frequently emerges Balancing this are the everyday grind the good times the humour the runs ashore and the sense of pride in a job well done All delivered in the words of the men themselves
