**Something Missing** Matthew Dicks, 2009-07-14 The story of an obsessive compulsive housebreaker whose every waking moment is jam packed with finicky clockwork ritual the kind of intense micro planning that might have made even Napoleon back off Matthew Dicks has created an unforgettable character that will have you torn between wanting to throttle him or adopt him Alan Bradley author of the New York Times bestselling Flavia de Luce novels A career criminal with OCD tendencies and a savant like genius for bringing order to his crime scenes Martin considers himself one of the best After all he's been able to steal from the same people for years on end virtually undetected Of course this could also be because of his unique business model taking only items that will go unnoticed by the homeowner After all who would notice a missing roll of toilet paper here a half used bottle of maple syrup there or even a rarely used piece of china buried deep within a dusty cabinet Even though he's never met these homeowners spending hours in their houses looking through their photo albums and reading their journals he feels like he knows them So Martin decides to meddle more in their lives playing the part of a rather odd guardian angel even though it means breaking many of his neurotic rules In this hilarious suspenseful and often profound novel about a man used to planning every second of his life Martin comes to realize that life is much better lived on the edge at least some of the time

**Hunting Little Deer** Soren Whit, 2025-02-06 Blaire Ambrose finally gets a break her horrid grandfather died With his passing her mother wishes to wipe her hands clean of the house left behind but Blaire soon learns the ugly truth hiding within the aging walls Each passing day spent alone drives Blaire closer to the truth of her own history but it also loosens her mental fortitude Little does she know the isolation and sidelong glances from the townspeople would drive her to unspeakably dark corners of her own mind The house feeds off her actions and it's been hungry for so long A new friend offers extra hands to bring the house into the modern age but the house isn't willing to accept these changes They find more than they bargained for and are left with

more questions than answers when a cavity is uncovered that houses the remains of Ambrose victims dating back to the early years of the house s construction There is no one to call no one to ask for help as the local law enforcement learned long ago that meddling in Ambrose affairs lands them in an early grave or on the ever growing list of missing persons Don t hike alone they say Don t wander too close to the Ambrose house they say Not every campfire story is meant to scare children some are warnings Her mother Delia steps in to stop Blaire s tumble into madness but she doesn t know the caliber of danger housed within the walls until it is too late It has its claws on Blaire and it doesn t intend to ever let her go Her mother should have warned her She should have prepared Blaire for the guests that come and go in the night the ones they cannot stop no matter what they do Locks are useless windows can be pried open and no one is nearby to hear them scream They are well and truly alone
