Dorff, Louis E. Newman, 2009-03-01 How do we use power once we ve gained it Is it completely for our individual benefit or do we use it to help our neighborhoods or society at large What kinds of decisions must CEOs and business owners make regarding suppliers and customers How should bosses treat workers Teachers treat students Parents treat children Government treats citizens Power dynamics affect people on a political level a social level and a deeply personal level as well The newest volume in the Jewish Choices Jewish Voices series examines these dynamics and includes essays by such fine contributors as U S Representative Henry Waxman NBC Universal Television West Coast President Marc Graboff and author and scholar James Diamond The Oxford Handbook of Religion and Economic Ethics Albino Barrera, Roy C. Amore, 2024 This innovative collection of essays draws together and compares the teachings of world and regional religions on the subject of economic morality **Text Me** Jeffrey Schein, 2019-10-24 Common sense tells us that technology can either be a blessing or curse in our lives The assertion flows easily but deceptively from us Beneath the flowing assertion lay many cross currents and much complexity These complexities are named and laid out for individual and group exploration throughout the book They provide mirrors for the reader and groups of readers to discover their own affirmations and arguments with their own digital profiles based on Jewish humanistic religious values The iterative analysis points back to the double entendre in the book s title text me can be a command to engage in the famously quick communication as in receiving a text on our smart phones and text me can also serve as an imperative to explore the wisdom contained in Jewish texts The synergies gaps creative tensions and paradoxes living within this double use of text me permeate the volume Though rooted in Jewish sources the tools of analysis can be used by Christians Muslims and people who describe themselves as spiritual but not religious Indeed the book is an invitation to all who live in the digital age which is to say all of us Commentaries provided by
