## **The Jewish State The Struggle For Israel's Soul :**

The Jewish State Yoram Hazony, 2009-04-30 In what may be the most controversial book on Zionism and Israel published in the last twenty years Yoram Hazony graphically portrays the cultural and political revolt against Israel's status as the Jewish state Examining ideological trends in academia literature media law the armed forces and the foreign policy establishment Hazony contends that Israelis are preparing themselves for the final break with the Jewish past and the Jewish future In a dramatic new reading of Israeli history Hazony uncovers the story of how Martin Buber Gershom Scholem Hannah Arendt and other German Jewish intellectuals bitterly fought against the establishment of Israel and later used the Hebrew University as a base for deposing David Ben Gurion and discrediting Labor Zionism The Jewish State is a must read for anyone concerned with Israel's present and future The Jews, Nationalism, and the Universalist Ideal J.

David, 2009-03-02 The worst difficulties from which we suffer do not come from without They come from within They do not come from the cottages of the wage earners They come from a peculiar type of brainy people always found in our country who if they add something to its culture take much from its strength Our difficulties come from the mood of unwarrantable self abasement into which we have been cast by a powerful section of our own intellectuals They come from the acceptance of defeatist doctrines by a large proportion of our politicians But what have they to offer but a vague internationalism a squalid materialism and the promise of impossible Utopias Winston Churchill England 24 April 1933 Royal Society of St

George London A History of Israel Howard M. Sachar, 2013-07-31 First published in 1976 Howard M Sachar's A History of Israel From the Rise of Zionism to Our Time was regarded one of the most valuable works available detailing the history of this still relatively young country Decades later readers can again be immersed in this monumental work The second edition of this volume covers topics such as the first of the Aliyahs in the 1880s the rise of Jewish nationalism the beginning of the political Zionist movement and later how the movement changed after Theodor Herzl the Balfour Declaration the factors that led to the Arab Jewish confrontation Palestine and its role both during the Second World War and after the war of independence and the many wars that followed it over the next few decades and the development of the Israeli republic and the many challenges it faced both domestic and foreign and still faces today This is a truly enriching and exhaustive history of a nation that holds claim to one of the most complicated and controversial histories in the world **The ^AHoly One of Israel** Lenn E. Goodman, 2019-11-04 The Holy One of Israel is a philosophical exploration of that remarkable and distinctively Jewish idea that God is everywhere yet not in space Drawing on biblical rabbinic and philosophic sources not as fonts of authority but as touchstones of authenticity Lenn E Goodman argues that divine immanence and transcendence are inseparable a thought captured in Isaiah's epiphany Holy holy holy The Lord of hosts The fill of all the earth is His glory

The Invention of a Nation Alain Dieckhoff, 2003 A comprehensive overview of the various ideologies that constitute Zionism ranging from Marxist Zionism to National Religious Zionism to that of the far right Abba Achimeir This book makes

explicit the debt the Zionists owed to French thinkers and European ideologues notably those associated with the French Revolution and the Enlightenment      The Pursuit of Peace and the Crisis of Israeli Identity D. Waxman,2006-09-02 This book offers a theoretically informed analysis of the way in which Israeli national identity has shaped Israel's foreign policy By linking domestic identity politics to Israeli foreign policy it reveals how a crisis of Israeli identity inflamed the debate in Israel over the Oslo peace process      **Encyclopedia of Judaism** Sara E. Karesh,Mitchell M. Hurvitz,2005 An illustrated A to Z reference containing over 800 entries providing information on the theology people historical events institutions and movements related to the religion of Judaism      The Political Philosophy of Zionism Eyal Chowers,2012-02-27 Zionism emerged at the end of the nineteenth century in response to a rise in anti-Semitism in Europe and to the crisis of modern Jewish identity This novel national revolution aimed to unite a scattered community defined mainly by shared texts and literary tradition into a vibrant political entity destined for the Holy Land As this remarkable book demonstrates however Zionism was about much more than a national political ideology and practice By tracing its origins in the context of a European history of ideas and by considering the writings of key Jewish and Hebrew writers and thinkers from the nineteenth and twentieth centuries the book offers an entirely new philosophical perspective on Zionism as a unique movement based on intellectual boldness and belief in human action In counter distinction to the studies of history and ideology that dominate the field this book also offers a new way of reflecting upon contemporary Israeli politics      **Israel's Wars** Ahron Bregman,2016-01-22 Israel's Wars is a fascinating and essential insight into the turbulent history of this troubled country which since its foundation has endured almost constant violence Bringing its coverage up to date with recent conflicts this fourth edition includes a new chapter on the Gaza wars from 2007-2014 a new preface and an updated concluding chapter From the 1947-48 Jewish Palestinian struggle for mastery of the land of Palestine to the Al Aqsa intifada the second Lebanon war and the Gaza wars Bregman exposes hitherto unknown facts including details of secret Soviet involvement in inciting the 1967 Six Day War Israeli bombing of the American warship the USS Liberty and Israeli assassinations of leading Palestinians in the Gaza Strip and the West Bank Illustrated throughout with maps and photographs this new edition is valuable reading for students of Arab-Israeli conflicts over the last seventy years      **The Israeli Century** Yossi Shain,2021-11-02 The Israeli Century is one of the most important books of our generation emphasizing how Israel is becoming the center of the Jewish People's existence and is laying the solid foundations for its future Isaac Herzog President of Israel In this important breakthrough work Yossi Shain takes us on a sweeping and surprising journey through the history of the Jewish people from the destruction of the First Temple in the sixth century B C E up to the modern era Over the course of this long history Jews have moved from a life of Diaspora which ultimately led to destruction to a prosperous existence in a thriving independent nation state The new power of Jewish sovereignty has echoed around the world and gives Israelis a new and significant role as influential global players In the Israeli Century the Jew is reborn feeling a deep responsibility for his

tradition and a natural connection to his homeland A sense of having a home to return to allows him to travel the wider world and act with ease and confidence In the Israeli Century the Israeli Jew can fully express the strengths developed over many generations in the long period of wandering and exile As a result Shain argues the burden of preserving the continuity of the Jewish people and defining its character is no longer the responsibility of Diaspora communities Instead it now falls squarely on the shoulders of Israelis themselves The challenges of Israeli sovereignty in turn require farsighted leaders with a clear eyed understanding of the dangers that confront the Jewish future as well as the incredible opportunities it offers

Myers,2009-03-15 An exploration of the fascinating Jewish thinker Simon Rawidowicz and his provocative views on Arab refugees and the fate of Israel *City on a Hill*top Sara Yael Hirschhorn,2017-05-22 Since Israel s 1967 war more than 60 000 Jewish Americans have settled in the occupied territories transforming politics and sometimes committing shocking acts of terrorism Yet little is known about why they chose to live at the center of the Israeli Palestinian conflict Sara Yael Hirschhorn unsettles stereotypes about these liberal idealists [The Classical Liberal Case for Israel](#) Walter E. Block,Alan G. Futerman,2021-11-02 This book offers a unique perspective on the State of Israel based on classical liberalism both on a historical and theoretical level Specifically it makes a classical liberal and libertarian analysis based upon homesteading and private property rights to defend the State of Israel As such this work explores the history of the Jewish State both to provide a positive case for its right to exist and to clarify the myths surrounding its origin and development At the same time it deals with other relevant related subjects such as the complex situation between Israel and the Palestinian Arabs the military campaigns against the Jewish State the connection between anti Zionism and anti Semitism and Israel s economic miracle The thorough analysis presented in this work intends to show not only why the voices and movements against Israel are wrong including the Boycott Divestment and Sanctions movement BDS but more importantly why Israel is an example of human flourishing and freedom that every advocate for liberty should celebrate The Classical Liberal Case for Israel makes the practical and moral case for Israel It is based on truths and facts that need to be repeated over and over Block Futerman understand that the only way to defeat a big lie is with a big truth Benjamin Netanyahu Prime Minister of the State of Israel Jerusalem Israel Classical Liberalism often associated with the spread West from Northern Europe in creating free nations is argued here as applying to Israel with ancient roots in the principles of human freedom Vernon L Smith Ph D Nobel Prize in Economic Sciences 2002 and Professor George L Argyros Endowed Chair in Finance and Economics Professor of Economics and Law Smith Institute for Political Economy and Philosophy at Chapman University
