Schwartz, 2012-02-01 In the five decades since Richard Schwartz first became a religious Jew he has watched the mainstream Jewish community shift more and more to the Right often abandoning the very values that originally attracted him to Orthodox Judaism In this soul searching book Schwartz examines the ways in which he believes his religion has been stolen by partisan politics and offers practical suggestions for how to get Judaism back on track as a faith based on peace and compassion Tackling such diverse issues as U S politics Israeli peace issues the misuse of the Holocaust antisemitism U S foreign policy Islamophobia socialism vegetarianism environmentalism Schwartz goes where many Jews fear to go and challenges us to re think current issues in the light of positive Jewish values With photos notes action ideas resource lists and annotated bibliography Also includes appendix materials with Rabbi Yonassan Gershom Mithras Andrew Fear, 2022-06-24 Mithras explores the history and practices of the ancient mystery religion Mithraism looking at both literary and material evidence for the god Mithras and the reception and allure of his mysteries in the present The genesis and spread of Mithraism remain highly controversial This book examines our current state of knowledge on the pre classical Indo Iranian god Mitra and argues that Mithraism was a product of Mitra's encounter with the religious thought of the classical world It then charts the life history of Mithraism in the Roman Empire exploring the social background of its initiates and the reasons for their attraction to the religion The rituals and beliefs of the cult are as mysterious as its origins in studying Mithraic caves and paintings found in some Mithraic temples we can better understand and reconstruct the rituals the Mithraists practiced

While bull slaying or tauroctony lies at the core of the Mithraic mythos this volume explores other incidents in the god's life depicted in ancient art including his miraculous birth and his banquet with the sun as well as the disconcerting lion-headed enveloped god. After a fall from grace in the post-classical world Mithras has resurrected himself in the present establishing himself as one of the most recognisable if elusive gods of antiquity. Mithras provides a fascinating study of this complex god that will be of interest to scholars and students of Roman and Late Antique religion, mystery cults as well as those working on society and religion in antiquity more broadly. *The Reform Advocate*, 1935

A Dictionary of Green Ideas John Button, 2019-06-21 First published in 1988 A Dictionary of Green Ideas collects together the concepts which go to make up a green view of the world. Ecology and the environment, conservation and appropriate technology, politics and philosophy, peace and health, spirituality and world development, all these areas and more are reflected in nearly 1500 entries. The entries range from the very short to full-length essays reflecting the diversity of the subject matter. All give a clear definition of the meaning of the term and an indication of its etymology and earliest use. But the Dictionary of Green Ideas is much more than simply a list of definitions. The concepts discussed are elaborated upon, interpreted, set in context, exemplified by quotations from a wide range of sources and related to other entries by means of an extensive network of cross-references. The result is a fascinating and immensely readable book which successfully fulfils a double role as an accessible introduction to green thought and as a source of reference offering new insights to green thinkers of long standing.
