Queering the South on Screen

Tison Pugh,2020-04-22 Within the realm of American culture and its construction of its citizenry geography and ideology who are southerners and who are queers and what is the South and what is queerness Queering the South on Screen addresses these questions by examining the intersections of queerness regionalism and identity depicted in film television and other visual media about the South during the twentieth and twenty first centuries Southern queers on screen often reflect the fantasy of cultural stereotypes Editor Tison Pugh contends that when southern queers appear in films and on television and when southern queers watch these portrayals the inherent contradictions of these cultural depictions reveal the fault lines of

gender geography and desire These underlying schisms point to the infinite if infrequently portrayed possibilities of actual queer southern life Examining a range of materials including gothic horror films and drag queens on public access television the contributors show that queer southerners have always expressed desires for distinctiveness in the making and consumption of visual media Read together the introduction and twelve chapters deconstruct premeditated labels of identity such as queer and southern In doing so they expose the reflexive nature of these labels to construct ideological fantasies of southerners regardless of the complexity of their lives *Hard Candy* Tennessee Williams,1954 **Tennessee Williams**
