The Kabiroff Papers:

Teaching ELLs Across Content Areas Nan Li, 2016-04-01 The book Teaching ELLs Across Content Areas Issues and Strategies is a unique useful text written for K 12 teachers This book is the culmination of the professional knowledge expertise and experience from the distinguished authors who represent the entire range of the content areas including language arts science mathematics technology arts psychology and Hispanic studies The ELL school population has reached 5.3 million with the increase rate of 51 percent from School Year 1998-1999 to 2008-2009 NCELA 2012 By 2025 one out of four K 12 students will be ELLs NEA Policy Brief 2013 The NEA data states that the ELLs are the fastest growing student population group in our schools and providing them with high quality services and programs is an important investment in America's future NEA Policy Brief 2013 With the fast growth of the ELLs in schools basic information and strategies are needed by all K 12 teachers This book provides useful information and strategies for all K 12 teachers in content classrooms This book has three significances First the book provides the most needed information for K 12 teachers with issues and strategies that are important in content areas to help ELLs succeed With the fast growth of the ELLs in schools K 12 teachers need this information in content classrooms Second the book fills the gap related to teaching ELLs in content areas There are some existing books with titles on teaching ELLs across content areas yet these books provide general information with fewer books that really address specific content topics This book is unique because it has the dedicated chapters for specific content areas e.g. Language Arts Science Math Social Studies with issues and strategies in these respective contents as well as general information e.g. L2 theories for teachers to know and work with ELLs Third the book is reader friendly with carefully crafted chapters Each chapter begins with a scenario to catch the reader's attention is followed by issues and strategies and ends with a summary A scenario begins with each chapter for teachers to get to know the ELLs with the content that focuses on the related information and teaching strategies With the continued increase in the ELL school population this book is intended helping all K 12 teachers in content areas have knowledge and strategies to better serve their ELLs

Protection, Security, and Safeguards Ann Hutchinson Guest, 2012-10-05 Much has changed on the security landscape since the last edition of this book was published in 2000 Today's security personnel face greater demands than ever before and are expected to be more highly trained and educated Updated to reflect the heightened security climate of the current age Protection Security and Safeguards Practical Approach Protection, Security, and Safeguards Dale L. June, 2000-06-28 Our need for security has not waned since the dawn of civilization it has only increased and become more complicated Protection Security and Safeguards Practical Approaches and Perspectives draws on the security prowess of former secret service agents and other notable security professionals as the authors touch on nearly every facet of the industry Written to satisfy the practical needs of anyone in the business of protection the text covers areas such as personal protection security in the workplace residence security healthcare security aviation security and many more Special chapters

detailing the experiences of an identity theft victim as well as a woman who must employ 24 hour security to insure she doesn't harm others cover security issues from the client's viewpoint Other chapters on quick threat assessment and defensive tactics will help agents protect themselves and their clients Although other publications discuss and analyze security none focus on both the professional and personal perspectives of this critical industry Editor Dale L June shares his vast knowledge and lucid insight into the business of protection A former U S Secret Service agent in the Presidential Protection Division he also worked with the U S Customs Service as a terrorism intelligence specialist and was a former police officer He has more than 30 years experience in various fields of protection and security including owning and operating an executive protection and security consulting business He teaches university courses as well as security related topics at private vocational academies
