The Kalahari Bushmen Dance:

The Kalahari Bushmen Dance Jurgen Schadeberg, 1982 *Bushman Shaman* Bradford Keeney, 2004-11-09 The author's journey to becoming a Bushman shaman and healer and how this tradition relates to shamanic practices around the world. Explores the Bushmen's ecstatic shaking and dancing practices. Written by the first non-Bushman to become fully initiated into their healing and spiritual ways. In *Bushman Shaman* Bradford Keeney details his initiation into the shamanic tradition of the Kalahari Bushmen, regarded by some scholars as the oldest living culture on earth. Keeney sought out the Bushmen while in South Africa as a visiting professor of psychotherapy. He had known of the Kalahari trance dance wherein the dancers' bodies shake uncontrollably as part of the healing ceremony. Keeney was drawn to this tradition in the hope that it might explain and provide a forum for his own ecstatic shaking, which he had first experienced at the age of 19 and had tried to suppress and hide throughout his adult life. For more than a dozen years, Keeney danced with Bushmen shamans in communities throughout Botswana and Namibia until finally becoming fully initiated into their doctoring and spiritual ways. Through his rediscovery of the rope to God in a Bushman shaman dream, he offers readers accounts of his shamanic world travels and the secrets of the soul he learned along the way. In *Bushman Shaman*, Keeney also reveals his work with shamans from Japan, Tibet, Bali, Thailand, Australia, and North and South America, providing new understandings of other forms of shamanic spiritual expression and integrating the practices of all these traditions into a sacred circle of one truth.

Pygmies & Bushmen of the Kalahari S. S. Dornan, 1925 **Tricksters and Trancers** Mathias Georg Guenther, 1999 a first-rate piece of scholarship, an invaluable summary and commentary on the multilingual literature on Bushman people. Choice: The trickster and trance dancer are the guides through Bushman or San religion, a world of ambiguity and contradiction and of enchantment. The two figures who in Bushman belief are symbolically equivalent and mystically linked embody these antistructural traits. **A History of Theory and Method in the Study of Religion and Dance** Kimerer L. LaMothe, 2018-10-22 The relationship between religion and dance is as old as humankind. Contemporary methods for studying this relationship date back a century. The difference between these two time frames is significant: scholars are still developing theories and methods capable of illuminating this vast history that take account of their limited place within it. *A History of Theory and Method in the Study of Religion and Dance* takes on a primary challenge of doing so, overcoming a conceptual dichotomy between religion and dance forged in the colonial era that justified western Christian hostility towards dance traditions across six continents over six centuries. Beginning with its enlightenment roots, LaMothe narrates a selective history of this dichotomy, revealing its ongoing work in separating dance studies from religious studies. Turning to the Bushmen of the African Kalahari, LaMothe introduces an ecokinetic approach that provides scholars with conceptual resources for mapping the generative interdependence of phenomena that appear as dance and/or religion. **Dance and the Quality of Life** Karen Bond, 2019-03-05 This is the first volume devoted to the topic of dance and quality of life.
