The Keener Love:

The Keener Love Sally Thompson,1960 N. S. Xavier,2006-11-01 With originality and depth Fulfilling Heart and Soul distinguishes between our innate consciences and socially conditioned superegos It provides a broad perspective on human needs and the crucial role of conscience in handling them properly It is a groundbreaking treasure of information insight inspiration and pragmatic guidance for psychological and spiritual fulfillment The Courtesan C. Hayward,1926 *The Young Woman's Journal* ,1907 **Heaven and Its Wonders, and Hell** Emanuel Swedenborg,1911 *Sermon-sketches Taken from Some of the Sunday Lessons Throughout the Church's Year* William Henry Hutchings,1895 Pastoral Drama and Healing in Early Modern Italy Federico Schneider,2016-05-13 Pastoral Drama and Healing in Early Modern Italy represents the first full length study to confront seriously the well rehearsed analogy of the pastoral poet as healer Usually associated with the edifying function of the Renaissance pastoral this analogy if engaged more profoundly raises a number of questions that remain unanswered to this day How does the pastoral heal How exactly do the inner workings of the text cater to the healing What socio cultural conventions make the healing possible What are the major problems that pastoral poetry as mimesis must overcome to make its healing morally legitimate In the wake of Derrida s seminal work on the Platonic pharmakon which has in turn led recent criticism to formulate a much more concrete understanding of the theater drug analogy the stringent approach to the therapeutic function of the Renaissance pastoral offered in this work provides a valuable critical tool to unpack the complexity contained within a little understood cliché Friendship Neera Kapur Badhwar,1993 There has been a marked revival of interest among philosophers in the topic of friendship This collection of fifteen essays presents an admirable range of the diverse contemporary approaches to friendship within philosophy The book is divided into three sections The first centers on the nature of friendship the difference between friendship and other personal loves and the importance of friendship in the individual s life The second section discusses the moral significance of friendship and the response of various ethical theories and theorists Aristotelian Christian Kantian and consequentialist to the phenomenon of friendship The last section deals with the importance of personal and civic friendship in a good society Badhwar s introduction is a comprehensive critical discussion of the issues raised by the essays it relates them to each other as well as to historical and contemporary discussions not included in the anthology thus providing the reader with an integrated overview of the essays and their place in the larger philosophical picture Contributors Robert M Adams Julia Annas Neera Kapur Badhwar Marcia Baron Lawrence Blum Nathaniel Branden John M Cooper Marilyn Friedman C S Lewis H J Paton Peter Railton Amelie O Rorty Mary Lyndon Shanley Nancy Sherman Michael Stocker Laurence Thomas The Shadow of Her Life Charles Garvice,1899 **The Evangelist** ,1899 **Sanctified Imagination** Ivan L. Hartsfield,2023-07-14 The first of its kind this seminal work charts the unlikely theological quest for Christian holiness by founder Charles Harrison Mason and the Wesleyan Holiness Pentecostal tradition known as the Church of God in Christ

COGIC the largest Pentecostal denomination in the United States Through fresh research and critical analysis this book challenges existing assumptions by scholars and reveals how little known black renewal movements informed Mason's theological understanding and that of the movement The rich theological resources of this historically marginalized movement are not primarily accessible in academic journals position papers or theological treatises Instead these resources function as lived religion where the theological presuppositions are embedded in primitive worship ecstatic religious practices and countercultural distinctives By unpacking the lived religion of this self-professed sanctified church this book explores how sanctification and the practice of Christian holiness shaped and empowered the COGIC its people and its practices in creative and profound ways resulting in a radical holiness ethic that emerged from an inexhaustible exilic vitality with personal social and political implications Given the challenge of Christian nationalism today this book provides a framework that informs Christian identity and faithful living for the broader Christian community

The Teacher's handbook of psychology James Sully, 1914 Echoes of Truth Edmund Martin Geldart, 1886 **The Prose and Poetry of Europe and America**, 1845 The Soul of Beauty Ronald Schenk, 1992 The problem explored in *The Soul of Beauty* is the split in modern consciousness between the world of perception and appearance on the one hand and the world of action and meaning on the other We see in one way and find truth in another The work presents this dualism as a problem in the modern sense of beauty The intent of the book is the recovery of beauty as that which brings together such contemporary splits as perception and action appearance and meaning matter and spirit subject and object Beauty is imaged in two paradigms The first presents beauty as a matter of appearance which holds meaning beauty as truth The second holds that beauty is subjective experience which in its modern sense is divorced from knowledge and practical action beauty as relative experience The paradigms are formed through an imaginative and historical exploration of the tradition of beauty in Western consciousness The prototype of the first paradigm beauty as appearance is seen in the goddess Aphrodite who reflects the Greek sense of divinity in form itself This paradigm is then founded upon the tradition of Plato in the *Phaedrus* and the *Symposium* Plotinus Dionysius and Ficino The major elements of this paradigm are depicted in beauty as 1 source in a hierarchical universe 2 universal mediator 3 object of love 4 human perception 5 human knowledge 6 light and 7 unity goodness and being The suggestion is made that the paradigm of beauty as appearance is relevant for psychology as a study of soul because it brings together perception and meaning The paradigm of beauty as a subjective experience focuses historically upon beauty as a spiritual conceptual proportion methodological linear perspective and subjective phenomenon In the tradition of proportion and subjectivism knowledge is gained through perception that occurs via an organizing system such as mathematics or a concept such as proportion rather than through the direct perception of appearance Meaning is separated from perception and the organizing system or concept not appearance becomes the ground of knowledge It is suggested that this paradigm reflected in scientific and conceptual psychology is problematic for psychology as a study of

soul Instead psychology conducts its endeavors in the service of identification with the divine control over the physical world and certainty of consciousness The final portion of the work examines the recovery of beauty as appearance in contemporary psychology through the notion of image in Jung s later thought and the phenomenon of psychotherapy The work concludes with a presentation of psychology as an aesthetic enterprise bringing together meaning and appearance spirit and matter art and science subject and object
