Theweleit,1987      **On Being Blue** William H. Gass,2014-03-11 On Being Blue is a book about everything blue sex and sleaze and sadness among other things and about everything else It brings us the world in a word as only William H Gass among contemporary American writers can do Gass writes Of the colors blue and green have the greatest emotional range Sad reds and melancholy yellows are difficult to turn up Among the ancient elements blue occurs everywhere in ice and water in the flame as purely as in the flower overhead and inside caves covering fruit and oozing out of clay Although green enlivens the earth and mixes in the ocean and we find it copperish in fire green air green skies are rare Gray and brown are widely distributed but there are no joyful swatches of either or any of exuberant black sullen pink or acquiescent orange Blue is therefore most suitable as the color of interior life Whether slick light sharp high bright thin quick sour new and cool or low deep sweet dark soft slow smooth heavy old and warm blue moves easily among them all and all profoundly qualify our states of feeling      **Revolting Families** Carrie Smith,2013-10-30 Revolting Families places the literary depiction of familial and intimate relations in 1960s West Germany against the backdrop of public discourse on the political significance of the private sphere Carrie Smith Prei focuses on debut works by German authors considered to be part of the new and black realism movements Dieter Wellershoff Rolf Dieter Brinkmann Gisela Elsner and Renate Rasp Each of the works by these authors uses depictions of neurosis disgust vertigo or violence to elicit a reaction in readers that calls them to political social or ethical action Revolting Families thus extends the concept of negativity which has long been part of post war German philosophical and aesthetic theory to the body in German literature and culture Through an analysis of these texts and of contextual discourse Smith Prei develops a theoretical concept of corporeal negativity that works to provoke socio political engagement with the private sphere      **Designing America's Waste Landscapes** Mira Engler,2004-05-31 Publisher

understanding of organization and organizations He brings us tales from under the edge which enmesh us in the nether side of modernist organization By looking backwards deep into the history of Western societies and sideways across the broad domain of social and cultural theory Pandemonium disconcerts and invigorates the domain of the study of organizations Through his experimental device of the two directional text Burrell offers multi layered meanings and a metaphor for the rejection of linearity This is not an organizational behaviour textbook but an exploration that will take organization theory into a new era

Food, the Body and the Self Deborah Lupton,1996-03-11 In this wide ranging and thought provoking analysis of the sociocultural and personal meanings of food and eating Deborah Lupton explores the relationship between food and embodiment the emotions and subjectivity She includes discussion of the intertwining of food meaning and culture in the context of childhood and the family as well as the gendered social construction of foodstuffs food tastes dislikes and preferences the dining out experience spirituality and the civilized body She draws on diverse sources including representations of food and eating in film literature advertising gourmet magazines news reports and public health literature and her own empirical research into people s preferences memories experiences and emotional responses to food Food the Body and the Self s strong interdisciplinary approach incorporates discussion of the work of a number of major contemporary social and cultural theorists including Bourdieu Elias Kristeva Grosz Falk and Foucault

**Rise and Shine** Simon Carter,2007-06-15 Sunshine plays an important role in all aspects of life but there has been little social analysis of the sun and its place in our world Recently experts have warned us that the sun s rays are dangerous Yet the sun tan can still be taken as a sign of health How did we arrive at this ambivalent relationship to the sun and what does this say about our changing attitudes to the human body and environment Rise and Shine takes as its starting point a view of sunlight as part of our material and social culture How did the use of sunlight to treat TB and rickets in the early twentieth century alter our relationship to the sun When was sun tan lotion invented By drawing on a range of archive and historical sources Rise and Shine traces the network of social and medical forces that constitute our current sometimes problematic relationship with sun and sunlight

War X Tim Blackmore,2011-10-07 War X is an explosive introduction to the discussion of modern warfare and a timely consideration of industrial warfare It is also a deliberation on the startling world of new weapons development and the indescribable future of war that beckons **BOOKJACKET** *The Total Work of Art* Matthew Wilson Smith,2007-03-12 This wide ranging and topical survey incorporates many canonical artists into a single narrative Beautifully illustrated it pays particular attention to the influence of the Total Work of Art on modern theatre and performance

*German Ecocriticism in the Anthropocene* Caroline Schaumann,Heather I. Sullivan,2017-04-18 This book offers essays on both canonical and non canonical German language texts and films advancing ecocritical models for German Studies and introducing environmental issues in German literature and film to a broader audience This volume contextualizes the broad ranging topics and authors in terms of the Anthropocene beginning with Goethe and the Romantics and extending into

twenty first century literature and film Addressing the growing need for environmental awareness in an international humanities curriculum this book complements ecocritical analyses emerging from North American and British studies with a specifically German Studies perspective opening the door to a transnational understanding of how the environment plays an integral role in cultural political and economic issues Engaging the Spirit Robert Boak Slocum, 2018-02-20 For too long the Holy Spirit has tended to be either disregarded or the object of fanatical exclamation in the life of the church especially in western Christianity writes general editor Robert Boak Slocum in his introduction to this stimulating collection of eighteen essays from a broad spectrum of noted authors The essays in this collection give attention to many ways of the Spirit's life and activity for salvation and healing for making Christ present in our lives and in the church for empowering our prayers and liturgies for our inspiration and gifting for transformation of the way we live for the redemption of the world and the ultimate coming of God's kingdom for the unity of our relationships with each other and God As we recognize the Spirit's activity in our traditions and doctrines our prayers and liturgies and in all aspects of the life we live we may be better attuned to the leading of the Spirit into the future of faith and our life in God *Engaging the Spirit* was first published as a special Summer 2001 edition of the *Anglican Theological Review* and is dedicated to the late Charles P Price theologian and professor at Virginia Seminary A posthumously published essay by Dr Price is a fitting and unique addition to the collection

*License to Spill* Rachel Plotnick, 2025-04-29 How everyday wetness from finger smudges sweat and spilled drinks to showering and swimming collides with consumers media devices designed to stay dry *License to Spill* investigates the everyday moments activities and spaces where media technologies and liquids collide from disastrous spilled drinks that corrode laptops and drops in the toilet that drown smartphones to the greasy finger smudges and sweat droplets that sully screens and glitch smartwatches Putting historical and present day case studies in conversation Rachel Plotnick considers how people's experiences with media devices inevitably encounter wetness and yet consumers not the companies who make the devices take the blame when leaks spillages and overflows occur Along with thinking about preventive measures and device caretaking *License to Spill* examines how water resistant and waterproofed technologies through their design and marketing imagine the brawniest and hardest of users meant to punish and abuse their tough devices granting them unfettered permission to get wet Examining a long history of torture testing and hyperbolic claims of imperviousness the book demonstrates how protective designs relate to broader cultural ideas about media use as sporty luxurious excessive or messy This context is especially relevant given that the market for water resistant bags cases coatings and seals has flourished over the past decade with new rhetoric about wetness as natural and digital technologies as ever present The book pushes us to attend to both the ideals and problems that arise when designing resilient devices ranging from the right to repair movement and lawsuits over ingress protection IP ratings to obsolescence culture and work from home activities in the wake of the COVID 19 pandemic **Spectacles of Waste** Warwick Anderson, 2024-03-13 The modern bathroom is an

ingenious compilation of locked doors smooth porcelain 4 ply tissue and antibacterial hand soap but despite this miracle of indoor plumbing we still can't bear the thought that anyone else should know that our bodies produce waste Why must we live by the rules of this intense scatological embarrassment In *Spectacles of Waste* leading historian of medicine Warwick Anderson reveals how human excrement has always complicated humanity's attempts to become modern From wastewater epidemiology and sewage snooping to fecal transplants and excremental art he argues that our insistence on separating ourselves from our bodily waste has fundamentally shaped our philosophies social theories literature and art even the emergence of high tech science as we understand it today Written with verve and aplomb Anderson's expert analysis reveals how in recent years humanity has doubled down on abstracting and datafying our most abject waste and unconsciously underlined its biopolitical signature across our lives
