Snow Storm And Flood On Exmoor:

Snow, Storm and Flood on Exmoor Martin Hesp, 1999-09-01 Snow and Storm on Exmoor Jack Hurley, 1972 WeAre Family Emlyn Rees, Josie Lloyd, 2013-02-07 In affairs of the heart how far can family loyalties be stretched before they snap When Laurie Vale receives a phone call out of the blue from an aunt she never knew existed she soon discovers that everything she ever believed about her family is a lie Fifty years earlier in the idyllic coastal village of Stepmouth a forbidden love affair and a devastating flood drove the Vale family apart but now her aunt is determined that Laurie should know the truth Laurie escapes to the balmy warmth of Majorca only to find the hopes and passions buried in the past resurfacing in the present But the more she seeks to heal old wounds the more she becomes ensnared in a complex love affair of her own One that could destroy her family for good A wonderfully entertaining novel about love family and the secrets that lie just beneath The Climate of the South of Devon, and Its Influence Upon Health Thomas Shapter, 1862 the surface Climate of the South of Devon; and Its Influence Upon Health: with Short Accounts of Exeter, Torquay, Babbicombe, Teignmouth, Dawlish, Etc Thomas SHAPTER (M.D., of Exeter.),1862 Lorna Doone: a Romance of Exmoor Richard Doddridge Blackmore, 1890 Environmental Hazards in the British Isles A.H. Perry, 2023-09-20 Environmental Hazards in the British Isles 1981 offers a comprehensive account of the various hazards affecting Britain Based on a wealth of empirical data it provides a balanced perspective on phenomena that are usually presented in a sensational way by the media and then quickly forgotten A three fold methodology is suggested for the study of environmental hazards which concentrates on their incidence their causes and their frequency and their impact on both the individual and society as a whole The Transactions of the Provincial Medical and Surgical Association Provincial Disasters Ingrid Holford, 1976 Medical and Surgical Association, Worcester, 1838 The Violent Earth Frank Walter Lane, 1986 Floods Keith Smith, Roy Ward, 1998-06-29 This book is concerned with the causes and consequences of river and coastal floods and the ways in which people can respond to the flood hazard Individual chapters address issues such as floods as natural hazards impacts and interpretations of flood hazard causes spatial characteristics and form of river floods and coastal floods flood estimation flood defence flood forecasting and warning other responses including land use planning and insurance and a concluding discussion of problems policies and prospects Floods has been written by two experienced and successful authors whose complementary skills are combined to give a broad comprehensive and up to date treatment of the subject which can be used not only as a text book or learning manual but also as an authoritative reference source This has been achieved by organising and structuring the material to demonstrate the continuity and linkages between the causes and impacts of flooding and the many possible responses to the flood hazard At the same time the book ensures that discussion of each of the main themes and topics is as far as is practicable self contained. The book is timely in several aspects It addresses the topicality and universality of floods which are an increasing hazard at a time of global environmental change climate land use

population distribution etc It also offers the layman and practitioner alike a synthesis and clarification of many individual research efforts near the close of the International Decade for Natural Disaster Reduction Natural Disasters Lee Allyn Davis, 2010-06-23 Praise for the previous edition The author's straightforward informative writing style makes this book easily readable by secondary school and college students BooklistFrom the Black Plague that spread across Europ
