Girvan McKay

Snp The History Of The Scottish National Party:

SNP Peter A. Lynch,2013 Though the SNP has existed since 1934 no full length history of the Scottish National Party was written until the first edition of this book in 2002 With the SNP having governed Scotland since 2007 and with an outright majority since 2011 the long held SNP policy of an Independence Referendum is now a reality and scheduled to be held in 2014 SNP Peter Lynch,2013 **Scottish National Party (SNP) Leaders** James Mitchell,2016-09-15 By any measure the story of the Scottish National Party is an extraordinary one Forced to endure decades of electoral irrelevance since its creation in the 1930s during which it often found itself grappling with internal debate on strategy and rebellion from within its own ranks the SNP virtually swept the board in the 2015 general election winning all but three of Scotland's fifty nine seats in Westminster What's more under the current leadership of Nicola Sturgeon the SNP has never been a more important force in the landscape of British politics The leaders who have stood at its helm during this tumultuous eighty year history from Sir Alexander MacEwen to Nicola Sturgeon and Alex Salmond have steered the SNP vessel with varying degrees of success but there is no doubt that all have contributed to the shape purpose and ultimate goal of the party of government we see today The latest addition to the acclaimed British Political Leaders series Scottish National Party Leaders examines each of these senior figures for the first time and is essential reading for anyone curious about how this former fringe party evolved into a political phenomenon changing not only the face of Scottish politics but British politics as well **A short history of the SNP** Scottish National Party. Research Dept,1993 *The Scottish National Party* James Mitchell,Lynn Bennie,Rob Johns,2012 Based on an unprecedented survey of the entire membership and over 80 elite interviews The Scottish National Party is the definitive account of the nature of the SNP following its election as a party of government for the first time in its eighty year history **THE LION AND THE SALTIRE A Brief History of the Scottish National Party** Girvan McKay,2015-08-24 For most of the time that the Scottish National Party SNP has existed public attitudes towards it have ranged from indifference to hostility or bafflement Until fairly recently it was hardly taken seriously as a political grouping and was largely ignored All this changed in May 2015 when in the General Election for the Westminster Parliament the SNP won 56 of 59 seats in a historic landslide It is generally acknowledged that much of the credit for this victory goes to Scotland's chief minister Nicola Sturgeon who far outmatched any of the other political leaders in pre election debates Paradoxically it appears to have been the campaign and the aftermath of the previous referendum on Scottish Independence in which the no's won that led to a phenomenal rise in SNP membership With the defeat of the Labour and Liberal Democrat parties the SNP now replaces the latter as the third force in Westminster politics This book now looks forward to an independent democratic Scotland **Independent and Free** Richard J. Finlay,2001-01-01 This is the first comprehensive account of the formation of the Scottish National Party and it explains the peculiar circumstances in the inter war era which gave rise to this phenomenon The text fills a vacuum in one of the most under researched periods of Scottish

history while its topicality is heightened and spread by contemporary interest in European nationalism The book is essential reading for students of Scottish history British political history politics and Scottish Studies from senior school level onwards The introductory chapter examines in depth the role of the Scottish Home Rule Association in Scottish politics in the period after the First World War up to the time of its collapse and the formation of the Scottish National Party in 1928 Subsequent chapters comprise detailed accounts of the Scottish National League 1920-28 the National Party of Scotland 1928-33 the formation of the Scottish National Party the Wilderness Years 1933-39 and the impact of the SNP on Scottish political development during the Second World War The role of nationalism in Scottish political development is assessed and the author demonstrates how this period was crucial to the formation of modern Scottish nationalism and how important this development has been in determining the response of Unionist politicians

A Short History of the Scottish National Party Scottish National Party. Research Department, 1993

Generations and Nationalism Alain-G Gagnon, Luc Turgeon, 2025-09-02 Generations and Nationalism breaks new ground by placing the impact of generation and generational changes at the forefront of an investigation on the transformation of nationalist movements and the evolution of support for independence in Catalonia Quebec and Scotland The main objective of the book is to explore how a focus on generations and generational change can add first to the theoretical toolkit used in the study of nationalism and second can lead to a better understanding of the recent evolution of nationalism in three internal nations Catalonia Quebec and Scotland The book is also an occasion to revisit the distinct evolution of nationalism in these three internal nations that have been the object of important comparative studies in the past and frequent comparisons in public discourses but in which nationalist movements have gone through relatively distinct transformations over the past decade The different chapters tackle nation building autonomy and self determination ethnic identity conflict and accommodation ethnonationalism irredentism and separatism and immigration naturalization and citizenship The book also is unique to the extent that it establishes a dialogue between scholars who are specialists of public opinion drawing on quantitative methods and scholars drawing on different comparative historical perspectives in sociology and political science Containing both theoretical discussions of nationalism as well as case studies and comparative analyses of nationalist movements Generations and Nationalism will be of great interest to students and scholars researching nationalism public opinion youth politics political theory and quantitative and historical methods

Scottish Nationalism Richard Finlay, 2022-04-07 For more than a decade now the issue of Scottish independence has been one of the key features in British politics and has raised questions as to the likely survival of the United Kingdom in the post Brexit era In Scotland the SNP has been in government since 2007 and has established a political hegemony that makes it the most successful political party in terms of electoral politics in Europe Yet the political philosophy of this movement has not been studied in any great depth and a number of basic questions remain unanswered such as why is the movement non violent and constitutional Why does it believe that Scotland as a nation should exercise its right to self

determination and how does it square a largely outward looking and cosmopolitan vision of society with nationalism This book answers these important questions By examining the evolution of nationalist ideas on Scottish history its relationship to the philosophy of nationalism as well as how the Treaty of Union between Scotland and England created an unusual legal and constitutional framework this book offers new insights into Scottish history and Scotland s place within the Union and relates it to wider international and imperial British history Encyclopedia of Modern Ethnic Conflicts Joseph R. Rudolph Jr.,2015-12-07 An indispensable reference that will help students understand the major ethnic conflicts that dominate the headlines and shape the modern world Since World War II significant conflicts have most often taken the form of acts of violence between ethnic or national communities inside individual states This two volume work uses case studies to explore some four dozen of those conflicts making it an ideal first stop reference for students and others who wish to quickly gain an understanding of ethnic struggles Content from the first edition is updated and new entries on recent conflicts have been added The set s geographical range which encompasses nearly every continent is matched by the diversity of the conflicts explored These include internal conflicts such as those experienced by African Americans in the United States and Muslims in France as well as separatist movements of groups like the Chechens in Russia and Bosnians in Yugoslavia Headline making conflicts for example those in Mali and Syria are covered as well The book is organized alphabetically by country and region Each essay begins with a timeline and then explores the historical background evolution efforts to manage and significance of the conflict Suggestions for follow up research and appendices of relevant primary source materials are also included

Nationalism and Social Policy Daniel Béland,André Lecours,2008-08-07 Despite the recent proliferation of literature on nationalism and on social policy relatively little has been written to analyse the possible interaction between the two Scholars interested in social citizenship have indirectly dealt with the interaction between national identity and social programs such as the British NHS but they have seldom examined this connection in reference to nationalism Specialists of nationalism rarely mention social policy focusing instead on language culture ethnicity and religion The main objective of this book is to explore the nature of the connection between nationalism and social policy from a comparative and historical perspective At the theoretical level this analysis will shed new light on a more general issue the relationships between identity formation territorial politics and social policy Although this book refers to the experience of many different countries the main cases are three multinational states that is states featuring strong nationalist movements Canada Qu bec the United Kingdom Scotland and Belgium Flanders The book looks at the interplay between nationalism and social policy at both the state and sub state levels through a detailed comparison between these three cases In its concluding chapter the book brings in cases of mono national states i e France Germany Sweden and the United States to provide broader comparative insight on the meshing of nationalism and social policy The original theoretical framework for this research is built using insight from selected scholarship on nationalism and on the welfare state *The Case for Scottish Independence* Ben Jackson,2020-07-09 Traces

the development of the ideology of modern Scottish nationalism from the 1960s to the independence referendum in 2014

New Challenges for Stateless Nationalist and Regionalist Parties Eve Hepburn, 2013-10-18 Throughout Europe stateless nationalist and regionalist parties have moved from niche actors in party systems to mainstream political players No longer the outsider in party politics these parties have successfully entered government at the regional and state levels and many have been responsible for pushing the agenda for radical constitutional change in the United Kingdom Spain Italy Belgium Germany and France However the transformation of these parties from peripheral movements to established parties of government does not come without its problems Whilst these parties were once able to focus on the single issue of self determination they have been forced to change their strategies alter their behaviour and compromise on their principles in order to succeed in an era of electoral volatility partisan dealignment and multi level governance This book explores how stateless nationalist and regionalist parties across Western Europe have responded to the twin challenges of multi level politics i e operating at the regional state and European levels and a multi dimensional policy space whereby they must articulate policy proposals alongside their territorial demands Written by leading experts in the field this is a cutting edge collection of theoretical analytical and empirical work on the challenges currently facing nationalist and regionalist parties in Europe This book was previously published as a special issue of *Regional and Federal Studies* [The Roots of Nationalism in European History](#) Andrew Sangster, 2019-07-16 This book challenges the commonly held belief that Nationalism is a recent phenomenon It surveys European history from the tribal stage to 1989 90 and concludes with a commentary on events between 1990 and the European Elections of May 2019 During this review it comments on the growth of nations across the European scene and the early signs of the various types of nationalism Nationalism demands many qualifying adjectives and this is examined as its variations occur The study explores humanity s propensities especially the sense of alienation towards those who speak another language or have a different ethnicity customs or religious belief In addition it looks at humanity s other inclinations to seek territory wealth resources power and influence These determinants it is argued form the basis of Nationalism whether it is projected by the rulers or emerges from the populace The book proposes that Nationalism is as old as the hills but became dangerously aggressive in the twentieth century and remains a serious issue **Regionalist Parties in Western Europe** Oscar Mazzoleni, Sean Mueller, 2016-08-25 Regionalist parties matter Over the past 40 years they have played an ever larger role in West European democracies Because of their relevance and temporal persistence their achievements have increasingly become visible not only in electoral arena but also as regards holding office and policy making Enhancing our understanding of these different dimensions of success this book analyses various types of regionalist party success Beyond conventional perspectives the focus of this book is also on how the dimensions of success are related to each other and in particular to what extent electoral and office success jointly or alternatively contribute to policy success Adopting a common theoretical framework and combining the in depth knowledge of country experts each chapter explores

the evolution and impact of regionalist parties in regional or federal states that is the UK Germany Italy Spain Belgium and Switzerland This allows for a comprehensive and comparative analysis of one of the main political challenges within West European democracies

The People and the Nation Reinhard Heinisch, Emanuele Massetti, Oscar Mazzoleni, 2019-11-05

The edited book brings together country experts on populism ethno territorial politics and party competition It consists of twelve empirical chapters covering seven Western European states Austria Belgium France Italy Spain Switzerland and the UK as well as four Central European states Croatia Hungary Serbia and Poland It is a collaboration by scholars from across Europe which contributes to the growing literature on populism by focusing on a relatively unexplored research agenda the intersection of territoriality ethno politics and populism Presenting an original perspective contributing experts use case studies to highlight the territorial dimension of populism in different ways and identify that a deeper understanding of the interactions between populist actors and ethno territorial ideologies is required This book will be of interest to academics researchers and students of European politics populism and ethno territorial politics

National Identity Richard R. Verdugo, Andrew Milne, 2016-06-01

National identity has been the subject of much controversy and debate Some have even suggested dropping the concept entirely One group Essentialists argue that national identity is fixed cultural based on birth and ancestry Another viewpoint is posited by Postmodernists who argue that national identity is malleable invented or imagined As alternatives some have suggested that national identity is a hybrid of both Essentialist and Postmodernist views And still others bypass this argument and suggest that national identity should be based on civic factors such as shared values and norms about citizenship While controversy and debate are healthy exercises in any science at some point order must be established if science is to proceed The present volume is based on the idea that national identity is an ideal type concept it does not completely capture reality but is used for analytic purposes In addition rather than focusing on these theoretical debates we pursue research with the idea that results from research will contribute to the field of national identity Three areas of national identity are discussed theoretical national and individual Two chapters focus on the major theories about national identity provide critiques and make suggestions about the topic In section two six chapters provide case studies of national identity on Scotland Ireland Russia Bosnia Herzegovina Germany and France In section three two case studies focus on immigrants and the challenges they face in forming their identities especially identifying with their host countries Belgium and the United Kingdom Several important conclusions may be gleaned from the contributions of the present volume To begin with while national identity is a slippery concept if the field wishes to move beyond debate about fundamentals it would be well advised to view the concept as an ideal type as suggested by the great German scholar Max Weber Secondly the case studies included in the present volume indicate that national identity is not only based on ethnicity and culture but on such external factors as governance regimes and their changes economic crises wars and other forms of aggressive activity and social demographic changes in a population These factors affect a population at the national level For

immigrants at the individual level developing national identity is greatly affected by four interrelated factors 1 the degree to which they are accepted by members of the host society 2 immigrants language skills and physical appearances 3 how well they are able to balance their host national identity their ethnic identity and acceptance of their native country 4 and their generational status Generally at the national and individual levels context and circumstances matter in developing national identity

The Nationalism of the Rich Emmanuel Dalle Mulle, 2017-12-01 Based on rigorous analysis of the propaganda of five Western European separatist parties this book provides in depth examination of the nationalism of the rich defined as a type of nationalist discourse that seeks to end the economic exploitation suffered by a group of people represented as a wealthy nation and supposedly carried out by the populations of poorer regions and or by inefficient state administrations It shows that the nationalism of the rich represents a new phenomenon peculiar to societies that have set in place complex systems of wealth redistribution and adopted economic growth as the main principle of government legitimacy The book argues that the nationalism of the rich can be seen as a rhetorical strategy portraying independent statehood as a solution to the dilemma between solidarity and efficiency arisen in Western Europe since the end of the Glorious Thirties It further suggests that its formation can be best explained by the following combination of factors 1 the creation from the end of the Second World War of extensive forms of automatic redistribution to a scale previously unprecedented 2 the beginning from the mid 1970s of an era of permanent austerity exacerbated in specific contexts by situations of serious public policy failure 3 the existence of national cultural cleavages roughly squaring with uneven development and sharp income differentials among territorial areas of a given state

The Scottish Independence Referendum Aileen McHarg, Tom Mullen, Alan Page, Neil Walker, 2016-06-30 The September 2014 Scottish independence referendum was an event of profound constitutional and political significance not only for Scotland but for the UK as a whole Although Scottish voters chose to remain in the UK the experience of the referendum and the subsequent political reaction to the No vote that triggered significant reforms to the devolution settlement have fundamentally altered Scotland's position within the Union The extraordinary success of the Scottish National Party at the 2015 General Election also indicates that the territorial dimension to UK constitutional politics is more prominent than ever destabilising key assumptions about the location and exercise of constitutional authority within the UK The political and constitutional implications of the referendum are still unfolding and it is by no means certain that the Union will survive Providing a systematic and academic analysis of the referendum and its aftermath this interdisciplinary edited collection brings together public lawyers political scientists economists and historians in an effort to look both backwards to and forwards from the referendum The chapters evaluate the historical events leading up to the referendum the referendum process and the key issues arising from the referendum debate They also explore the implications of the referendum both for the future governance of Scotland and for the UK's territorial constitution drawing on comparative experience in order to understand how the constitution may evolve and how the independence debate may

play out in future

Snp The History Of The Scottish National Party Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Snp The History Of The Scottish National Party PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Snp The History Of The Scottish National Party PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Snp The History Of The Scottish National Party free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Snp The History Of The Scottish National Party Books

1. Where can I buy Snp The History Of The Scottish National Party books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
