So I Went:

The Ozone Is Gone and So Went Racism Isaiah Whitfield, 2012-09 This story began in 2015 in a country that is divided politically socially and economically Sound familiar So consequently the national government is paralyzed to act on anything Suddenly the ozone depletion rates reached a critical level that allows a flood of ultraviolet light upon the planet causing millions of skin cancer deaths and suffering The ultraviolet rays become so intense that it causes genetic mutations in newborn children But what is unique about this man made natural disaster is that it only affects people with lighter skin and people of European descent The nature of the crisis forces people of European descent people with lighter skin and all the people of the world to re examine long hailed prejudices regarding people with very dark skin The ozone depletion crisis of death and great destruction becomes the instrument in which racism is addressed for once and for all There is something mysterious about when humans go through death and destruction it seems to bring the very best out of humanity more love more caring for one another Likewise through the ozone crisis a crisis that affects skin color becomes the catalysts in which racism is forever destroyed See how the ozone depletion problem leads mankind to better racial understanding and the brotherhood of all mankind is boldly proclaimed in all his public discourses as a result of the crisis It is my most fervent hope that humanity will realize that we are truly our brother's keeper May mankind be elevated to the highest level of consciousness without death and destruction forcing him in that direction However I fear that our time as a species for getting it right is running out IF we continue to remain deaf to our higher ideals that calls upon us to reflect the goodness of humanity under the best of social and environmental circumstances then I fear intervention by a higher power GOD nature or fate will surely confront us with some sort of catastrophe that will compel whatever goodness we have inside of us to come to the surface of our consciousness We must not wait for another catastrophe to force righteousness out of us THIS book THE Ozone is gone and so went racism tells us a story about a time when disastrous circumstances forces mankind to elevate his RACE CONSCIOUSNESS TO THE HIGHEST LEVEL **The Works of Daniel Defoe** John Keltie, 2023-04-27 Reprint of the original first published in 1872 So Few Got Through Martin Lindsay, 2008-06-20 This classic WWII memoir by the distinguished commander of the 1st Battalion Gordon Highlanders recounts their harrowing exploits in Normandy As part of the 51st Highland Division the 1st Battalion Gordon Highlanders part of the 51st Highlander Division took part in the D Day invasion of Normandy By the time the British infantry unit reached Bremen the following April after ten months continuous fighting the 1st Gordons had lost 75 officers and 986 men in battle So few got through but amongst them was Martin Lindsay Lindsay an author and former polar explorer commanded the Battalion in 16 operations Wounded in battle and mentioned in dispatches he was awarded the DSO His epic story takes readers inside the life of a regimental officer and along the harrowing path to victory Through his vivid recounting we follow the 1st Gordons from Normandy through the orchards of Calvados and across the mudflats of Holland along the Ardennes the Siegfried Line Break through the crossing of the Rhine
