Shelford, 2023-10-05 Exploring the intersection of Enlightenment ideas and colonial realities amongst White male colonists in the eighteenth century French and British Caribbean A Caribbean Enlightenment recovers a neglected aspect of the region's history Physicians to planters merchants to publishing entrepreneurs were as inspired by ideologies of utility and improvement as their metropolitan counterparts and they adapted enlightened ideas and social practices to understand their place in the Atlantic World Colonists collected botanical specimens for visiting naturalists and books for their personal libraries They founded periodicals that created arenas for the discussion and debate of current problems They picked up the pen to complain about their relationship with the home country And they read to make sense of everything from parenting to personal salvation to their new societies and the enslaved Africans on whom their prosperity depended Ultimately becoming enlightened was a colonial identity that rejected metropolitan stereotypes of Caribbean degeneracy while validating the power to enslave on a cultural basis

The Romantic Legacy of Paradise Lost Jonathon Shears, 2009 The Romantic Legacy of Paradise Lost offers a new critical insight into the relationship between Milton and the Romantic poets Shears devotes a chapter to each of the six major Romantics contextualizing their misreadings of Milton s

Paradise Lost within a range of historical aesthetic and theoretical contexts Shears argues that the Romantic inclination towards fragmentation and a polysemous aesthetic leads to disrupted readings of Paradise Lost that obscure the theme or warp the grain of the poem Engaging Students in Socially Constructed Qualitative Research Pedagogies, 2022-05-20 This volume is an innovative practical contribution to the developing field of qualitative research pedagogy It is also applicable more broadly to the active teaching in higher education Based upon constructionist tenets this book contains three parts that offer strategies and approaches to actively engage students in qualitative inquiry Chapter authors with roots in six countries United States Lithuania Canada Israel China and Russia offer practical and creative strategies and theoretical foundations for engaging students in active learning of research The book will be of interest for instructors who wish to enhance their pedagogy and creativity in teaching and for students who will appreciate the inclusion of students assignments and authentic scenarios through which instructors support students in student learning and doing of qualitative research Dead Barry L. Callen, 2023-02-14 People readily form religious beliefs out of their imaginations fears fantasies and bloated egos The paranormal is now nearly the norm in the world of popular entertainment threatening traditional systems of belief Are today s walking dead real zombies Are the aliens actually here What s keeping you awake at night Are masses of overscheduled and frustrated people spiritually deceased even though still breathing Who s lurking in the shadows demons of destruction a loving God seeking our highest well being or nothing but our twisted imaginations How we fragile humans long for safety ecstacy community meaning and salvation We must beware however Numerous charlatans have it all for sale By contrast there still is the man Jesus who has paid the highest of prices and is offering all we need as a free gift In him insists the Christian faith death has died and we ve been set free to be possessed by the Spirit of Jesus thus becoming the living dead Receiving this gift takes faith of course but faith not contrary to reason In fact it may be the most reasonable and satisfying thing we could ever do Dancing around the Well Eric M. MacPhail, 2014-08-28 This study examines the transmission and transformation of commonplace wisdom in Renaissance humanism by tracing a series of filiations between classical sayings anecdotes and exampes and Renaissance poems essays and fictions The circulation of commonplaces can be understood either as a process of reanimation and revitalization where frozen sayings thaw out and come to life or conversely as a process of immobilization and incrustation that petrifies tradition The paradigmatic figure for this process is the proverbial dance around the well which expresses both the danger and the compulsion of borrowed speech The United Presbyterian Magazine ,1882 The Saturday Review of Politics, Literature, Science and Art, 1860 The Ethical World Proverbs John W. Miller, 2004-11-16 The uniqueness of this commentary is its detailed first time uncovering of ,1911 evidence that there were two editions of Proverbs the first in the time of Solomon and the second in support of King Hezekiah s historic religious reforms In this light heretofore puzzling features of the book s design purpose and message are clarified in this light and the book s relevance for its time and ours greatly enhanced The Twentieth Century ,1924 The

Nineteenth Century and After ,1924 **Theorizing Communication** Robert T. Craig, Heidi L. Muller, 2007-04-05 Presents the collection of primary source readings built around the idea that communication theory is a field with an identifiable history and has developed within seven main traditions of thought the rhetorical semiotic phenomenological cybernetic sociopsychological sociocultural and critical traditions The Economy of Character Deidre Lynch, 1998-05-13 At the start of the 18th century literary characters referred as much to letters and typefaces as it did to persons in books However this text shows how by the 19th century readers used transactions with characters to accommodate themselves to newly commercialized social relations An Angels' Guide to Working with the Power of Light Laura Newbury, 2011-10-28 Born out of the author's cry for help and the surprise at receiving an answer from angels come these inspirational channelled messages giving guidance and answers to guestions that are universal to all mankind The angels made it clear that their words in print carry the essence of the divine positively affecting all who read them The methods and techniques given by the angels to heal physical and mental pain in answers to the author s questions are in fact answers to issues we all face at this time The key theme throughout the angels messages is Transformation Transformation from Fear Despair and Ill Health to Joy Abundance Happiness and Well being by following the Truth of our Hearts by the Power of our Minds by Forgiveness of ourselves and others and through Gratitude and Trust This book is not a story but a guide to self empowerment through the power of light and love A power which transforms as it did for the author all that is negative and dark to all that is positive and light 1913, Fame
