**So There** Robert Creeley, 1998 Combining three earlier sets of the poet's work this collection allows readers to follow along in his journey through life's rites of passage across an eighteen year span during which his experiences profoundly affected his writings Original [The Collected Poems of Robert Creeley, 1975-2005](#) Robert Creeley, 2008-06-03 The subtlest feeling for the measure that I encounter anywhere except in the verses of Ezra Pound William Carlos Williams It is a study how Creeley lands syntax down the alley and his vocabulary pure English to hit meters and rhymes all of which are spares and strikes Charles Olson Robert Creeley has created a noble body of poetry that extends the work of his predecessors Pound Williams Zukofsky and Olson and provides like them a method for his successors in exploring our new American poetic consciousness Allen Ginsberg His succinctness is like the unfettered flashing of a diamond John Ashbery Robert Creeley was one of the great giants of 20th Century American poetry This collection is his monument Paul Auster American poetry is unimaginable and happily unknowable without Creeley Andrei Codrescu author of it was today new poems Creeley is a touchstone for me a measure of what poetry is He is a genius of the sensorium as Kerouac was and a master of the ear as is Miles Davis He is a carver in space like Van Gogh Michael McClure There is no poetry more vivid immediate or telling than Robert Creeley's His Collected Poems extends the achievement of Dickinson Whitman and Williams into postwar America Creeley's excavation of particular words images and sentiments resonate beyond the pages of this book into the fabric of everyday life This is American invention at its best as necessary as the air we breathe and the ground we walk on Charles Bernstein It isn't what a poet says that counts as a work of art William Carlos Williams once wrote it's what he makes with such intensity of perception that it lives with an intrinsic movement of its own to verify its authenticity I can't think of another contemporary poet whose acute sensitivity to the particular event of making and in poetry making includes breaking each written line is as consummately fine tuned as Robert Creeley's Susan Howe He was the main support in the old house of poetry the main beam C D Wright Brown University alumni newsletter There is no poet like Creeley His multiple subjectivities and magic syllables have kept us curious and honest Never a false step never a less than tender heart for the sound and the brilliant cognitive often fierce power therein What a glorious long life in writing These late poems keep the brilliant tempo We are very lucky he is still so much among us Anne Waldman Robert Creeley transformed the momentary spontaneous music of being alive into a profoundly enduring American art brilliant necessary impeccably scored He made it new for always Peter Gizzi **The Collected Poems of Robert Creeley, 1945-1975** Robert Creeley, 2006 A collection of Creeley's work gathered from obsolesced collections small press booklets and little mags Here one can trace the development of his poetry from its early break with the Eliot Auden tradition to the development of his own distinct voice in the middle poems such as Words and Pieces known for their precise terse and almost minimalist language as well as his return to the more direct concern for love and humanity Restores to print For Love The Charm In London His Idea Thirty

that sympotic lyric focuses on the same basic behaviors and values to construct social identities regardless of the content or subgenre of the poems in question The volume also argues that the performance of identity depends on the context as well as the material of performance Furthermore the book demonstrates that sympotic lyric overwhelmingly prefers to use identity rhetoric that insists on the inherent sameness of group members All non English text and quotes are translated with the original languages given alongside the translation or in the endnotes

*The Routledge Companion to Australian Literature* Jessica Gildersleeve, 2020-12-22 In recent years Australian literature has experienced a revival of interest both domestically and internationally The increasing prominence of work by writers like Christos Tsiolkas heightened through television and film adaptation as well as the award of major international prizes to writers like Richard Flanagan and the development of new high profile prizes like the Stella Prize have all reinvigorated interest in Australian literature both at home and abroad This Companion emerges as a part of that reinvigoration considering anew the history and development of Australian literature and its key themes as well as tracing the transition of the field through those critical debates It considers works of Australian literature on their own terms as well as positioning them in their critical and historical context and their ethical and interactive position in the public and private spheres With an emphasis on literature's responsibilities this book claims Australian literary studies as a field uniquely positioned to expose the ways in which literature engages with produces and is produced by its context provoking a critical re evaluation of the concept of the relationship between national literatures cultures and histories and the social function of literary texts

**Politics and Public Space in Contemporary Argentine Poetry** Ben Bollig, 2016-10-06 This book addresses the connection between political themes and literary form in the most recent Argentine poetry Ben Bollig uses the concepts of lyric and state as twin coordinates for both an assessment of how Argentinian poets have conceived a political role for their work and how poems come to speak to us about politics Drawing on concepts from contemporary literary theory this striking study combines textual analysis with historical research to shed light on the ways in which new modes of circulation help to shape poetry today
