Sochinenia Kniga Xii:

Applied Language Learning ,2010 *On Socialist Democracy* Roy Aleksandrovich Medvedev,1977 From within the Soviet Union a critique of the Soviet political system by the celebrated dissident scholar *Пушкинский Журнал* ,1993

Mimesis Valery Podoroga,2024-07-02 The Russian Revolution was a literary as well as political upheaval With a focus on the revolutionary works of Andrei Platonov and the futurist collective OBERIU leading Russian literary thinker Valery Podoroga shows how profoundly the Soviet experiment overturned the traditional expectations of fiction and poetry The production of this groundbreaking new work was inextricably interwoven with the political and historical debates of the time This volume expands on Podoroga's critical exploration of the analytic anthropology of literature Here he delves into the ways literature can be used in world building both in terms of what happens inside the narrative and how it reflects the external world He explores the function of the work outside of its time both as a means to project itself into the future and as a document of a former age How are we to read the past through these works of the imagination With an introductory essay from the author's daughter Ioulia Podoroga *Sochineniya* Nikolai Vasilevich Gogol,1893 **Devastation and Laughter** Annie G rin,2018-01-01 In *Devastation and Laughter* Annie G rin explores the use of satire in the visual arts the circus theatre and cinema under Lenin and Stalin G rin traces the rise and decline of the genre and argues that the use of satire in official Soviet art and propaganda was neither marginal nor untheorized The author sheds light on the theoretical texts written in the 1920s and 1930s by Anatoly Lunacharsky the Soviet Commissar of Enlightenment and the impact his writings had on satirists While the Avant Garde and Socialist Realism were necessarily forward looking and utopian satire afforded artists the means to examine critically past and present subjects themes and practice *Devastation and Laughter* is the first work to bring Soviet theoretical writings on the use of satire to the attention of scholars outside of Russia By introducing important bodies of work that have largely been overlooked in the fields of art history film and theatre history Annie G rin provides a nuanced and alternative reading of early Soviet art **Sochineniya v proze i stikhakh. Izd** Konstantin Nikolaevich Batyushkov,1834 **Gibran, Rihani & Naimy** Aida Imangulieva,2010-04-01 Originally published in Russian during the final years of the Soviet Union this volume examines the influences of foreign literary movements specifically Romanticism and Realism on the three authors examined within By viewing Gibran and Rihani's works in the light of English poets such as Wordsworth Byron and Shelley and American writers such as Emerson and Whitman and by exploring Naimy through the lens of the Russian Realist tradition drawing parallels specifically with the work of Belinsky Tolstoy Turgenev and the Chekhovian tradition this work provides an unusual window into the Arab world's cultural interaction with Europe America and Russia in the early 20th century At the same time it reaches beyond its academic scope and reveals universal elements that speak to all people and go beyond cultural frameworks altogether *Zhivago's Children* Vladislav Martinovich Zubok,Vladislav Zubok,2011-11-30 This is an in depth history of the cultural and intellectual evolution of the intelligentsia in
