CORPORATION FORMATION

ENBPV

CORPORATION

Is an artificial being created by operation of law having the right of succession, and the powers attributes and properties expressly authorized by law or incident to its existence (**Section 2 of Revised Corporation Code, R.A. 11232**)

- Generally composed of of 5 or more owners, but a corporation can now be incorporated with one owner (**One Person Corporation**)

CHARACTERISTICS:

1. SEPARATE LEGAL EXISTENCE

- A corporation has a "juridical personality of its own separate and distinct from the shareholders. It can act on its own name wherein it can enter into contracts, sue and be sued , have its own assets and liabilities under its own name.
- "An entity that is created by law and granted with rights and responsibilities.

2. CREATED BY OPERATION OF LAW

- A corporation is created by law (*Revised Corporation Code or R.A. 11232*) which authorizes and regulates its existence. It is not created by mere agreement by the parties who want to organize a corporation. In order for a corporation to be established, the rules and regulations in the *RA. 11232* must be strictly followed.

3. RIGHT OF SUCCESSION/ PERPETUAL LIFE

- A corporation can exist continuously regardless there is a death, withdrawal or incapacity of shareholders and regardless of the transfer or sale of shareholder of its shares. **Based of the Revised Corporation code the life of a corporation is perpetual, meaning it can exist continuously without any limitations unless base on their articles of incorporation otherwise.** Before, based on the *Old Corporation code*, the corporate life of a corporation is for a period not exceeding 50 years at a time from the date of incorporation, however this may be extended, by amending the articles of incorporation for periods not exceeding 50 years.

4. Powers, attributes and properties expressly authorized by law or incident to its existence.

A corporation is granted by the *Revised Corporation Code* the powers which are:

a.) Express powers – powers granted by the laws (*R.A. 11232/ Special laws*) or enumerated in the articles of incorporation.

Example of express power is the power to extend or shorten corporate term of a private corporation when approved by a majority vote of the board of directors and ratified by at least 2/3 of the outstanding shareholders indicated in the articles of incorporation.

b.) Incidental powers – powers which are necessary for corporate existence and which can be exercised.

First regionalized social accounting matrix for Egypt: A 2015 nexus project social accounting matrix

Randriamamonjy, Josée,Raouf, Mariam,Thurlow, James,2019-09-07 The Central Agency for Public Mobilization and Statistics CAPMAS is pleased to present the first regionalized social accounting matrix SAM for Egypt This SAM marks a major milestone in localizing development research and policy in Egypt and is expected to be most valuable for the development implementation and assessment of Egypt s national and local development plans like Egypt s Sustainable Development Strategy 2030 In addition to standard SAMs which combine many national datasets from institutions such as Central Banks Ministries of Finance and Agriculture and Statistical Bureaus this regionalized SAM makes extensive use of sub national level information such as the Economic Survey and Household Income and Expenditure Survey HIECS produced by CAPMAS regional GDP estimates by the Ministry of Planning Monitoring and Administrative Reform and the Agricultural Bulletins with information at the Governorate level produced by the Ministry of Agriculture and Land Reclamation With this data it becomes possible to provide a detailed socioeconomic status update for different regions within Egypt As such the disaggregated SAM allows for analyzing developmental issues at regional level and to better understand the potential impacts of policy changes at the local level

Regionalized Social Accounting Matrix for Yemen: A 2014 Nexus project SAM Raouf, Mariam,Randriamamonjy, Josée,Engelke, Wilfried,Kebsi, Tarek Al,Tandon, Sharad A.,Wiebelt, Manfred,Breisinger, Clemens, A Social Accounting Matrix SAM is a representation of an economy that shows the circular flow of all transfers and real transactions between sectors and institutions The SAM which is a square matrix describes the flows of incomes from activities taking the form of factor remunerations that are consequently received by the households for consumption on goods and services The accounts in the SAM are the production activities commodities institutions and factors of production According to data availability the production activities can be further disaggregated to include more detailed information on sub sectoral or regional production Similarly the factors of production could be differentiated by the level of skills or the location of employment Households can be disaggregated by income quintiles or by rural and urban residence

A post-separation Social Accounting Matrix for the Sudan Siddig, Khalid,Elagra, Samir,Grethe, Harald,Mubarak, Amel,2018-02-24 The 2012 Social Accounting Matrix SAM for the Sudan with a special focus on agriculture water and energy is built using data from domestic sources in the Sudan including the Central Bureau of Statistics the Ministry of Agriculture the Ministry of Finance and Economic Planning and the Central Bank of Sudan besides other external sources Major data sets used include the 2012 National Accounts and Trade Statistics of the CBS the 53rd Annual Report of the Central Bank of the Sudan the 2011 Labor Force Survey the 2009 Household Income and Expenditure Survey the 2009 2012 Agricultural Production Cost Survey and the 2005 Industrial Survey Data from external sources are used to complement national sources

These sources include IMF studies on government finances FAO reports and data on agriculture and ILO reports on labor The SAM distinguishes between agricultural activities based on modes of irrigation energy based on its major source and water based on modes of production and types of uses Land is divided into irrigated and non irrigated while natural water resources are added in a separate account Households are categorized by state location rural and urban and income quintiles Labor accounts are differentiated based on location rural and urban skill level and gender *Handbook of Sustainability-Driven Business Strategies in Practice* Markovic, Stefan,Sancha, Cristina,Lindgreen, Adam,2021-12-07 Sustainability is a top priority for organizations and a key strategy in corporate agendas but the effective deployment of any strategy demands that the strategy is consistent functional and aligned This Handbook advocates sustainability strategies that encompass environmental social and economic dimensions at department level **New Social Accounting Matrix for Jordan: A 2015 Nexus project Social Accounting Matrix** Raouf, Mariam,Randriamamonjy, Josée,Elsabbagh, Dalia,Wiebelt, Manfred,2021-02-06 This new Social Accounting Matrix SAM for Jordan is a snapshot representation of the Jordanian economy in which productive activities factors of production and economic transactions between the main agents including households government and the rest of the world are illustrated in a circular flow It has been constructed using IFPRI s Nexus format which uses common data standards procedures and classification systems for constructing and updating national SAMs This new SAM for Jordan is expected to be an important dataset for the Arab Agricultural Investment for Development Analyzer AIDA which is tool based on computable general equilibrium CGE model analyses AIDA was developed to inform national and regional development strategies by providing evidence on the impact of agricultural investments on economic development *Handbook of Accounting, Accountability and Governance* Garry D. Carnegie,Christopher J. Napier,2023-10-12 This Handbook explores how accounting accountability and governance are interconnected and demonstrates that they must operate effectively together in establishing good personal and organizational behaviour in entities of all types around the globe It will be crucial for academic researchers working within the fields of accounting economics corporate governance accountability management and business and be beneficial for accounting economics and management professionals seeking to clarify and expand upon their knowledge for effective application Corporate Social Responsibility, Accountability and Governance Istemi Demirag,2018-10-08 The business case for corporate social responsibility which suggests that socially and environmentally aware companies can expect to reap financial rewards is seemingly gaining widespread acceptance within the business community This is particularly apparent in the ever increasing number of prominent companies parading their social ethical and environmental credentials by producing paper or web based social and environmental or sustainability reports In so doing reporting companies claim they are demonstrating a clear commitment to transparency and accountability to their key stakeholder groups However in the prevailing voluntaristic business case centred climate within which such initiatives are taking place little thought appears to

have gone into the question of how stakeholders other than the capital provider group can actually use corporate disclosures offered in order to hold management accountable for the social and environmental consequences of their actions While much corporate rhetoric abounds concerning notions of stakeholder dialogue and engagement rigorous analysis of the governance implications of their claimed commitment to the principles of corporate social responsibility is largely conspicuous by its absence Corporate Social Responsibility Accountability and Governance seeks to explore this missing link between CSR and associated reporting initiatives and governance mechanisms that are capable of embracing true stakeholder accountability A wide range of case studies drawing on experiences of both public and private sector initiatives in Europe the United States Canada South America and Asia offer insightful analysis of the complex relationships between the state the market and civil society in the development of CSR accountability and sustainable development The book employs a multidisciplinary perspective in order to analyse the political social economic technological legal and organisational shaping of CSR The complexities underpinning the concept are thereby clearly drawn out and the gross oversimplifications inherent in the prevailing consultancy driven business case literature painfully exposed Above all the book offers a sound practically and theoretically informed contribution to public policy debate and reflects and builds on urgent calls from public and private sector policy makers as well as academics to develop better governance and accountability frameworks for business to deal with the imperatives of social responsibility sustainable development and ethics This book is divided into five parts In Part 1 the complex concepts of responsibility accountability and governance are discussed and in particular the presumed relationships between the state the market and civil society in improving accountability and governance are explored and critiqued Part 2 consists of chapters relating to corporate social responsibility and stakeholder theory Part 3 is concerned with empirical studies covering governance structures networking and corporate social responsibility Part 4 deals with corporate governance and its implications for regulators and civil society Part 5 discusses multinational companies and how they impact on national governance regimes Finally a summary is provided with emerging international patterns of accountability and governance structures Corporate Social Responsibility Accountability and Governance will be essential reading for public and private policy makers and practitioners and academics interested in how CSR can become more than a soundbite and rather a substantial force for better global corporate governance and accountability
