

## DIFFERENCES BETWEEN RURAL AND URBAN COMMUNITIES

Rural people are different from those living in urban areas. These differences are mainly due to the environment and its consequent impact on the lives of the people

| S.No | Item of comparison                            | Rural community  | Urban community   |
|------|---|--|---|
| 1.   | General environment and orientation to nature | Closely associated with nature. Direct effect of natural elements like rains, drought, heat, etc, on their lives | Remote from nature. Predominance of man-made environment                  |
| 2.   | Occupation                                    | Major occupation is farming. Non-agricultural occupations are secondary in importance                            | Most of the jobs are non-agricultural and specialized                     |
| 3.   | Working conditions                            | Being <b>agriculture</b> work in open air  | Work in closed environment. Greater isolation from nature. Poor fresh air |

**Party and Factional Division in Texas** James R. Soukup, Clifton McCleskey, Harry Holloway, 2014-09-10 Here is the first attempt by scholars to make a comprehensive analysis of voting patterns in Texas Examining the results of fourteen elections from 1946 through 1962 and organizing a vast fund of statistics relative to Texas political parties and voters the authors have laid a solid groundwork for further studies in this field The previously ineffectual Texas Republican Party made great strides in the twentieth century and became a competitor in state as well as national races Specifically the authors maintain that Texas in the 1960s was a one and two thirds party state Within the Democratic Party factions analogous to warring camps immensely complicated the political struggle Although the conservative elements within the Democratic Party still had a slight edge growing liberal strength forced them to moderate their policies and tactics The authors also contend that there were significant changes in the nature of the issues and the modes of political operation Though some of the old motivations and tactics lingered on in less significant rural areas friendship oriented campaigns appealing to regional and family like sentiments were being quickly replaced by an organized politics in which political activists made strong ideological appeals to economic and social interests The Republicans the conservative Democrats and the liberal Democrats are each analyzed in relation to regionalism demography ethnic elements and the economic system in Texas and the history present status and future prospects of these factions are discussed in detail Of special interest are the last two chapters which analyze the 1962 elections and their bearings on evolving patterns of competition The developments within the Republican Party and its challenge to the traditional Democratic Party are seen in the perspectives of the growing importance of minority groups and the impact of urbanization All those interested in Texas politics and the history of the rise of the Republican Party in the state will find this study indispensable for an intelligent appraisal of historical developments Annual Report Russell Sage Foundation, 1948 **Census of Population, 1960, Michigan** United States. Urbanization is one of the most important phenomena in economic development In the past three decades Asian urban populations expanded by almost one billion a figure expected to double in the next three decades Clearly both the scale and pace of urbanization in Asia is unprecedented in human history and will dominate the global urbanization landscape Asia's urbanization in turn is dominated by what is happening in China and India the two most populous fastest growing economies in the world Cities of Dragons and Elephants Urbanization and Urban Development in China and India aims at addressing the two most fundamental issues of urbanization why and where to urbanize Contributed by a team of top experts from both countries it uses original research to explore both the speed and scale of urbanization and urban systems or spatial distribution of urbanities in different sized cities It examines various drivers of urbanization alongside the benefits and costs

and the role of markets governments and NGOs Cities of Dragons and Elephants presents evidence based policy suggestions regarding the labor market the land and housing market FDI and the capital market education environment poverty and inequality It uses the similarities between India and China to draw conclusions and implications of enormous relevance to many governments and institutions in Asia and beyond *The Urban Experience* Claude S. Fischer,1976 **Seventeenth Decennial Census of the United States: 1950** United States. Bureau of the Census,1951 Poverty and Place Paul A. Jargowsky,1997-02-06 An alarming report a rigorous study packed with charts tables 1990 census data and Jargowsky s own extensive field work His careful analysis of enterprise zones job creation strategies local economic development schemes and housing and tax policies rounds out an essential handbook for policy makers a major contribution to public debate over ways to reverse indigence Publishers Weekly A data rich description and a conceptually innovative explanation of the spread of neighborhood poverty in the United States between 1970 and 1990 Urban scholars and policymakers alike should find Jargowsky s compelling arguments thought provoking Library Journal A powerful book that allows us to really understand how ghettos have been changing over time and the forces behind these changes It should be required reading of anyone who cares about urban poverty David Ellwood Malcolm Wiener Professor of Public Policy John F Kennedy School of Government Harvard University *Poverty and Place* documents the geographic spread of the nation s ghettos and shows how economic shifts have had a particularly devastating impact on certain regions particularly in the rust belt states of the Midwest Author Paul Jargowsky s thoughtful analysis of the causes of ghetto formation clarifies the importance of widespread urban trends particularly those changes in the labor and housing markets that have fostered income inequality and segregated the rich from the poor Jargowsky also examines the sources of employment that do exist for ghetto dwellers and describes how education and family structure further limit their prospects *Poverty and Place* shows how the spread of high poverty neighborhoods has particularly trapped members of poor minorities who account for nearly four out of five ghetto residents *Poverty and Place* sets forth the facts necessary to inform the public understanding of the growth of concentrated poverty and confronts essential questions about how the spiral of urban decay in our nation s cities can be reversed **Library List** National Agricultural Library (U.S.),1949 **Research in Education** ,1969 *The Eighteenth Decennial Census of the United States* United States. Bureau of the Census,1960 China Urbanizes Tony Saich,2008 Over the next 10 15 years Chinas urbanization rate is expected to rise to well over 50% adding an additional 200 million mainly rural migrants to the current urban population of 560 million How China copes with such a large migration flow will strongly influence rural urban inequality the pace at which urban centers expand their economic performance and the urban environment This volume identifies the key developments to watch and discusses the policies which would affect the course as well as the fruitfulness of change *Poverty in Transition Economies* Sandra Hutton,Gerry Redmond,2013-01-11 This study addresses the experience of and responses to poverty in a range of transition economies including Russia Ukraine Hungary Slovenia
