Prifti, 1976 **Albania at War, 1939-1945** Bernd Jürgen Fischer, 1999 The Second World War in Europe has generated more literature than perhaps any other event in modern history Much of the interest has focused on military history occupation policy puppet governments and resistance movements in Europe's principal states Often ignored in this flood of material however are the small nations of southeastern Europe Yet in the small states the human suffering was no less profound the destruction no less devastating the heroism no less laudable the treachery no less despicable and the impact no less profound Albania at War reviews the most important developments in Albania from the Italian invasion of the country in 1939 to the accession to power of the Albanian Communist Party and the establishment of a people's democracy in 1946 Fischer analyzes in great detail Italian goals and objectives in Albania and explains the eventual failure of Rome's policy the subsequent German invasion of the country against the Axis Powers This unique path breaking book provides a vigorous and thought provoking analysis of competing external interests in Albania and explores the great
